PART VI.—Bills introduced in Parliament of India; Reports of Select Committees presented to Perliament: and Bills published before introduction in Parliament

LOK SABHA

The following Bill was introduced in Lok Sabha on the 14th March, 1968:—

BILL No. 13 OF 1968

A Bill to amend the Commissions of Inquiry Act, 1952.

Be it enacted by Parliament in the Nineteenth Year of the Republic of India as follows:—

Short title and Commencement.

1. (1) This Act may be called the Commissions of Inquiry (Amendment) Act, 1968.

(2) It shall come into force on such date as the Central Government may, by notification in the Official Gazette, appoint.

Amendment of section 3.

60 of 1952.

2. In section 3 of the Commissions of Inquiry Act, 1952, to sub-section (1), the following further proviso shall be added, namely:—

> "Provided further that where the Central Government appoints a one-man Commission for the purpose of making an inquiry into any definite matter of public importance with reference to any member of the Council of Ministers of the Union or of any State, then such Commission shall consist of only a sitting or retired Judge of the Supreme Court of India."

STATEMENT OF OBJECTS AND REASONS

The Commissions of Inquiry Act, 1952, was enacted in order to authorise the Government to appoint an inquiring authority on any matter of public importance, whenever considered necessary or when a demand to that effect is made in the House of the People or in Legislative Assembly of a State. If such an enquiry is with reference to any member of the Council of Ministers of the Union or of any State, then it is of much public importance and in order to inspire confidence it would be in fitness of things to entrust the same only to a person who has worked or is working as a Judge of the Supreme Court of India. Such entrustment is desirable inasmuch as a sitting or retired Judge of the Supreme Court can have no higher appointment or promotion whereas the possibility of allurement or of an offer of promotion to higher appointment cannot be ruled out for a person of a lesser status. With this object in view the appropriate amendment in the aforesaid Act is desirable.

Hence this Bill.

AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. Wesman Engineering (P) Ltd., 41 Dmu Dum Road, Calcutta-28, and their workmen represented by Wesman Engineering Workers' Union, 24 H. L. R. Road, Calcutta-28, to this court by its order No. 4580-I.R./IR/10L-111/66, 14th September 1967, under section 10 of the Industrial Disputes Act, on the following issue :

Issue :

> Whether the termination of service of Shri Ramlal Koiri justified ? What relief including reinstatement he is entitled to ?

Usual notices were served upon the parties directing them to appear on 6th December 1967, and the union to file its written statement by that date. Both parties appeared on that date and the union filed its written statement. The Opposite Party-Company filed a letter of authority authorising Shri S. K. Arthane, Shri O. N. Varma and Shri S. R. Singh, Officers of the Engineering Association of India, to represent its case. The Opposite Party-Company was directed by my order No. 2, dated 6th December 1967, to file its written statement by 26th December 1967. The Opposite Party-Company did not file any written statement on that date and by my order No. 3, dated 26th December 1967/29th December 1967, 22nd January 1968, was fixed for filing writteen statement by the Opposite Party-Company, on which date the Opposite Party-Company filed its written statement. The case was fixed for hearing on 21st May 1968, by my order No. 7, dated 16th April 1968. The Union was absent on that date and the Opposite Party-Company filed a petition for adjournment. Prayer was allowed by my order No. 8, dated 21st May 1968, fixing 28th June 1968, for hearing. The Opposite Party-Company was present on that date, but the Union was absent and by my order No. 9, dated 28th June 1968, the case has been fixed for hearing on this date. The Union is absent even on this date though the Opposite Party-Company is present. The Union is not appearing in this case since filing of written statement and has not even filed documents after the Opposite Party-Company filed its written statement. The Union has been absent on all the three dates fixed for hearing.

It seems that the Union is not interested in pursuing the present dispute. Under the circumstances, I am inclined to pass a 'no-dispute' award. A 'no-dispute' award be passed accordingly.

This is my award.

AWARD

By the Government of West Bengal, Labour Department, order No. 1125-I.R./IR/11L-74/67, dated the 28th March 1967, an industrial dispute existing between Messrs. K. B. Instrument Co. (P) Ltd., 243/2D, Acharya Prafulla Chandra Road, Calcutta-6, and their workman, Shri Manoranjan Chaudhury, Uttarpara (East), P. O. Rahara, Dist. 24-Parganas, was referred to this Tribunal under section 10 read with section 2A of the Industrial Disputes Act, 1947, for adjudication in respect of the following issue:—

Issue

Whether retrenchment from service of Shri Manoranjan Chaudhury is justified? What relief, if any, is he entitled to?

After receipt of the order of reference, usual notices were served on both parties. Company as well as the workman appeared and filed their respective written statements.

The case of the workman in his writtten statement is that the cause of the retrenchment as per retrenchment notice, Ext. 1, dated 13th July 1966, is vague and not based on truth. The workman claimed a total sum of Rs. 1,441.20 p. as campensation from the company after deducting a sum of Rs. 600 taken by him as loan, from the total sum of Rs. 2,041.20 p,. as detailed in paragraph 6 of his written statement.

The case of the company in its written statement is that the company had to decide to retrench the workman on the ground of financial difficulties. The demand of the workman as detailed in his written statement has been challenged as exorbitant.

According to the company, the retrenchment of Shri Manoranjan Chaudhury is justified. The Company also admits its liability to pay retrenchment compensation as detailed in the retrenchment notice itself.

21st December 1967 was first fixed in this case, for hearing. That day on an application of the company, the case was adjourned to 20th February 1968 for hearing. This day again, on an application filed on behalf of the company, the case was adjourned to 25th April 1968 for hearing. On 25th April 1968, the workman alone appeared. None on behalf of the company appeared on that date and I, for ends of justice, suo moto adjourned the case till 30th May 1968 for hearing. The Company again did not appear on 30th May 1968, whereas the workman was present. I again adjourned the case till 21st June 1968 for hearing. A registered notice also was issued on the company informing them that the case would be heard ex-parte on that date (21st June 1968), if the appearance is not made on behalf of the company. This notice was actually served on the company and the company appeared on 21st June 1968 and prayed for an adjournment. Their prayer was allowed and today (19th August 1968) was fixed for hearing. Today also, Shri K. Guha, Advocate, for the Company appeared and submitted that he has got no further instructions in the matter, as it was reported to him that the business of the company has been closed down. He has endorsed this fact in the order sheet. Accordingly, the case has been taken up for ex-parte hearing. The workman concerned Shri Manoranjan Chaudhury has been examined as the sole witness in this case.

The Workman in the first line of his evidence admitted that his age is at present about 69 years. He also does not pray for reinstatement in service. He further admitted in the last line of his evidence that the manufacturing business of the company is now being closed for financial reasons. The retrenchment notice Ext. 1, dated 13th July 1966, admittedly served on the workman, states that due to financial reasons the management of the company decided to issue a retrenchment notice on the workman. This reason instead of being challenged, has been admitted by the workman in his evidence. The workman further admitted in his evidence that after he joined this concern on 2nd April 1963, (vide Ext. 2 the appointment letter), none, excepting some part-time workmen, was taken by the company. So, he was the last permanent employee taken by the company and it is not disputed by the workman that he was the first man to be retrenched. On the aforesaid undisputed facts of this case, I cannot but hold that the retrenchment from service of the workman Shri Manoranjan Chaudhury is justified in this case. I thus answer the first part of the issue in the affirmative.

As regards the second part of the issue it is admitted by the workman, which is also the company's case, as appearing from Ext. 1—the retrenchment notice, that he used to get Rs. 315 per month as salary including D.A. By the retrenchment notice Ext. 1, the workman was offered one month's notice pay; one month's compensation; salary for June 1966 and salary for half the month of July 1966. After deducting Rs. 600, admittedly taken as loan by the workman from the company's fund, a sum of Rs. 472.25 p. was offered to the workman by the company. The workman, on the other hand, in paragraph 6 of his written statement claimed a sum of Rs. 1,441.20 p. after deducting the said sum of Rs. 600 as loan. The workman in his evidence has simply claimed this amount but he has not proved each and every item of his claim, as detailed in paragraph 6 of his written statement.

In the aforesaid circumstances, I allow the workman one month's notice pay of Rs. 315; 45 days' salary at the rate of 15 days' pay for each year of service as compensation (instead of one month's compensation) i.e., a sum of Rs. 472.50 n.p., Salary for June 1966 Rs. 315; and 15 days' salary for July 1966, Rs. 157.50 p., i.e., a total sum of Rs. 1,260. Now, after deducting the sum of Rs. 600 admittedly taken by the workman as loan from the aforesaid sum of Rs. 1,260, the workman, I hold, is entitled to Rs. 660 from the Company as his legal dues including the retrenchment notice. The workman's claim regarding bonus and salary for P/L is refused as not proved in the evidence.

In the result, I hold that the workman is entitled to Rs. 660 as legal dues from the company, which amount the company do pay to the workman within a month from the date of publication of this award in the calcutta Gazette.

This is my award.

AWARD

By the Government of West Bengal, in the Labour Department, order No. 2787-I.R./IR/8L-61/66, dated the 24th June 1967, an industrial dispute between Messrs. New Asiatic Hosiery Works, 11 Watkins Lane, Howrah, and their workmen represented by New Asiatic Hosiery Works Union, 3 Gangadhar Bhattacharya Lane, Salkia, Howrah, was referred to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication in respect of the following issue:

Issue

> Whether the termination of service of Shri Sunil Kumar Paul is justified? To what relief is he entitled?

After receipt of the order of reference, usual notices were served upon the parties. The Union filed its witten statement on 7th September 1967. The Company filed their written statement on 27th October 1967.

The Union in its written statement contended that the workmen concerned Shri Sunil Kumar Paul was victimised because of his taking leading part in all union activities. The management singled out the workman concern for victimisation and issued a charge-sheet, dated 3rd August 1966, containing vague and wild allegations against him. The workman submitted his written explanation. There was practically no enquiry into the charges, framed against the workman. The Company afterwards dismissed the workman from his services with effect from 29th August 1966 illegally by their letter, dated 25th August 1966. Then as the conciliation proceedings failed, the instant order of reference was made. The Company in their written statement contended that the workman started business of his own without the permission and sanction of the management; that he was habitually absent from duties; that the workman did actually leave the factory without the permission of the Manager on several dates in 1966 in violation of the terms and conditions of the agreement entered into between the management and other workers including the concerned workman Shri Sunil Kumar Paul.

It has been asserted in the written statement of the Company that the termination of the service of Shri Sunil Kumar Paul by way of his dismissal by the letter, dated 25th August 1966, with effect from 29th August 1966, must be held to be justified as he was found guilty to the allegations in the charge-sheet.

After filing of the written statements by both sides and also filing of documents by them, 6th March 1968 was fixed for hearing. On that date (6th March 1968), on an application filed by the Union, the case was adjourned to 29th April 1968 for hearing. Then the case was subsequently fixed on 3rd July 1968 for hearing. Shri Basudev Biswas appeared for the Union on 3rd July 1968, and filed a petition for adjournment. The case was then adjourned to 5th August 1968 for hearing as no objection was raised on behalf of the Company. On 5th August 1968, the representative of the Company filed another petition for an adjournment. On the other hand, the Union was ready with witnesses. But in the interest of justice, I adjourned the hearing of this case till today (13th August 1968). It was specifically ordered that the case would be taken up for ex-parte hearing, if the Company does not appear on this date. Company's representative while perusing the said order, dated 5th July 1968, signed the order-sheet. The Company does not care to appear today also, to contest this order of reference, in order to prove that the termination of service of the workman concerned Shri Sunil Kumar Paul is justified. The case has thus been taken up for ex-parte hearing, and the workman concerned Shri Sunil Kumar Paul has been examined as the sole witness in this case. Exhibit 1 is the copy of the charge-sheet, dated 3rd August 1968, proved to have been served on the workman. The following are the allegations in the charge-sheet:

> "1. Starting business without the permission and sanction of the management.
>
> 2. Habitual absence.
>
> 3 Leaving the factory without the permission of the Manager.
>
> 4. Violating the terms and conditions of the agreement, dated 12th April 1966, concluded with you."

The copy of the agreement, dated 12th April 1967, terms and conditions of which are alleged to have been violated by the Opposite Party, is Ext. 2. Exhibit 3, dated 5th August 1968, is the copy of the explanation to the charge-sheet submitted by the workman, Shri Sunil Kumar Pal. Exhibit 4 is the copy of the proceeding of the enquiry and also the enquiry report served on the workman concerned by the Company during the pendency of this order of reference before this Tribunal. Exhibit 5 is the letter of dismissal, dated 25th August 1968, by which the services of the workman Shri Sunil Kumar Paul were terminated with effect from 29th August 1966. This was admittedly served on the Opposite Party.

The workman Shri Sunil Kumar Paul stated on oath in his chief that he did not violate or did not commit any of the allegations for which the charge-sheet Ext. 1 was framed. From the ex-parte evidence of P.W. 1, it is proved that he did not commit any offence for which the charge-sheet Ext. 1 was framed against him. The Enquiry Officer of the domestic Enquiry, Shri Palakdhari Singh, it appears from Ext. 4, observed in his report, submitted to the management of the Company as follows: "* * * I am not inclined to believe that the charges framed are true and the charge-sheeted person stands proved guilty of the charges." In view of this observation only of the Enquiry Officer of the Company, I cannot but hold that the termination of services of Shri Sunil Kumar Paul with effect from 29th August 1966 by the letter of dismissal, Ext. 5, dated 25th August 1968, is not justified. It is in evidence of P.W. 1 that he was to work in the factory of the Company at 11 Watkins Lane, Howrah, on piece-rate basis and that his average earnings per month would be about Rs. 100.

In the result, I hold that the termination of services of Shri Sunil Kumar Paul is not justified and that he is entitled to an order of reinstatement with full back wages.

The Company is directed to reinstate the workman Shri Sunil Kumar Paul and to give him all his back wages from the date of dismissal till the date of his joining, within one month from the date of publication of this award in the "Calcutta Gazette", within which time the workman must report to the Company authorities for such reinstatement.

This is my award.

Second Industrial Tribunal.

Government of West Bengal, Labour Department, by its order No. 2069-I.R./IR/8L-30/65, dated Calcutta, the 19th May 1967, referred an industrial dispute between Messrs. The Mohini Mills Ltd. (No. 2), Belgharia, 24-Parganas, and their workmen represented by Textile Workers' Union (Mohini Mills No. 2, Belghoria), 49 Old Nimta Road, Belghoria, 24-Parganas, to this Tribunal for adjudication on the following:

Issue

Bonus for the accounting year 1964 payable in 1965.

After service of usual notices the parties entered appearances and filed written statements. The Union's case is that on 25th August 1965, it placed a claim for bonus for the year ending 31st December 1964, demanding two months total wages as bonus. When the matter came up for discussion in the Works Committee, the Company only offered the minimum rate of 4 per cent. As the dispute could not be settled at a bi-partite level, it was referred to the Labour Directorate and at the request of the Conciliation Officer and without prejudice to its claim, the Union agreed to accept the amount offered by the Company as advance. Fresh conciliation started after pujah but it met no better result. At that stage the Union lowered its claim of bonus at 16.7 per cent but it was not accepted by the Company and this resulted in the present reference. The case of the Union is that during the relevant year the Company earned sufficient profits to justify 20 per cent bonus with a comfortable set on for the next year. In the circumstances the Union prayed for bonus at the rate of 20 per cent for the year ending 31st December 1965 less what has been paid as advance.

The Company alleged that it has fully and finally distributed the amount payable for the year in question and no further payment as bonus for the year is due under the law. It further alleged that the claim of bonus at the rate of 16.7 per cent was baseless and wrong and it further denied the Union's allegation that in the relevant year the Company earned profit to justify 20 per cent bonus. The management therefore prayed that the Tribunal may be pleased to confirm that the bonus payment for the year 1964 had been rightly made and that it has had no liability on that account and further to direct that the management was entitled to recover the excess amount already paid by the management and received by the workmen on account of bonus.

Appearances of the parties are as follows:—

For the Company: Shri B. Sircar, Advocate.

For the Union: Shri Kali Banerjee, Advocate.

Both parties filed their computations under the second schedule of the Payment of Bonus Act, 1965. The management filed in addition some more calculation charts to show the necessary break-up.

Such computations and charts were admitted into evidence on consent of parties after dispensing their formal proof. Neither party adduced any oral evidence and the parties argued on matters of record, namely, with reference to the calculations sheets and charts filed by the respective parties in the context of the provisions laid down in the Payment of Bonus Act and the Indian Income Tax Act.

The computation under the second schedule of the Payment of Bonus Act as filed by the Union is Ext. 1. On the last date of hearing a separate Computation as regards return as per third schedule of the Payment of Bonus Act was filed by the Union. This was marked Ext. 2. It shows only a slight variation in the figures shown in Ext. 1. The management made out a case in the written statement that only the minimum bonus at the rate of 4 per cent was admissible but it paid bonus at 4.49 per cent on the basis of computation made under the Payment of Bonus Ordinance, 1965 and shown in Ext. B consisting of 6 sheets. On reference to Exts. 1 and 2 for the Union and Ext. B for the management it will appear that there was a dispute as regards the net profit shown in Ext. B by the management. There is a further dispute with regard to the amount of depreciation deductiable under section 6 of the Payment of Bonus Act as also the quantum of direct tax deductable under the said section. There is further a dispute with regard to the return as per third schedule on pro rata amount of preference share and the reserve at 6 per cent. The minor divergent with regard to the return on enquity share at 8.5 per cent was not pressed at the time of hearing by the learned Advocate for the Union—the difference amounting only to about Rs. 3,000 as would appear from a comparison between Ext. 2 and the break-up shown in this regard in Ext. B.

I propose to take up the dispute as to the figures on different counts one by one.

The net profit shown by the Union in Ext. 1 is Rs. 9,75,056. The net profit shown in Ext. B by the management is Rs. 8,27,716. On behalf of the Union my attention was drawn to the last sheet of Ext. E which was the separate profit and loss account for Mohini Mills Ltd. No. 2 at Belghoria and it was contended that the balance being profit on the working of the mills was shown there at Rs. 9,75,055 81 or in other words, it was the amount which the Union had shown as net profit in Ext. 1. The Union contended that in putting the net profit transferred to registered office the management had put the figure of net profits at Rs. 8,27,716 after deducting under head "Schedule of overhead expenses debited in the Registered Office" an amount of Rs. 61,494.17 and another sum of Rs. 94,026.35 under head "share of interest paid by Registered Office on borrowed Capital." This, according to the Union is not allowable under the provisions laid down in the second schedule of the Payment of Bonus Act although it conceded that it was allowable deductions under the Income Tax Act. On behalf of the Union it was further contended that these were really no expenses at all since provisions had been made under head current account in sheet No 1 of Ext. E. It was therefore contended by the Union that on that score not being an expense, these amounts should be added back under item No. 2 (e) of the second schedule and even if these were considered as expenses, it would be so for business outside India and should therefore be added back under item 3(e) of the second schedule. This argument does not appear to have any substance inasmuch as item No. 1 of second schedule relates to net profit as per profit and loss account and no question of these expenses being for business outside India could arise in view of the fact that these were in respect of overhead expenses of the Registered Office of the Company in India and for the share of interest paid by the said Registered Office on borrowed capital. Under the circumstances no question of adding back of such items either under item Nos. 2(e) or under item No. 3(e) of the second schedule could arise. The net profit shown in Ext. B is certified by the Auditor firm and it has a presumtive value under section 23 of the Payment of Bonus Act and should be held to be the basis for computation of gross profits under second schedule until it could be patently proved that there were errors in the profit and loss account. This Tribunal is, therefore, inclined to accept the sum of Rs. 8,27,716 as the net profit of the Company as shown in Ext. B and negative the Union's assertion as it being Rs. 9,75,000 and odd as shown in Ext. 1. Incidentally the deduction of Rs. 11,043 under item No. 6(f) of Ext. B was also challenged by Mr. Banerjee, the Advocate for the Union. He argued that this sum was not deductible as it was not shown as credited to the profit and loss account as required under foot-note 2 of second schedule. Under the second schedule deduction under item No. 6(f) is admissible provided it is credited to the profit and loss account. The Company however contended that this amount related to the express provision of bonus for 1963 and this was shown as included under head "salaries and wages" in the profit and loss account. Since it was so certified by the Auditor firm, the deduction of the above amount must be held to have been properly made under the second schedule and the Union's objection on this score must be overruled. The result is that the total of items 1 2 3 and 4 comes to Rs. 13,36,960 as shown in sheet No. 2 of Ext. B and the corresponding figure of Rs. 14,84,300 as shown in Ext. 1 was apparently wrong and unacceptable so that the gross profit for the purpose of bonus comes to Rs. 13,25,917 as shown in sheet No. 3 of Ext. B. on the computation under the second schedule of the Payment of Bonus Act.

Regarding deduction under section 6 of the Bonus Act, the dispute centred under head "depreciation and direct taxes". The Union put the depreciation amount as Rs. 2,92,130 on the basis of the figure shown in sheet No. 2 of Ext. E, forgetting altogether that it was only the provision made on that account. The actual amount of depreciation that is to be deduced under section 6, is the amount admissible in accordance with the provisions of sub-section (1) of section 32 of the Income Tax Act. Mr. Banerjee of the Union referred to the printed combined balance sheet and profit and loss account Ext. A, and contended that the total amount of depreciation for both the mills had been shown at Rs. 4,40, 628 at page 10 of Ext. A. Out of this amount Rs. 2,92,130 is the amount of depreciation for mill No. 2 as separately shown in page 13 of Ext. A. As observed already, this amount was only a provision made on account of depreciation and it is not the actual amount of depreciation that is admissible under the Indian Income Tax Act. The management showed under head depreciation a sum of Rs. 4,12,000.

A break-up in this regard is to be found in Ext. F. Ext. D is the depreciation schedule for the assessment order for 1963-64. I have compared Ext. F, in the light of Ext. D and I am satisfied that the statement of depreciation on the assets of Mill No. 2 at Belghoria for the year ending 31st December 1964 as per Income Tax Act was correctly given in Ext. F, so that the Tribunal has no hesitation to allow deduction of this amount as shown in the computation in Form A, forming part of Ext. B. The Union's objection in this regard that for the purpose of income tax the assets taken together should be taken into consideration for calculating the amount of depreciation but it is not so for computation of bonus under the provisions of the Payment of Bonus Act, is apparently untenable and is therefore over ruled since section 6 specifically provided that the amount of depreciation for the purpose of computation of bonus or, for the matter of that for the computation of gross profit for the purpose should be made after deducting the amount of depreciation admissible under the Income Tax Act.

Regarding direct tax deduction the Union put it in Ext. 1, at Rs. 1,36,520. The management had put it at Rs. 4,45,371. It was however conceded at the time of argument by Mr. Banerjee for the Union that the rate of net tax for the accounting year ending 31st December 1964, i.e., for the assessment year 1965-66, would be at 50 per cent. 50 per cent. tax on the net profit shown in Ext. B, at Rs. 8,27,716 would come to little over Rs. 4,13,000 Normally, therefore, the Union had put the figure at the abnormally low rate on its own calculation of income tax after deducting the losses shown in the printed balance sheet and profit and loss account Ext. A, for the Mill No. 1, in Pakistan. The management apparently had put it at a slightly higher figure than what it comes on calculation at 50 per cent. of the net profit at Belghoria. Mr. Banerjee for the Union contended that calculation of income tax should be made on the world income and as such the loss shown in Ext. 1, for Mill No. 1, ought to be taken into account under section 5 read with section 71 of the Income Tax Act and the loss sustained under one head of income is to be set off against income under any other head as provided in section 71 of the Income Tax Act. This argument does not appear to be convincing inasmuch as it misses the real purpose and object. We are faced with consideration of questions relating to determination of gross profits of Mill No. 2, in India for the purpose of calculation of the bonus admissible under the Payment of Bonus Act to the workmen of the Mill No. 2, alone. In doing so, the profit or the loss of Mill No. 1, in East Pakistan, should be entirely ignored. Mr. Sircar for the management showed me and Mr. Banerjee for the Union too papers that a sum of Rs. 4,00,000 towards tax had already been paid by the management some time in May 1965 for the accounting year 1964. The assessment for that accounting year is still awaited so that the management is certainly entitled to have a deduction to the tune of Rs. 4,13,000 and odd under head direct taxes since that is the amount of tax at 50 per cent. of the net profits of Mill No. 2 with which we are presently concerned. I may incidentally state in this connection that the management very fairly showed me the previous assessment order for 1962-63 to indicate how the income tax authorities were won't to accept the business figure of Mill No. 1, in Pakistan and made a somehow summary assessment separately itemising the assumed profit for Mill No. 1, in addition to the actual profits shown in the profit and loss account for Mill No. 2, in India. That is why the management had to pay in advance a sum of Rs. 4,00,000 towards income tax for the accounting year ending on 31st December 1964, i.e., for the assessment year 1965-66. In the premise, the management is at least entitled to have a deduction under head direct tax to the tune of Rs. 4,13,000 and odd in place of Rs. 4,45,000 and odd showed in form A, forming part of the computation under second schedule.

Coming now to the further deductions under third schedule we find from Ext. 1, later altered to some extent in Ext. 2, that the Union has put the figure a little over Rs. 2,62,907, whereas the management had put if at Rs. 3,79,557. The management filed a break up under this head. As to the slight divergence in the figure on the dividend at 8.5 per cent on equity shares, the Union did not press its objection. The Company calculated the dividend on preference share pro rata for 1964 at Rs. 73,141. The Union puts it at only Rs. 50,000. The break-up filed by the management is to be found in Ext. C 6 per cent. return on reserve (pro rata) at the commencement of the year according to the Company is Rs. 1,32,417. The Union however put it at only Rs. 42,965. The calculation filed by the Union Ext. 2 under such heads are apparently wrong and unacceptable as such. In calculating pro rata dividends and return at the commencement of the year, the net fixed assets both of Mill No. 1 and Mill No. 2, as per printed accounts Ext. A, should be taken into consideration and that was done by the management as would appear from Ext. C. On behalf of the Union Mr. Banerjee contended that only the preference share capital and not on account of dividend paid should be taken into account in calculating the sums under such heads. The Company however contended that 5 per cent. free of income tax works out at 7.5 per cent. at the time of payment of dividends and the item being dividend on preference share pro rata calculation must proceed on the amount of dividends paid. In my view, the Company's contention is correct and is in accordance with the strict letter of the term laid down in the third schedule. Consequently this Tribunal accepts the amount of Rs. 73,141 under head dividend on preference shares pro rata payable in 1964 as correct in place of Rs. 50,000 shown in Ext. 2 for the Union. Regarding 6 per cent. returns on reserve the Union contention is that the development rebate reserve as per last account was shown at page 4 of Ext. A at Rs. 7,17,081 and no adding back was possible under the third schedule inasmuch as the Explanation to the third schedule did not allow it. This argument does not merit any serutiny. Under the third schedule further deduction at 6 per cent. of the reserve shown in the balance sheet as at the commencement of the accounting year is allowed. The Explanation does not bar such deduction except when such amount of reserve is set apart for the specific purposes mentioned therein. Under the circumstances the Tribunal is inclined to accept the Company's calculations under this head as shown in Ext. C by adding back this amount of Rs. 7,17,081 along with the other reserves shown at page 4 of Ext. A. The Tribunal accordingly holds that the calculations filed by the management under this head is correct and accepts it. The result is that the further deductions under third schedule comes to Rs. 3,79,557 and not a little over Rs. 2,62,960 as contended by the Union.

The result of the above is that the available surplus for the accounting year should be increased by about Rs. 32,000 but even then it would be below the amount shown as allocable surplus in column 9 of form A forming part of the computation to second schedule in Ext. B, and dividing it by the total salary and wages, including dearness allowance, it would appear that the workmen of the Company were only entitled to the minimum bonus at 4 per cent. under section 10 of the Payment of Bonus Act. There is no dispute that the Company had distributed the minimum bonus. On behalf of the Company prayer was made in the written statement for a direction that the management was entitled to recover the excess amount already paid to the workmen and receipted by them on account of bonus and the management's case is that they had paid a sum of Rs. 1,63,253 as bonus at 4.49 per cent. Sub-section (2) of section 15 of the Payment of Bonus Act does not entitle the management to carry forward for being set off in the succeeding accounting year because there was some available surplus and the allocable surplus in respect of the accounting year never fell short of the amount of minimum bonus payable to the workmen under section 10. With this observation I close this part of the submission made on behalf of the management by Mr. Sircar.

In the result, therefore, this Tribunal finds that on the available surplus during the accounting year 1964 the workmen of the Company were entitled only to the minimum bonus at the rate of 4 per cent and they having admittedly received it, are not entitled to any higher amount as bonus during the accounting year 1964 payable in 1965 and such payment of minimum bonus to the workmen by the management had been rightly made and is confirmed accordingly and the management has no liability under the Bonus Act to pay any bonus over and above the amount already paid to the workmen and it is awarded accordingly.

The allegations are that the applicants were refused employment by the Opposite Party on and from 12th April 1967 by way of victimisation and/or unfair labour practice in a mala fide manner for their trade union activities and/or for their bona fide membership of the Employees' Union.

The applicants pray for an order treating them as if they are in employment of the Opposite Party.

The Company in their written statement denied the allegations. Their case is that their undertaking in which the applicants were working had been closed with effect from 12th June 1967 and as a result of such closure the services of all such workmen stood terminated with effect from the said date. The Company prayed for rejecting the application as the termination of employment of the applicants as a result of closure under section 25FFF of the Industrial Disputes Act is not a contravention of section 33 of the Industrial Dispute Act.

It is an admitted fact that an industrial dispute between Messrs. Calcutta Optical Manufacturing Company and their employees including the present applicants was referred to this Tribunal by the Government of West Bengal, Labour Department, order No. 1706-I.R./IR/11L-269/66, dated the 26th April 1967, for adjudication.

Now, on the date of hearing of this complaint, Shri H. L. Roy, Advocate for the applicants, submitted that his clients did not want to proceed with the instant complaint as their claim was going to be decided in the aforesaid reference case. He has endorsed in the order-sheet to the effect that this case shall not be proceeded with. AWARD

This industrial dispute between Messrs. Associated Electrical Industries (India) Pvt. Ltd. (hereinafter called A.E.I./Company) and their workmen represented by Associated Electrical Industries (India) Ltd. Employees' Welfare Association (hereinafter called the Union) has been referred for adjudication to this Tribunal on the following issues. The order of the Governor referring this dispute to this Tribunal in exercise of the powers conferred by section 10 of the Industrial Disputes Act, 1947, was conveyed to this Tribunal by Government of West Bengal, Labour Department, order No. 2777-I.R./IR/10L-123/66, dated the 24th June 1947:

Issues

1. Fixation of Grades and Scales of Pay for different categories of workmen.
2. Dearness Allowance payable beyond the basic salary of Rs. 300.
3. Medical Aid.
4. House Rent for clerical and subordinate staff.
5. Whether the Company is justified in stopping the annual increment for the year 1967? What relief, if any, are the workmen entitled to?

The Union filed its written statement with three annexures. The Union's case may briefly be stated as follows:

The Company carries the business of manufacturing and sale of electrical goods. It also imports electrical materials from outside, constructs electrical installations of different varieties and carries on the trade of exporting of its own manufactured goods. Broadly speaking, the Company is a subsidiary concern of several British Manufacturing Companies whose goods it sells in India. The Company employs about 2,000 workmen including about 400 staff in its head office at Calcutta generally known as the "Crown House". The Company is a highly prosperous and stable concern which is evidenced by the fact that the Managing Director of the Company receives a monthly salary of over Rs. 10,000 with furnished accommodation, free supply of electricity, services of domestic servants and a car with driver at the Company's expenses. He also gets D.A. and family allowance and also four weeks' leave in the United Kingdom for every 12 months of service, apart from reimbursement of medical expenses for himself and his wife and children under 18 years of age. Further, there are other officers in the Company who "are also given fat salary of four or five figures with all the perquisites referred to above". In spite of such huge drainage in the administration, the Company's profit and loss account each year shows regularly increased profit. In the year 1962 the net profit before taxation made by the Company was Rs. 35,01,157; in 1963 this profit was Rs. 36,93,886; in 1964 this profit rose to Rs. 37,67,625; in 1965 the net profit before taxation reached the figure of Rs. 57,88,670 and in 1966 it reached the highest figure of Rs. 75,24,848. But in spite of huge profit earned by the Company, the workmen of the Company in its head office have nothing to be proud of so far as the wages and amenities available in the Company are concerned.

The scales of pay for different categories of workmen were fixed by agreement dated 28th July 1961, commencing from 1st January 1961 for five years. But the fixation was without any scientific data and purely on ad-hoc basis. The existing scales under the said agreement are shown in Annexure A to the written statement. Considering the huge profits, prosperity and the paying capacity of the Company the wage structure prevailing in the Company bears no comparison with the wage structure in other concerns in this region. The D.A. in the Company is available according to the Bengal Chamber of Commerce Scheme, but up to a salary limit of Rs. 300 only and not beyond that. The ceiling of salary was fixed in or about 1946 when a clerk in the special grade could not aspire even up to Rs. 300 as maximum. In other words, D.A. on this Rs. 300 as ceiling was intended to cover all the clearical staff in the then range of pay, but with the advanced concept of wage fixation, a clerk is now entitled to get a salary much above the said Rs. 300, but corresponding change in the ceiling limit of salary for the purpose of D.A. has not been effected by the Company. As a result the Bengal Chamber of Commerce scheme of D.A. offers only partial relief and not to the extent which it intended to serve. On the other hand, the Managing Director draws a D.A. of Rs. 2,100, Chief Executive Marketing draws Rs. 1,196, the Secretary draws Rs. 1,020, the Personnel Manager draws Rs. 730 as D.A., and the Application Engineer draws Rs. 740. The Bengal Chamber of Commerce scheme of D.A. offers only 90 per cent. neutralisation of the pay up to Rs. 100 of the basic pay, 45 per cent. of the pay up to Rs. 200 of the basic pay and 22.5 per cent. of the pay from Rs. 200 to Rs. 300 of basic pay. Thus, on average, up to the basic pay of Rs. 300, the neutralisation is 52.5 per cent. only of the basic pay. The system of ceiling in the matter of D.A. up to Rs. 300 of the basic salary is a replica of old thought without any basis and is unbecoming of the Company which is financially sound and is in a position to offer full neutralisation for the rise in price index number.

The Company gives all types of medical aid not only to the Managing Director personally, but also to his entire family, and, the families of other officers, however highly paid, receive the same treatment from the Company. But in the case of workmen nothing beyond the common and usual type of medicine for the common diseases, like cough, mild fever, dysentery and diarrhoea, are provided only if and when they fall ill in the office and offer themselves for prescription by the Company's doctor. In the case of illness at home, the Company's doctor is not available for attendance and the charges for the private doctor is not reimbursed by the Company. The cases of hospitalisation is paid for, subject to a maximum of Rs. 240 at the rate of Rs. 8 per day, provided the Company's doctor recommended the necessity for hospitalisation. But no medical aid is available for the dependants of the workmen.

The Company does not provide housing accomodation to the clerical or subordinate staff and no consideration is shown for the exhorbitant house rent an employee has to pay in these days to get an accommodation in or around Calcutta. The officers, however, get housing accommodation or house rent allowance in spite of their high pay. The Managing Director gets free furnished quarters with all amenities, such as airconditioning plant in each room, high expensive furniture and fully decorated rooms at the expense of the Company. Similar facilities are provided to all other officers too. The low paid workmen in whose case the urgency of the house rent allowance is utmost do not get anything from the Company.

By a letter, dated 30th December 1965, the Union terminated the subsisting agreement and intimated the Company as to their grievances and submitted a charter of demand which is Annexure B to the written statement. The Company appreciated the genuineness of the demands of the workmen and in recognition of the same after some negotiations with the Union offered an interim relief of 10 per cent. of basic pay up to Rs. 300 and 12 per cent. for those drawing more than Rs. 300 or less than Rs. 60 as basic pay. This interim relief was effective from 1st January 1966. Besides, the annual increment which normally fell due in January 1966 was also paid to the workmen along with the salary of January. Thereafter, the Company and the Union sat on several occasions to resolve the dispute on the points referred to in the said charter of demands, but, due to adamant and unreasonable attitude of the Company, no settlement on any major item could be effected. The Company tried to dictate terms unilaterally and wanted the Union to accept newly framed service rules in toto. Therefore, the negotiation broke down and the parties could not arrive at any agreement. In the meantime the annual increment fell due at the end of the calender year, but the Company did not give any increment from 1st January 1967, though the workmen were entitled to it. This was done by the Company to put pressure on the workmen and to coerce the workmen so as to make them yield to the terms of the Company. The Company took the malafide plea in illegally withholding the said increment due on 1st January 1967 on the ground that it had given an interim relief in 1966 in lieu of annual increment. The Union by its letter, dated 31st January 1967, recorded its protest against the conduct of the Company for not granting the due annual increment. The workmen are entitled to the increment which has been withheld by the Company.

After the chance of settlement by bipartite discussions with the Company proved abortive, the Union sought the intervention of the Labour Directorate on all the points referred to in the charter of demands. The Labour Officer, Government of West Bengal, acting as the Conciliation officer, tried to effect a settlement, but the conciliation attempts could not make any headway because of the obstructive attitude of the Company and eventually the reference was made to this Tribunal for adjudication of the issues aforementioned.

The specific demands made by the Union on the issues stated above would be mentioned when specific issues will be discussed hereafter. The Union prayed that all the claims made by it should be granted with effect from 1st January 1966 and suitable adjustment in the scales of pay as claimed should be made by the Tribunal while giving its award.

The material part of the Company's statement in reply may, in short, be stated as follows:

The Company admits that it is a pulic limited Company registered under the Indian Companies Act having its head office at 13 R. N. Mukherjee Road, Calcutta-1, where about 334 employees are employed. The Company submits that the future prospects of this Company are not bright due to the general recession in the engineering industry. The Company admits that there was an agreement, dated 28th July 1961, by which the scales of pay for different categories of workmen employed in the head office of the Company were fixed. It submits that the scales of pay as fixed by the said agreement were just, legal and proper as the agreement had taken into consideration the principle of industry-cum-region basis. The Company pays D.A. according to the Bengal Chamber of Commerce scheme up to a salary of Rs. 300 only, and there is no reason to disturb this arrangement. The issue regarding fixation of D.A. payable beyond the basic salary of Rs. 300 was referred before the Industrial Tribunal, Maharastra, which, after considering the pros and cons of the facts of the case, rejected the contention of the workmen in Maharastra. The Company submits that the D.A. as given by the Company is just, legal and proper. As regards medical benefits, the Company submits that free medical attention by the Company's medical officer is given to an employee when he attends the office during working days and medicines prescribed by him are supplied free, but the Company does not meet the cost of inoculations, vaccinations and the expensive proprietary medicines, but where such medicines are necessarily incurred on the recommendation of the Company's medical officer, the matter is considered by the Company. The Company contributes Rs. 8 per day up to a maximum of 30 days (Rs. 240) towards the hospital expenses incurred by the members of the staff in respect of themselves while hospitalised. The Company further considers assistance towards medical expenses, subject to the above limits incurred by members of the staff at home in connection with cases of illness necessitating hospitalisation, but which is not possible due to shortage of beds or other circumstances. The quantum of such assistance depends upon the circumstances of each individual case, and claims are not entertained where satisfactory verification of the claim is considered impossible. The Company submits that the medical aid given by it to its employees at the head office is just, legal and proper.

In regard to the question of house rent, the Company submits that in fixing the wages and D.A., the house rent is taken into account and the provision for housing is the responsibility of the State Government.

The Company denies that it gave ad-interim relief to the workmen with a view to put pressure on them or to coerce them to make an agreement. The Company offered and the Union accepted as interim relief 10 per cent. of basic pay for staff drawing a basic salary of more than Rs. 60 per month and up to to Rs. 300 per month and 12 per cent. for those who are drawing more than Rs. 300 per month or less than Rs. 60 per month on condition that the proposed new agreement (if arrived at) would be given effect from 1st January 1967, but as no agreement could be arrived at, even after 31st December 1966, the interim relief was withdrawn. Therefore, as the interim relief was not withdrawn there was no question of granting annual increment in January 1967. The Company annexed its letter, dated 17th June 1966, offering the said interim relief and conditions relating thereto.

The Company refused to traverse each and every allegations of the Union as some of which it considered baseless and irrelevant. The Company stated that the remuneration and D.A. paid to officers was strictly personal and confidential and the Union was not justified in revealing the same. The Company stated that the conciliation effort failed due to reasons best known to the Union officers and not due to the acts of the Company.

Decision

In support of its case, the Union examined seven witnesses. P.W. 1 Shri Chandi Das Dutta Chowdhury is an employee of G. E. C. who produced and proved Ext. 1 P.W. 2 Shri Asit Bose is an employee of Messrs. English Electric Company and he produced and proved Ext. 2, an agreement between the Company and its workmen represented by English Electric Co. Employees' Association. Shri Jnanendra Nath Ghose is P.W. 3 and he is an employee of James Finlay & Co. He also produced an agreement between the aforesaid company and its employees represented by James Finlay & Co. Calcutta Branch Employees' Union. The agreement is marked

Indian Cable Co. He is the Secretary of India Cable Co., Calcutta Employees' Union. He produced an agreement between this company and its union. The agreement has been marked Ext. 4. P.W. 6 is Shri Himanshu Mukherjee. He produced an agreement between his company and its employees. This company is Phillips India Ltd. The agreement produced by him has been marked Ext. 5 and the medical scheme of the Company has been marked Ext. 6. Shri Bhabani Prosad Roy Chowdhury is P.W. 7 and is an employee of the Associated Electrical Industries (India) Ltd. He is the Secretary of Associated Electrical Industries (India) Ltd., Employees' Welfare Association. He produced various documents which have been marked exhibits for the Union. The Company did not produce any witness, but relied on documentary evidence. Exhibits A to E have been marked on behalf of the Company.

Before I proceed to discuss the issues, it would be better at the very outset to state that the Union has examined employees of various companies in support of its case. It appears from the evidence that General Electric Co. of India Pvt. Ltd. does the same type of business as is done by A.E.I. Company, Messrs. English Electric is another company which does the same type of business. Phillips (India) Ltd. carries on similar type of business which is carried on by A. E. I. Indian Cable Co., it appears, does not deal with various types of electrical goods. Messrs. James Finlay & Co. and Williamson Magor & Co. are Managing Agents. They do not carry on similar type of business as A. E. I.

In the face of these facts, the learned lawyer for the Union submitted that in the circumstances of the present case, greater emphasis should be laid on the region part of the industry-cum-region principle. Referring this Tribunal to a case reported in 1962 (II) LLJ., 744, the learned lawyer submitted that even when a concern is paying the highest wages in the particular line of business, there can be increase in wages in that concern. Where a concern is paying the highest wages in a particular line of business, there should be greater emphasis on the region part of the industry-cum-region principle, though it would be the duty of the Industrial Court to see that for purposes of comparison such other industries in the region are taken into account as nearly similar to the concern as possible. He submitted that in the circumstances of the present case, the Tribunal should look into the grades and scales obtaining in the region where A.E.I. is situated. In short, the argument of the learned lawyer is that for the sake of comparison even the pay scale and wages obtaining in Managing Agencies should be considered in order to fix a revised pay scale for the employees of A.E.I. He further submits that since the paying capacity of the present Company is high, there is no reason for the Tribunal to hold that the wage scales obtaining in the company being fair, should not be raised. In this connection, he referred me to a decision reported in 1964 (II) LLJ., page 380. On the other hand, the learned Legal Adviser of the Bengal Chamber of Commerce submits that there is no need for the Tribunal to compare the scales of pay obtaining in Managing Agencies with the scales of pay obtaining in A.E.I. and other electrical engineering firms. The learned legal adviser submits that for the sake of comparison there are 3 electrical engineering companies available, viz., G.E.C., English Electric and Phillips. Therefore, there is no reason why James Finlay, a Managing Agency and Indian Cables, a company which does another type of business, should be dragged in. Furthermore, he submits that the Union has not given sufficient evidence to show comparability between A.E.I. and those other concerns. According to him, only English Electric is a comparable concern with A.E.I. but the others are not. In his argument, he submits without evoking contradiction that the reserve fund of G.E.C. is over Rs. 4 crores, whereas the reserve and surplus of A.E.I. is only about Rs. 75 lacs. Drawing the attention of the Tribunal to the evidence of P.W. 5 in cross-examination, he submits that even some years back the reserve fund of Indian Cable Co. stood at Rs. 4 crores. Therefore, he submits that the only really comparable concern is the English Electric Co. But he submits that in order to see how far the pay scales in the A.E.I. are good at present, the Tribunal should compare its pay scales with the pay scales of other electrical engineering companies, such as G.E.C., English Electrical and Phillips.

It is true that there is not much material before the Tribunal to determine the comparability of A.E.I with other concernns. However, it is not challenged by the Company that A.E.I. is a prosperous Company. In order to show how prosperous the Company is, the Union has filed Ext. 9 which is the reports and accounts of A.E.I. for the year 1968 and Ext. 10 which is the prospectus of A.E.I. This Company is quite a prosperous one, there is no doubt about it. But it is also true that G.E.C. and Phillips are more prosperous than this Company. Therefore, all these facts would be borne in mind in deciding the issues before me.

Now I shall proceed to deal with the issues which arose out of this dispute between the Company and the Union.

Issue No. 1: Fixation of grades and scales of pay for different categories of workmen.

From Annexure 'A' to the written statement of the Union which is a memorandum of settlement between A.E.I. Company and their workmen represented by the Union, it is seen that the workmen of the Company are placed in nine different divisions which are named as division 1, division 2, division 3, etc. Besides, bearers, khalasis, durwan, gate durwan, dak peon, liftman and sweeper are placed under the head 'subordinate staff'. It appears that division 1 is the division in which the clerks are placed. In division 1, there are 4 grades—

(a) Special grade carrying a basic pay of Rs. 300 and upwards. The rate of increment is not mentioned and it appears that increment depended upon the decision of the Company.

(b) Selection grade with the following scale: Rs. 164—12—236—14—334 (6+7=13 years).

(c) Upper grade: Rs. 164—12—236—14—306 (6+5=11 years).

(d) Standard grade: Rs. 70—6—106—E.B.—7—120—8—128—9—164—10—214—11—236 (6+2+1+4+5+2=20 years).

With regard to these divisions, demand of the Union as can be seen from Annexure 'B' is that the special grade should start from Rs. 450 upwards with a minimum increment of Rs. 30. The other clerks and typists should be placed in two grades: (a) Selection Grade and (b) Standard Grade.

(a) Selection grade should be: Rs. 267—15—312—20—412—25—587 (3+5+3=11 years).

(b) Standard grade should be: Rs. 120—12—180—15—285—20—405—25—480 (5+7+6+3=21 years).

Looking towards the evidence on record, the English Electric Company has four clerical grades, A, B, C and D.

Clerical Grade A: Rs. 210—15—300—20—360 (6+3=9 years).

Grade B: Rs. 160—10—240—15—300 (8+4=12 years).

Grade C: Rs. 90—7—160—10—200 (10+4=14 years).

Grade D: Rs. 75—5—90—7—146 (3+8=11 years).

In James Finlay, there are only three grades:

Grade Special: Rs. 290—20—650—25—700 (18+2=20 years).

Grade 1: Rs. 156—10—206—12—350—15—500 (5+12+10=27 years).

Grade 2: Rs. 80—6—110—7—124—8—180—10—200 (5+2+7+2=16 years).

In the Indian Cable Co. there are four Clerical grades: The highest is called 'assistant' and the scales are:

Assistant: Rs. 300—30—no schedule.

Clerical staff 'A': Rs. 160—15—220—20—400 (4+9=13 years).

Clerical staff 'B': Rs. 120—10—170—12½—220 (5+4=9 years).

Clerical staff 'C': Rs. 90—7—132—8—140 (6+1=7 years).

Corresponding grades in Messrs. Phillips (India) Ltd., are:

Grade 4 clerical: Rs. 220—14—332—16—412—20—492 (8+5+4=17 years).

Grade 3 clerical: Rs. 175—12—247—14—307—16—323 (6+5+6=17 years).

Grade 2 clerical: Rs. 140—10—200—12—260—15—350 (6+5+6=17 years).

Grade 1 clerical: Rs. 90—5—100—8—140—10—200—12—272 (2+5+6+6=19 years).

In the General Electric Co. of India, clerical grades are only three:

Grade 1 (Assistant): Rs. 250—630.

Grade 2 (Senior clerk): Rs. 130—12—190—15—220—E.B.—20—360—E.B.—20—400 (5+2+7+2=16 years).

Grade 3 (Clerk): Rs. 90—5—100—10—200—15—260—15—335—20—395 (2+10+4+5+3=24 years).

Now I have stated the existing condition in the Company regarding the clerical staff, the demand of the Union and also the present position in various concerns. The Union has not given any reason why the present four divisions should be reduced to two only. Therefore, I find no reason to disturb the present arrangement. As regards the condition of clerks in the special grade, I find their position very good vis-a-vis the conditions in other companies. In paragraph 25 of the Union's written statement, it has been stated that Shri R. S. Masani who belongs to the special grade is at present drawing a basic salary of Rs. 627.20. Shri A. K. Banerjee of the same grade is drawing a basic salary of Rs. 728 Shri B. Bose of the same grade gets as his basic salary Rs. 584.80 per month. Mrs. P. Burwell of the special grade is drawing a basic salary of Rs. 870.60 per month and Mrs. S. N. Jobe is drawing a basic pay of Rs. 532 per month. It appears from the evidence that Mrs. P. Burwell and Mr. A. K. Banerjee could not have been able to draw the salary they are drawing in any other company. The highest a clerk can draw as basic salary per mensem in James Finlay is Rs. 700 per month. In G.E.C., the highest clerical salary can never exceed Rs. 630 per month. In Phillips the highest limit is Rs. 492 per month and in English electric Co., it is only Rs. 360. Therefore, from the evidence, I find no reason why the salary obtaining in the special grade in the A.E.I. should be disturbed. If we look at the starting salary we find that no other company except the Indian Cables gives a starting salary of Rs. 300 for this clerical grade. Hence I find no reason why the starting salary of the clerical staff of the grade should be enhanced to Rs. 450. The learned lawyer appearing on behalf of the Union submits that the question of increment should not be left in the hands of the Company, but should be fixed by this Tribunal. From paragraph 25 of the written statement of the Union, it is clear that the Company granted generous increment and enabled some of the staff to receive a salary of over Rs. 500. There is no evidence on record whatsoever that the Company misused its power of granting increment to the clerical staff belonging to this grade. Therefore, I do not find sufficient reason to interfere with the present arrangement. Hence, the clerical staff of the special grade are not entitled to any relief in the matter of grade and scales of pay.

Now coming to the question of selection grade clerical staff, I find the demand by the Union unjustified. It appears from the evidence that no company in this region gives a starting salary of Rs. 267 to its clerical staff belonging to an equivalent grade, that is, equivalent to the selection grade clerical staff of A.E.I. Therefore, the demand does not appear to be justified. But it also appears from the evidence that except in English Electric Co., the end salary of the clerical staff of this grade is higher elsewhere, though the beginning is more or less the same except in G.E.C. In view of the fact that clerks belonging to this grade can aspire to reach a salary of Rs. 413 in Messrs. Phillips and Rs. 400 in G.E.C., I am of opinion that the end salary should be enhanced so that the end salary may appear to be comparable. In this connection, I must also keep in mind that the grade in the English Electric Co. rises only up to Rs. 300. Hence, the new scale should be Rs. 164—12—236—14—376. Here the question of fitting in does not arise, but those staff who reached the salary of Rs. 334 and were not entitled to increment should be granted increment from the beginning of 1968.

The upper grade clerical staff of this Company appears to be much better placed that the clerical staff of other companies in the equivalent grade. No other company gives a starting salary of Rs. 164 to the clerical staff belonging to this grade. In G.E.C., the clerks belonging to this class start from Rs. 90 and reach a salary of Rs. 394 in 24 years, whereas the clerks of this Company start at Rs. 164 and reach a salary of Rs. 306 in 11 years. Therefore, the clerical staff of this Company belonging to this class are much better placed. In Phillips, grade II clerical staff of that company, which is an equivalent grade, start at Rs. 140 and reach a salary of Rs. 350 in 17 years and their rate of increment is low. The clerical staff of the corresponding grade in the English Electric, James Finlay and Indian Cables do not stand comparison. Hence, I find no reason to enhance the basic salary given by the company to this class.

Now I come to the standard grade. The evidence shows that the clerks of this grade start at Rs. 70 and reach a figure of Rs. 236 in 20 years. Their position is better than that of clerks belonging to an equivalent grade in the English Electric Co., James Finlay and Indian Cables. In Phillips, clerical staff of this grade start at Rs. 90 and end at Rs. 272 in 19 years. Therefore, the staff of that company are better placed. It is in evidence that Phillips is a more prosperous concern. Be that as it may, in my opinion, the starting salary given to this class of clerks appears to be rather low. In James Finlay they start at Rs. 80, in Indian Cables at Rs. 90 and in the English Electric at Rs. 75. Therefore considering the hardship of the present days, my opinion is that the clerks in this grade should be given a salary of Rs. 82 and the efficiency bar should be removed from the stage of Rs. 106, because it appears to be a nuisance at this early stage. It should better be placed at the stage of Rs. 164. Therefore, the grade should be reconstituted thus—Rs. 82—6—106—7—120—8—128—9—164—E.B.—10—214—11—236. The fitting in should be be done according to the number of years of service rendered. For example under the old scale, a man who rendered two years' service would have received Rs. 82 as basic salary. In the present case the entrant will be receiving Rs. 82 and the clerk who rendered a service for 2 years would receive two increments above Rs. 82, that is to say, his salary should be Rs. 94 per month. Similarly the fitting in should be done at other stages also.

Now I come to division No. 2. In this division the stenographers are placed. In this Company the stenographers are in two grades—(1) selection and (2) standard. The scales of the two grades are:

Selection grade—Rs. 240—12—276—15—336 (3 + 4 = 7 years).

Standard grade—Rs. 105 (on probation) Rs. 112—on Confirmation = 8—152—10—192—12—204—EB—12—276—15—306 (5+4 + 1 + 6 + 2 = 18 years).

The Union demands that the selection grade should be refixed in the scale of Rs. 267—15—312—20—412—25—587 (3+5+3=11 years) and the scale of standard grade should be refixed as Rs. 162—12—222—15—312—20—412—25—512 (5+6+5±4=20 years).

In the English Electric Company, there are two types of stenographers—senior and junior. The senior grade is Rs. 190—10—220—15—300—20—340 (2+6+2=10 years), and the junior grade is Rs. 160—10—210—15—270 (5+4=9 years).

In James Finlay, there is only one scale for the stenographer and that is Rs. 124—8—180—10—200 (7+2=9 years).

In Indian Cables, there is only one scale for the stenographers: Rs. 125—10—175—12½—200—15—290—20—390 (5+2+6±5=18 years).

In Phillips there is only one grade for the stenographers—Rs. 175—12—247—14—317—16—430 (6+5+6=17 years).

In G.E.C., there is also one grade for the stenographers—Rs. 130—12—190—15—220—EB—20—360—EB—20—400 (5+2+7±2=16 years).

The selection grade stenographer in this company manages within seven years to reach a height of Rs. 336 whereas after 10 years he reaches Rs. 340 in English Electric, but in the English Electric he starts at Rs. 190. Except in English Electric, there are no two grades for the stenographers. Therefore, from the evidence, it appears that the selection grade for the stenographer in A.E.I. is much better than the grade for the senior stenographer in the English Electric Company. The other companies have only one grade for stenographers and so they are not really comparable. In view of this, I find no reason to disturb the grade and scales of the selection grade stenographer of this Company, the salary being quite good, Of course, the end salary of Indian Cables and Phillips and also G.E.C. are better but the beginnings there are poor. Therefore, on the whole there is no reason for me to disturb the present arrangement.

As regards the salary of standard grade stenographer, the salary obtaining in this Company does not appear to compare favourably with the junior stenographers' in the English Electric. It is true that the end salary of the standard grade stenographer of this Company is better than the end salary of junior stenographer of English Electric, but the junior stenographer in the English Electric Company starts at a salary of Rs. 160 whereas he starts at a salary of Rs. 112 only in this Company. In English Electric, he reaches a salary of Rs. 270 within a span of nine years, whereas in this Company after 18 years of long drudgery he reaches the salary of Rs. 306. However, the demand made by the Union is quite fantastic. The Union wants that the end salary of this class of stenographer should be Rs. 512 and fails to bring an iota of evidence in support of its demand. If the demands of the Union were pitched so high, no wonder that the conciliation attempts failed. Blame attaches to the Company if it fails to meet the reasonable demands, but if a Union forgets the surrounding circumstances and the prevailing wages in the region and makes a fantastic demand, the Company has no other option but to break away from the negotiation table. However, in my opinion, though the end salary of the standard grade stenographer of this Company is very very fair, the beginning is very poor. Therefore, in my opinion, instead of Rs. 112 this stenographer should be allowed to start with Rs. 128 on confirmation. This is the only change that should be made on the present scale of pay in regard to standard grade stenographer. The fitting in should be done according to the number of years served by the concerned stenographer of the standard grade. For example, the stenographer who had completed service for five years would be drawing Rs. 152 per mensem under the existing scale. To fit him in the new scale according to the number of years of service given by him, his pay would be Rs. 172. The new scale would be as follows: Rs. 105 (on probation)—Rs. 128 (on confirmation)—8—152—10—192—12—204—EB—12—276—15—306 (3+4+1±6+2=16 years).

As regards the division 3 employees, comptometer accountant machine operators, there are two grades in A.E.I.—selection grade and standard grade and their grades are—

Selection grade: Rs. 166—12—250—14—334 (7+6=13 years).

Standard grade: Rs. 70—7—105—8—129—9—165—10—205—E.B.—11—260 (5+3±4±4+5=21 years).

The Union demands that the selection grade should be Rs. 267—15—312—20—412—25—587 (3+5+7=15 years) and the standard grade should be Rs. 162—12—222—15—312—20—412—25—512 (5+6+5±4=20 years).

To justify the demand, the evidence given is not very satisfactory. In English Electric there is only one grade for what they call Comptist. The grade and scale of Comptist is Rs. 90-7-160-10-200 (10+4=14 years). There is no other grade. From the evidence, it does not appear that in James Finlay there is any employee bearing this designation. In Indian Cables there is one grade for the machine operators and it is Rs. 90-7-139-8-155-10-205-12½-230-15-350 (7+2+5+2+8=24 years).

In Phillips it does not appear there is any machine operator or comptist. In G. E. C. there is only one grade for machine operator. The grade there is Rs. 90-5-100-10-200-15-260-15-335-20-395 (2+10+4+5+3=24 years). The evidence makes it quite clear that the demand made by the Union is totally unjustified. In English Electric, Comptist starts at Rs. 90 per month and ends his career at Rs. 200 per mensem within a span of 14 years. In Isdian Cables, the machine operator starts at Rs. 90 and in 24 years reaches the height of Rs. 350 per mensem. In G. E. C., the machine operator starts at Rs. 90 and in 24 years goes up to Rs. 390, wheres the selection grade Comptist and accountant machine operator in A. E. I. starts at Rs. 166 and ends at Rs. 334 within 13 years. Therefore, I find no reason to interfere with the existing grade and scales for the selection grade comptist, and accountant machine operator of A. E. I. For the standard grade comptometer and accountant machine operator, it is to be seen that he starts at Rs. 70 and ends at Rs. 260 per mensem in 21 years. He may have a chance of being promoted to the selection grade, but a comptometer and accountant machine operator who joins this Company receives less than a new entrant in other companies. Therefore, in my opinion the standard grade comptometer and accountant machine operator of A. E. I. should be allowed a better start. Therefore, I think, the grade and scales should be recast as follows: Rs. 84-7-105-8-129-9-165-10-205-EB-11-260 (3+3+4+4+5=19 years). The fitting in should be made according to the number of years of service given by the concerned employees to the Company. In fixing this grade and scales, I have also considered the chances of promotion to selection grade from the standard grade. Thus I dispose of the case of division 3 employees of this Company so far as grade and scales of pay is concerned.

In A. E. I. telephone operators are in division 4. The existing grade and scales for them is Rs. 70-6-106-EB-7-120-8-128-9-164-10-214 (6+2+1+4 5=18 years). The Union's demand is Rs. 120-12-180-15-285-20-405-25-480 (5+7+6+3=21 years). In English Electric, telephone operator gets Rs. 160-10-210-15-270 (5+4=9 years). In James Finlay there does not appear to be such a separate division or grade. In Indian Cables, telephone operators get Rs. 125-10-175-12½-200-15-290-20-390 (5+2+6+5=18 years). In Phillips, it does not appear that there is any such designation or division. In G. E. C., telephone operators get the same pay as comptists or machine operators, i.e., Rs. 90-5-100-10-200-15-216-15-335-20-395 (2+10+4+5+3=24 years). The Union's demand does not appear to be justified. However, it is clear that the telephone operators are treated better in other companies. In English Electric where generally low grades obtain, the telephone operator appears to be at a premium. The G. E. C. telephone operator appears to be slightly better treated than the telephone operator of this Company. Therefore, in my opinion, telephone operators of this Company deserve a better deal. The rate of increment also appears to be sluggish for them. Hence I substitute the existing grade and scales by the following: Rs. 88-8-120--10-180-EB-12-240-15-285 (4+6+5+3 =18 years). This new scale would appear more comparable with the scale obtaining in G. E. C.

The fitting in should be done according to the number of years of service rendered by the concerned employee.

Now I come to the question of division 5 employees file clerks. The existing grade and scales for the said category in this Company is Rs. 45-5-70-6-106-EB-7-120-8-128-9-164-10-214 (5+6+2+1 4+5=23 years). The Union demands a change in favour of this category as follows: Rs. 120-12-180-15-285-20-405-25-480 (5+7+6+3 =21 years). In English Electric, there does not appear to be such a division. However, grade 'D' clerk there gets, as I have already stated above, Rs. 75-5-97-146 (8 years). This nomenclature does not exist in Phillips. There is a designation known as Semi-clerk, but then it may be equivalent to billing clerk in division 6 in A. E. I. In G. E. C. also there is no such grade. From the evidence one cannot find anything to justify the high demand made by the Union for the employees of this division. However, in my opinion, the starting salary appears a little on the low side vis-a-vis the other employees or clerks. The learned legal adviser of the Company submits that file clerk is a clerk by courtesy alone. But this statement must be taken with a grain of salt because the end salary of the employees of this division rises up to Rs. 214. Anyway, in my opinion, in view of the fact that the starting salary is low, the existing grade and scales for filing clerk should be recast as follows: Rs. 60-5-70-6-106-EB-7-120-8-128-9-164-10-214 (2+6+2+1+4+5=20 years). The fitting in should be done as before according to the number of years of service rendered by the employees concerned.

Now, I come to division 6—billing clerk. The enlisting grade and scales in A. E. I. is Rs. 80-6-116-EB-7-130-8-138-9-174-10-224-11-246 (6+2+1+4+5+2=20 years). The Union wants that there should be two grades for division 6 employees selection grade and standard grade. Its demand for the selection grade is Rs. 267-15-312-20-20-412-25-587 (11 years). For the standard grade, it demands Rs. 120-13-146-15-206-18-260-20-340-22-450-25-575 (25 years). From the evidence, it appears that there are no billing clerks in any of the companies about which evidence has been given. Therefore, from the evidence we can find nothing to justify the grandiose demand made by the Union on behalf of this division. The Union has given no evidence why billing clerks should be placed in two grades. Therefore, I find no reason to disturb the present arrangement of keeping the billing clerks in one grade. Billing clerks have a better start and better end then the file clerks. But their starting salary is much lower than that of division I clerk of this Company. Hence in my opinion, this grade should start at Rs. 86 instead of Rs. 80. No further changes are required. Fitting in should be done according to the number of years of service given by the employees concerned.

In division 7 of A. E. I. place is given to draughtsman and tracer draughtsman. Their existing scale is Rs. 70-6-106-7-120-8-128-EB-9-164-10-194-10-214-12-250-14-306 (6+2+1+4+2+2+3+3+4=25 years). The Union wants for this class of employees in the Company there should be two grades: (a) selection grade and (b) standard grade. Selection grade should be Rs. 225-18-345-20-465-25-665 (5+6+8=19 years) and the standard grade should be Rs. 150-12-162-15-237-18-345-20-465-25-590 (1+5+6+6+ =23 years). Draughtsmen in English Electric Co. are in the scale of Rs. 160-10-240-15-300-20-320 (8+4+1=13 years. In Indian Cables it appears there are two grades for employees bearing this designation. There, senior draughtsmen start with Rs. 160 and proceed on with an increment of Rs. 10 to 200, then Rs. 15 to Rs. 260; thereafter Rs. 20 to Rs. 380 (4+4+6=14 years). Junior draugtsmen, tracers are in the scale of Rs. 90-7-132-8-140-10-170-12-230 (6+1+3+5=15 years). In Phillips, it does not appear that there are any employees bearing this nomenclature. In G E. C. draughtsman gets the scale of Rs. 130-12-190-15-220-EB-20-360-20-400 (5+2+7+2=16 years). From the evidence I find nothing to justify why there should be two grades for draughtsman and tracer draughtsman. Indeed, in Indian Cables there are two grades. But again it must be borne in mind that in division 8 of this Company, tracers have been placed separately. Therefore, it can be said that there are already two grades for draughtsmen., tracer draughtsmen and tracers in this Company. Hence I find no reason to bifurcate this division into selection grade and standard grade. In English Electric, draughtsmen starts at Rs. 160 and reaches the end salary of Rs. 320. This is rather unusual in this company because elsewhere I have found that this company gives must lower salary than other companies about which evidence has been given. The learned legal adviser for the Company submits that in English Electric Co. probably the draughtsmen are doing more intricate work and that is why their starting salary is so high. He wants this Tribunal to look at the grades in G. E. C. where draughtsman starts at Rs. 130. The grade for draughtsman and tracer draughtsman which obtains in this company appears only comparable to the grades for the junior draughtsman and tracer obtaining in Indian Cables. Therefore, in my opinion, the Draughtsman and tracer draughtsman of A. E. I. deserve a better start and also their end salary should be at least as good as that of draughtsman in English Electric. Hence, I direct that draughtsman and tracer draughtsman of division 7 should have the following scale in this Company:

Rs. 106—7—120—8—128—9—164—EB—10—
194—10—214—12—250—14—320.

Fitting in should be done according to the number of years served by the concerned employee. Needless for me to say here that the demands made by the Union for draughtsman and tracer draughtsman is unsupportable.

Now I come to division 8. In this division tracers find place in the scale of Rs. 55—3—67—5—87—6—105—EB—7—133 (15 years). The demand of the Union is that the scale should be revised as follows: Rs. 110—10—140—12—164—14—206—16—286—18—340—20—440 (21 years). The footnote of the demand further wants that after 15 years of service all tracers should be treated as standard grade draughtsmen. No evidence has been laid before this Tribunal to show that the qualification of draughtsman tracer is the same as that of tracer. Judged by the names alone, I do not think that those who do the job of simply tracing are qualified to be draughtsmen. Therefore, the automatic promotion finds no support either in reason or in evidence. In English Electric, there is no separate grade for tracers outside the grade of draughtsman. In James Finlay, it appears there is no employee bearing this designation. In Indian Cables, as I have already stated, junior draughtsman and tracer start from Rs. 90 and end at Rs. 230 in 15 years. In Phillips, there is no such grade. In G.E.C., tracers have the following scale: Rs. 90—5—100—10—200—15—260—15—335—20—395. The learned legal adviser submits that there is no evidence on record to show that the work done by the tracers in G.E.C. is similar to work done by tracers in A.E.I. He submits that had the work done been the same, there was no reason why tracers should stop at Rs. 133 in A.E.I. where they rise up to Rs. 395 in G.E.C. Undoubtedly, there is something in this argument. There is no evidence regarding comparability of the work done by tracers in G.E.C. with the work done by tracers in A.E.I. However, comparing the pay scale of tracers in A.E.I. with the pay scale of similarly designated employee in Indian Cables and G.E.C., I am of opinion that the pay scale of the employees of this division requires a change for the better. Hence I direct the Company to introduce a new scale for this class of employees in the following manner: Rs. 87—6—105—7—133—EB—10—213 (3 + 4 + 8 = 15 years). The fitting in should be done according to the number of years served by the employees concerned.

Now I come to division 9—blueprinter and duplicating machine operator. The existing scale in the Company is Rs. 50—3—62—5—82—6—100—EB—7—114. The Union demands that their scale should be revised in the following manner: Rs.80—5—95—7—116—9—143—10—193—12—253 (19 years). In English Electric, James Finlay and Indian Cables, it appears, there are no employees bearing these designations. In Phillips, litho and stencil operators are in the scale of Rs. 43—4—75—5—120 (17 years). There is no evidence to show that litho and stencil operators belong to a different class of employees from blueprinters and duplicating machine operators. A.E.I. obviously gives better salary to their division 9 employees than is given by Phillips to litho and stencil operators. There is nothing in evidence to justify the demands made by the Union. However, considering the time we are living in, I am of opinion that the starting salary of Rs. 50 is rather low for this class of employees. Moreover the end salary in Phillips is Rs 120 for this class of employees, whereas in this Company it is only Rs. 114. Hence, there must be a change and I direct the Company to introduce the following scale: Rs. 60—5—100—EB—7—121 (8 + 3 = 11 years). Fitting in of the employees should be done according to the number of years of service rendered by the concerned employees.

Now I come to the class of employees who are not placed in any numbered division. One such class of employees bears the designation of mistry. There are two grades for the mistries at present—senior and junior. Senior grade mistries are in the scale of Rs. 108—5—158—EB—6—182 (10 + 4 = 14 years). The junior scale is Rs. 68—4—108—EB—5—128 (10 + 4 = 14 years). In the charter of demands filed by the Union there is no mention of mistries, but I find the demand is made by the Union on behalf of the employees whom it has been pleased to call electrician. When this was pointed out to the learned lawyer for the Union, he submitted that mistries have been designated as electricians. Whether a mistry can be called an electrician is a matter of theoretical interest. The word "mistry" lays stress on the skilled nature of the workman. The skilled workman need not know much about theories but must have practical skill, whereas the term "electrician' apparently means a man who knows something about the theoretical side of electricity. Be that as it may, the Union wants mistries to be called by the high sounding name 'electrician'. In James Finlay this class of workers have been called 'electric mistry' which of course sounds different from electrician. Anyway the demand made by the Union is that the senior grade for this class of employees should be Rs. 120—7—190—244—10—284 (10 + 6 + 4 = 20 years) and the junior to be Rs. 80—6—140—8—188—9—224 (10 + 6 + 4 = 20 years). No electrician or electric mistry or mistries are to be found in English Electric, Indian Cables, Phillips and G.E.C. Only in James Finlay, employees bearing the designation 'electric mistry' appear to be working. There is only one grade for this class of employees and it is Rs. 60—4—160—5—250 (25 + 18 = 43 years). In my opinion, it appears that in this Company the electric mistry must work for a very long number of years to attain the end salary. How many employees can go heaping and heaping number of years of service to reach the total of 43 is very difficult to say. Therefore, the scale obtaining in James Finlay cannot be compared with the scales obtaining in this Company, where senior mistries reach a salary of Rs. 182 per month within a period of 14 years and junior mistries attain a salary of Rs. 128 within the same period. From the evidence I do not find anything to justify a change in their salary. Therefore, I do not want to disturb the present arrangement.

Now I shall discuss the grades and scales of drivers.

In A.E.I. the existing position is:

Lorry Drivers: Rs. 62—2—80—2½—95—EB—3—110 (9 + 6 + 5 = 20 years).

Car Drivers: Rs. 52—2—70—2½—85—EB—3—100 (9 + 6 + 5 = 20 years).

The demand of the Union is:

Lorry drivers: Rs. 77—4—101—5—131—6—161—7—189—8—197 (6 + 6 + 5 + 4 + 1 = 22 years).

Car drivers: Rs. 65—4—101—5—131—6—161—7—189—8—197 (9 + 6 + 5 + 4 + 1 = 25 years).

In English Electric there is only one grade for drivers:

Rs. 70—5—100—7½—130 (6 + 4 = 10 years).

In James Finlay drivers get: Rs. 60—4—160—5—250 (25 + 18 = 43 years).

In Indian Cables there are two grades:

Lorry drivers: Rs. 80—4—100—5—130—7—158 (5 + 6 + 4 = 15 years).

Car drivers: Rs. 65—2—81—3—105—5—130—7—151 (8 + 8 + 5 + 3 = 24 years).

In Phillips there is only one grade: Rs. 70—4—80—5—125—6—167 (there must be some mistake here because with an increment of Rs. 4 per year one does not go from 70 to 80 in about 19 years).

In G.E.C., there are two grades for the drivers:
Senior: Rs. 85—3—100—4—120—5—145 + (5 + 5 + 5 + 5 = 20 years).

Junior: 75—2—86—3—100—4—120—EB—5—145 (5 + 5 + 5 + 5 = 20 years).

In James Finlay, it appears that the drivers go up to Rs. 250 but the distance from Rs. 60 to Rs. 250 can be made only in 43 years. Therefore, it does not appear to me that the drivers in James Finlay have much of a chance of rising to that limit. In this Company drivers reach Rs. 160 after 25 years of service. Therefore, te grades and scales obtaining in this Company are of not much help. In other companies, the drivers go up to Rs. 197. Therefore, the demand of the Union does not appear to be justified. However, it is easy to see that the starting salary for the drivers is low in A. E. I. Therefore, it requires a change. In my opinion, there should be new scales for the drivers as follows:

Lorry drivers : 68—3—86—4—110—E.B.—5—140 (6+6+6=18 years).

Car drivers : 60—3—81—4—105—E.B.—5—130 (7+6+5=18 years).

The Company is directed to introduce this scale. Fitting in should be done according to the number of years served by the drivers concerned.

Now I come to packers. The position of packers in the matter of grade and scale in A. E. I. is as follows : Rs. 42—2—56—E.B.—2½—71 (7+7=14 years).

The Union demands Rs. 60—5—130—6—148—8—180 (14+3+4=21 years) ; In English Electric, there is no such designation as packers. So is the case with James Finlay and Phillips.

In Indian Cables, packers get Rs. 46—3—76—5—101—6—119(10+5+3=18 years).

In G. E. C. packers get Rs. 45—2—65—E.B.—3—110 (10+15=25 years). The packers are poorly paid employees. In G. E. C. which is a bigger company than A. E. I., they can reach maximum salary of Rs.110 in 25 years. In A. E. I., there is the maximum of Rs. 71 in 14 years. In Indian Cables they start at Rs. 46 and reach the maximum of Rs. 119 in 18 years. Therefore, in my opinion, the packers deserve a slightly better deal in this Company. The Company is directed to introduce the following new scale Rs. 44—2—56—2½—71—E.B.—3—92 (6+6+7=19 years). The fitting in should be done according to the numbers of years served by the concerned employees.

. Now I come to the demand relating to the carpenters. In A. E. I. their existing position is Rs. 47—2—77—E.B—2½—92 (15+6=21 years).

In the charter of demands, I do not find that the Union has made any specific demand regarding this class of employees. The position of carpenters in Indian Cables and Phillips appear to be better. But since there has been no demand for the improvement of the lot of this class of employees by the union, it is not for me to grant any relief suo moto.

Bearers, khalasis, durwans, cash durwans, dak peons, sweepers, liftmen, living-in-durwans are designated as subordinate staff. The scale for the bearers in A. E. I. is Rs. 32—1—44—E.B.—2—60. For living-in-durwan it is Rs.42—1—48—E.B.—2—70. For khalasi, durwan, cash durwan, dak peon, liftman and sweeper, the scale is Rs. 37—1—49—E.B.—2—65.

The Union's demand is that the scale for the subordinate staff should be revised thus : Rs. 60—4—120—5—170. It further wants (1) bearers should start with Rs. 60, (2) Khalasi, durwan, cash durwan, dak peon, liftman and sweeper should start with Rs. 68, (3) living-in-durwan should start with Rs. 76.

In English Electric, coolie, sweeper, mali get Rs. 35—2—45—3—69 (5+8=13 years). In James Finlay, peons and durwans get Rs. 35—1—40—1½—52—2—100—2½—110 (5 + 8+ 24+ 4 = 41 years).

In Indian Cables, peon, bearer, sweeper are in the scale of Rs. 40—3—61—4—89—5—104 (7+7+3=17 years).

In Phillips, sweeper and bearer get Rs. 40—3—61—4—101. In G. E. C., bearer and peon get Rs. 45—2—65—E.B.—3—95 ; mazdoor, sweeper and cleaner get Rs. 40—2—60—E.B.—2—70—2½—95. There is no evidence on record to justify the demands made by the Union on behalf of this class of workers. However, the end salary everywhere appears to be better than in A. E. I. The existing position of coolie, sweeper and mali is rather better even in English Electric than in this Company. It must be borne in mind that English Electric generally does not give higher salaries to its employees than what is given by A. E. I. Therefore, considering all aspects of the case these poorly-paid employees should receive a better deal. The following scales, thereare, should be introduced by the Company :

Living in durwan : Rs. 44—1—48—E.B.—2—70—3—91—(4+11+7)=(22 years). Bearers : Rs. 40—1—44—2—60—E.B.—3—72 (4+8+ 4= 16 years). Khalasi, durwan, cash durwan, dak peon, liftman, sweeper Rs. 40—1—49—2—69 (9+10 =19 years).

Fitting in should be done accordig to the number of years of service put in by the concerned employees.

Issue No. 1 is thus disposed of.

Issue No. 2 : D. A. payable beyond the basic salary of Rs. 300

Admittedly, the dearness allowance in this Company is paid according to the Bengal Chamber of Commerce scheme up to a salary of Rs. 300 only and not beyond it. In course of argument it is also admitted that according to Bengal Chamber of Commerce scheme dearness allowance is paid at the rate of Rs. 240 per cent (per cent) of the salary up to Rs. 100. For the salary range of Rs. 101 to Rs. 200, D. A. is paid at 120 per cent of the salary. For the salary range of 201 to Rs. 300, D. A. is paid at 60 per cent. According to the Bengal Chamber of Commerce scheme, this D. A. is paid on the same rate without ceiling. The demand of the Union is that D. A. above Rs. 300 up to Rs. 750 should be paid on the basis of the percentage of the third hundred. The Company submits that D. A. is paid according to the B. C. C. scheme up to a salary of Rs. 300 only and the issue regarding fixation of D. A. payable beyond the salary of Rs. 300 was referred to the Industrial Tribunal, Maharashtra. The tribunal, after considering the pros and cons of the facts of the case, rejected the contention of the workmen in Maharashtra. The Company submits that this Tribunal should also reject the demand of the Union.

Now is the time to glance through the evidence. P. W. 1 Chandi Das Dutta Chowdhury, an employee of G. E. C. at its head office in Calcutta, states that in his company D. A. is paid according to the scheme of Bengal Chamber of Commerce with no ceiling limit. P. W. 2 Shri Asit Bose of Messrs. English Electric Co. in his oral evidence does not say anything about the D. A. in that company. But Ext. 2 which is an agreement between the English Electric Co. of India Ltd. and its employees represented by the English Electric Co. Employees' Association, gives a picture of the D. A. obtaining in that company. The position there is stated thus—"D. A. : The company will continue to pay the following rates of D. A. (1) to the following categories [of workmen : basic pay..........with Rs. 3 adjustment for every 10 points movement up or down". From the agreement, it appears that a rather complicated system is adopted by this company in the matter of granting D. A. on basic salary above Rs. 300. P. W. 3 Shri Gnanendra Nath Ghose of James Finlay states that there is no ceiling to the effect that D. A. would not be paid after Rs. 300 of the basic pay. He further says : "For the third hundred onward we get D. A. at the rate of 1/4 of the first hundred. At present we get D. A. of Rs. 240 for the first hundred." Ext. 3 which is an agreement between Messrs. James Finlay does not speak anything about D. A. P. W. 5 Sambhu Nath Banerjee of Indian Cables Co. says that D. A. is paid according to the B. C. C. scheme in his Company. He further says that there is no ceiling limit regarding the payment of D. A. in this company. According to him the employees get D. A. for basic pay of Rs. 300 and above at the rate of third hundred ; for the first hundred the D. A. is Rs. 240 ; for the second hundred the D. A. is Rs. 120 and for subsequent hundred it is Rs. 60. The evidence of Himanshu Mukherjee (P. W. 6) of Philips India Ltd., is the same. On the other hand, the Company submits that the tribunal of Maharashtra rejected the demands of the workmen of Associated Electricals Industries (India) Pvt. Ltd. that D. A. should be paid on a sum of basic salary above Rs. 300.

From the evidence, it appears that G.E.C. and other companies are paying D.A. even on a slab of salary above Rs. 300. Therefore, it is necessary to see how much D.A. a man whose salary is beyond Rs. 300 is getting. From the evidence, it appears that for the first hundred, Rs. 240 is given as D.A., for the second hundred D.A. is Rs. 120 and for the third hundred, it is Rs. 60. Therefore, a man who draws basic salary of Rs. 300 gets a D.A. of Rs. 420, that is to say, his monthly emoluments come to Rs. 720. If D.A. is given at the rate demanded by the Union, Mrs. Burwell who draws a salary of Rs. 810 would be getting a D.A. of Rs. 726, or thereabout and her total emolument would come to Rs. 1,536. In my opinion it is not quite justified that such high emoluments should be paid to some members of clerical staff when thousands and thousands of clerks employed in Government offices, hospitals, schools and other less prosperous concerns, are not getting even half as much. Therefore, in the course of my discussion with the learned lawyer for the Union, I pointed out the fact whether high salary is justified when the State Government is unable to pay that salary to the seniormost gazetted officers of the West Bengal Civil Service, the learned lawyer submitted that if the ceiling was raised to Rs. 400, the difficulties experienced by most of the clerks of A.E.I. would be met. The clerks of selection grade of A.E.I. do not get a salary above Rs. 400. Therefore, in my opinion it would sufficiently meet the ends of fairness and equity if the ceiling is raised from Rs. 300 to Rs. 400 and D.A. is paid at the rate of 50 per cent. of what is paid on the third hundred.

Issue No. 3 : Medical Aid

Now I come to the third issue—Medical aid. The present position regarding medical aid in the Company is stated as follows in the Company's written statement :

> "The Company at present gives the following medical aid :—Free medical attention by the Company's Medical Officer when he attends the office clinic during working days and the free supply of medicines prescribed by him.
>
> The Company does not meet the cost of inoculations, vaccinations and the provision of expensive proprietary medicines but where such medicines are necessarily incurred on the recommendation of the Company's medical officer, the matter is considered.
>
> The Company contributes Rs. 8 per day up to a maximum of 30 days (Rs. 240) towards the hospital expenses incurred by members of the staff in respect of themselves while hospitalised.

> The Company considers assistance towards medical expenses, subject to the above limits, incurred by members of the staff at home in connection with cases of illness necessitating hospitalisation, but which is not possible owing to lack of beds or other circumstances. The quantum of such assistance depends upon the circumstances of each individual case and claims are not entertained their satisfactory verification of the claim is considered impossible.
>
> The company submits that the medical aid which it gives to its employees at the head office is just, legal and proper.

P.W. 7 Shri Bhabani Prosad Roy Chowdhury, Secretary of the Union, has stated in his evidence "What is stated in paragraph 11 of the Company's written statement regarding the medical aid given by the Company is correct." The Union's demand regarding medical aid is as follows:

> "Medical aid in addition to the benefits now being extended, the Company shall—
>
> (i) pay Rs. 2·00 per injection for pushing it outside,
> (ii) pay Rs. 8·00 per day for hospitalisation of staff's family members,
> (iii) pay for the prescriptions made by family physicians for the members' family and the staff who become ill at home and cannot report to Office Doctor,
> (iv) pay the cost of teeth and spectacles of the staff."

At the time of hearing, the Union did not press those demands specifically, but wanted that the Company's contribution towards hospitalisation should have no ceiling. Further, the Union wanted that the Company should pay the cost of the treatment of the employees at their residence by private doctors.

As regards evidence, it appears that the English Electric has a scheme of its own for medical aid. This scheme is called "the English Electric Calcutta Employees Medical Benefit Fund." This scheme does not give any guidance in solving the present dispute. In Messrs. Philips, there is a medical scheme, but guidance cannot be derived from that scheme. Exhibit 4 does not give any idea what medical aid scheme exists in Indian Cables. Exhibit 1 also does not give any idea regarding the medical scheme followed by the G.E.C. Therefore, not much benefit can be had from the evidence on record. However, after hearing the learned parties I am of opinion that a certain change should be introduced in the existing medical scheme so that it may prove more beneficial to the employees of A.E.I. The change should be as follows. The Company is directed to contribute Rs. 12 per day up to a maximum of 40 days (i.e. Rs. 480) towards hospital expenses incurred by the members of the staff in respect of themselves on hospitalisation. In addition to the existing benefits, on production of medical certificate from a registered medical practitioner certifying that he paid a professional visit to the residence of the employee patient to treat him, the Company should reimburse the employee at the rate of Rs. 5 per visit to the extent of Rs. 30 in a year, subject to the condition that in one single day only one visit by the doctor can be charged. I have already stated above that the Union did not press its demands for hospitalisation expenses for the staff members and so on. With this I dispose of this issue.

Issue No. 4 : House Rent or clerical and subordinate staff

It is an admitted fact that at present no amount is given by the Company specially ear-marked as house rent. The Union's case in this regard is stated in paragraph 28 of its written statement. The sum and substance of the Union's case is that in Calcutta and suburbs, house rent has gone up by more than ten times and has become impossible for workmen to meet their family budget in regard to the necessaries of life after paying the house rent at an abnormal rate. The Personnel Manager gets Rs. 1,000 as house rent per month. The Area Manager, Eastern India Zone gets Rs. 800, Rs. 1,000 per month is given to the Manager, Furnace Division, and such other high amounts are given to various officers of the Company. Further, the Union's case is that minimum house rent allowed to junior officers who virtually do the clerical job without any administrative or managerial function is Rs. 50 per month. So the union claimed Rs. 30 as house rent allowance for subordinate staff and Rs. 50 for the clerical staff as minimum with a provise of 10 per cent. of gross salary as house rent allowance per month in each case. In his evidence Shri Bhabani Prosad Roy Chowdhury, P. W. 7, stated "We get no house rent. The house rent is not included in the basic salary. Some officers get house rent". In the charter of demands which contains 14 demands, I do not find any demand regarding house rent. The company in reply states that the allegations contained in paragraph 14 of the Union's written statement are not correct, inasmuch as only the Managing Director gets furnished accommodation. The Company further submits that in fixing the wages and D. A., house rent was taken into account and the provision of housing is the responsibility of the State Government. P. W.'s who came from different companies to give evidence, have not said in their depositions that they get house rent from their employers. At the time of argument, the learned lawyer for the Union submitted that in view of the rising tendency visible in the matter of house rent, the tribunal should consider the difficulties experienced by the employees and should direct the Company to give house rent to the employees. The learned lawyer also pointed out the fact that the officers of the Company are given house rent allowance. However, the learned lawyer candidly admitted that he could not give any evidence to show that any company in this region gave house rent allowance to its subordinate and clerical staff. The learned legal adviser for the Company submits that in calculating the D. A. the increase in house rent had been taken into account. He further submits that in fixing the wage also, the factor of house rent is always taken into consideration.

I have considered the matter. The Union did not bring any evidence to show in what way the Company's clerical and subordinate staff are suffering in the matters of getting accommodation within their means. If a landlord charges inordinately high house rent, one can always go to the Rent Controller for fixation of fair rent. This is commonly done. No evidence has been led in to show that in how many cases the clerical and subordinate staff had to go to the Rent Controller for fixation of fair rent. In fact, no evidence has been led to show what amounts are being paid by clerical and subordinate staff for their house rent. From the evidence it appears that there is no company which gives house rent allowance to its clerical and subordinate staff. Therefore, in the circumstances, I do not think it advisable to direct the Company to give house rent allowance as demanded by the union. Moreover, this demand appears to be an afterthought inasmuch as it did not find place even in the charter of demands placed by the Union before the Company. This issue is thus disposed of.

Issue No. 5 : Whether the company is justified in stopping the annual increment for the year 1967. To what relief, if any, are the workmen entitled ?

In its written statement in paragraph 18, the Union states that the annual increment in every year for the preceding year's service falls due with effect from 1st day of the calender year. Therefore, the workmen of the Company in its head office were entitled to their annual increment from 1st January 1967 in the normal course of things. It further states that to put pressure upon the workmen and to make them yield to the terms of the company, the Company withheld the said annual increment due on and from 1st January 1967. In doing so, the Company took the mala fide plea saying that it had given an interim relief in 1966 and so it could not grant increment due on and from 1st January 1967. The Union by its letter, dated 31st January 1967, recorded its protest against the conduct of the Company is not granting the annual increment. The Company in its reply dated 1st February 1967, tried to put the blame on the shoulder of the Union for not effecting the settlement in terms of the Company as excuse for not granting due annual increment. The Union claims that the Company was not justified in withholding the increment on and from 1st January 1967 and the Tribunal should direct the Company to give that increment. In reply the Company denied that to put pressure upon the workmen it withheld the annual increment due from 1st January 1967. The Company's case is that it offered and the Union accepted an interim relief at 10 per cent. of the basic pay for staff drawing a salary (basic) of more than Rs. 60 per month and up to Rs. 300 per month and 12 per cent. for those who were drawing more than Rs. 300 per month or less than Rs. 60 per month, on condition that the date of the proposed new agreement (in case there was one) would be given effect from 1st January 1967. As no agreement could be arrived at and in view of the fact that the workmen at the head office were receiving the said interim relief even after 31st January 1966 there was no question of granting of any annual increment in January 1967. The Company gave in its annexure 'A' of the written statement its letter, dated 17th June 1966, showing on what conditions the interim relief was granted. In Annexure 'A' to the Company's written statement the portion relevant for our purpose is as follows : "The Company proposes that in the event of the staff agreeing to the suggestion to defer the date of a new agreement to 1st January 1967 and seek a new salary structure it will, as an interim measure, enhance existing basic rates by a fixed percentage. This enhancement to apply for a period of twelve months from 1st January 1966. This would cover the periond between the expiry of the old five-year agreement and the date on which a new agreement, i. e., 1st January 1967 would become effective."

The learned lawyer for the Union submits that there is nothing on record to show that the company was entitled to withhold increment from 1st January 1967 because it agreed to pay interim relief to the staff. On the other hand, the learned legal adviser submits that the increment was paid on the understanding that a new agreement would come into being and put into effect from 1st January 1967, but as no agreement could be arrived at between the Union and the Company the matter was referred for conciliation and ultimately for adjudication by this Tribunal. But even after 1st January 1968 the interim relief was continued. Therefore, the Company did not grant increment as it had given higher benefit by way of interim increment to the staff.

To me it appears that the interim relief was granted by the Company voluntarily in the hope that a new agreement would come into effect on 1st January 1967. This hope of the Company did not materialise. Nevertheless, the Company went on giving the interim relief at 12 per cent. or 10 per cent., as the case may be. The Company submits that it should be allowed to adjust the interim relief given by it to the staff towards the increment payable to the staff on and from 1st January 1967. The union submits that the interim relief was given to alleviate difficulties experienced by the staff. Therefore, the Company is not entitled to seek for an adjustment.

I have considered the matter. To me it appears that the staff was entitled to an increment; this was their legal right. The Companv was wrong in withholding that increment. The Company no doubt gave voluntarily some interim relief. The Company was at liberty to withrdraw that interim relief when its hope did not materialise and no new agreement came into being on 1st January 1967, but the Company went on giving an interim relief to the staff, but withheld the increment. In other words, the Company gave the staff what it wanted to give voluntarily and withheld from the staff what was due to them legally and as of right. Therefore, in my opinion, the Company was not justified in stopping the annual increment for the year 1967. The Company must give the increment which is due to the staff. On the question of adjustment, there is no issue. I have already held that the Company was not justified in stopping the annual increment. If the Company voluntarily gives something to the employees and if they accept it, it is for the Company to realise that amount or not. If the Company purchased peace by giving an interim relief to the staff, now it cannot ask the Tribunal to adjust the amount it voluntarily gave to the staff towards the increment which was legally due to the staff. Therefore, I direct the Company to give the increment which it has illegally withheld. This disposes of issue No. 5.

Before I close, I would like to deal with a few submissions of general nature made by the learned lawyer for the Union.

Presenting the case of the Union with a great deal of candour, the learned lawyer for the Union submitted that A. B. I. was progressively making higher and higher profits year after year; therefore, the workmen serving the company were entitled to share in the prosperity of the company. He further argued that as a large chunk of this profit went out of India every year, the Tribunal should allow the workmen's claim to a higher scale of salary and to other amenities.

In my view, high profits are not necessarily the product of hard labour and diligent service rendered by the workmen to their employer companies. High profit is generally achieved by selling the goods/articles purchased or produced by the company at a price far higher than the price paid for the purchase or manufacture of the said goods or articles. In plain words, when a company succeeds in fleecing its customers it achieves a high profit level. Therefore, from the ethical viewpoint of socialistic pattern of society, high profit earned by a company is not morally justifiable. In a socialistic pattern of society, a company should never be free to fleece its customers and pay its employees exotic wages not in keeping with the economic condition of the country. The practice of robbing a large number of Peters (consumers) to pay a few Pauls under the employ of the company (workmen) can never advance the advent of socialistic pattern of society which is the acknowledged goal of this country now.

Office staff of quite a few big industrial and business institutions in Calcutta draw excellent total emoluments which are the envy of many. Senior police inspectors of West Bengal Government (vide Civil list) can never aspire to draw a monthly salary of more than Rs. 650 or so (including D. A.), whereas apparently a good few clerks in these concerns draw emoluments of Rs. 1,000 per month and very many draw Rs. 750 (including D. A.) Moreover these commercial clerks get a respectable purse of handsome amount as bonus every year. A Labour Officer of the West Bengal Government is in the scale of Rs. 250-15-550 (vide Civil list). He gets about Rs. 100 as D. A. and naturally no bonus. Therefore, I feel no hesitation in saying that the salary of the clerical staff of 'A' grade concerns in Calcutta is excellent, specially when viewed in the background of the Indian economic conditions, average per capita income, and salary paid to the Government officers and clerks of this State. The total emoluments received by Mrs. Burwell of A. E. I. is beyond the grasp of senior Deputy Magistrates and Deputy Collectors of the State of West Bengal. Therefore, there is no good reason to go on pampering and coddling the employees of such concerns. Where clerical staff of such concerns get high salaries and Government clerks try to keep up with the company Joneses, corruption in the shape of spinning and extra penny naturally finds an easy entry into Government offices. Therefore, taking a broad view of the society as a whole, it is necessary to hold the wage line of employees of all leviathan commercial concerns—no matter what profit these companies or concerns are able to amass by fleecing the flock of sheep which goes by the name of consumers.

No doubt, companies like A. E. I. are amassing profit which sky rockets year after year. This is borne out by figures supplied by the Union and by figures published in the prospectus of the Company. But this should not mean that staff of such companies should be given wages and salaries which are quite exotic and out of tune with the Indian conditions. Such companies should, in a socialistic pattern of society, without external compulsion give a better deal to their clients and consumers. If they do not do so, the Government, which for the sake of the general mass feels no compunction in pegging down the prices of food stuff produced by hard suffering and hard working farmers and cultivators, who get no retiring benefit at all, should come to the rescue of the consumers of industrial goods and prevent the companies' sharers from fleecing them as they please. In my opinion, this way lies the path of socialistic pattern of society and not in increasing the wages of employees of what may be termed 'high-caste concerns' beyond a certain limit. One may say that there was no call for me to pontificate in this way , but I felt that time has come that some one should cry halt to salary rise of staff who are already well paid. At the same time, some one should try to protect the consumers who are left to the mercy of profiteering insatiates. With these observations, I would like to repel the submissions made by the learned lawyer for the Union.

This is my award.

For the Company (Opposite Party): Shri Nalini Mohan Das Gupta, Advocate.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act filed on 26th June 1967 by Shri Kamini Karmakar and another both being permanent workmen employed at the factory of the Opposite Party Messrs. Calcutta Optical Manufacturing Company at 95/1 Cossipore Road, Calcutta-2.

The allegations are that the applicants were refused employment by the Opposite Party on and from 12th April 1967 by way of victimisation and or unfair labour practice in a mala fide manner for their trade union activities and or for their bona fide membership of the Employees' Union.

The applicants pray for an order treating them as if they are in employment of the Opposite Party.

The Company in their written statement denied the allegations, Their case is that their undertaking in which the applicants were working had been closed with effect from 12th June 1967 and as a result of such closure the services of all such workmen stood terminated with effect from the said date. The Company prayed for rejecting the application as the termination of employment of the applicants as a result of closure under section 25FFF of the Industrial Disputes Act is not a contravention of section 33 of the Industrial Disputes Act.

It is an admitted fact that an industrial dispute between Messrs. Calcutta Optical Manufacturing Company and their employees including the present applicants was referred to this Tribunal by the Government of West Bengal, Labour Department, order No. 1706-IR/IR/11L-269/66, dated the 26th April 1967, for adjudication.

Now, on the date of hearing of this complaint, Shri H. L. Roy, Advocate for the applicants, submitted that his clients did not want to proceed with the instant complaint as their claim was going to be decided in the aforesaid reference case. He has endorsed in the ordersheet to the effect that this case shall not be proceeded with. Accepting this submission made on behalf of the applicants, I order that this complaint under section 33A of the Industrial Disputes Act stands dismissed for non-prosecution.

Second Industrial Tribunal.

Appearances:

For the Company: Shri J. K. Ghosh, Advocate, Shri Lenin Roy, Advocate, and Shri A. K. Bhowmick, Advocate.

For the Union: Shri Narayan Das Gupta, and Shri Bibhas Ghosh, President of the Union.

By order No. 2998-I.R./IR/7L-27/66, dated Calcutta, the 29th July 1966, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Northbrook Jute Mills and their workmen represented by Hooghly Zilla Chatkal Mazdoor Union to this Tribunal for adjudication on the following:

Issue

Is the introduction of the piece-rate system in the Broad Loom and Line Spinning Sections with effect from the 22nd November 1964 justified? If justified, should the piece rates be revised and, if so, in what manner? If not justified, what relief the workmen are entitled to?

After service of usual notices the parties entered appearances and filed written statements. Thereafter the parties took time to make an amicable settlement and ultimately an amicable settlement was made and the parties filed a joint petition stating that they had amicably settled the dispute in terms of the memorandum of settlement, dated 16th August 1968. It was further submitted by both parties before me that the parties desire that the terms of memorandum of settlement should take effect with effect from 19th August 1968.

The joint petition was signed by the representatives of parties. The memorandum of settlement was also similarly signed by the representatives of the parties. I have carefully gone through the terms of settlement which appear to be lawful, fair and reasonable and are accordingly accepted. In the circumstances there is no dispute over the issue referred to this Tribunal for adjudication inasmuch as the parties have settled their dispute in terms of the memorandum of settlement filed. The Tribunal therefore passes an award on the joint petition of compromise in terms of the memorandum of settlement filed making the said terms of settlement part of the award and it is further directed that the terms of settlement should take effect with effect from 19th August 1968.

Short Recital of the Case:

The Management of Northbrook Jute Mill introduced a Time-rate-cum-Incentive Scheme along with an additional group incentive scheme for the pair grame spinners working on Lino and B. L. H. spinning frames and other workers of the Spinning Department in November 1964. A dispute on this issue was raised by the Hooghly Zillah Chatkal Mazdoor Union before the Assistant Labour Commissioner, Chandernagore, and finally the matter was referred to the Second Industrial Tribunal, West Bengal, for adjudication. Both the parties submitted their written statements and on the day of the hearing it was mutually agreed between the parties with the kind permission of the Tribunal that they should sit together and try to arrive at an amicable settlement. Thereafter, a few meetings between the representatives of the Management and the Union were held at the Head Office of the said Company at Chartered Bank Buildings, Calcutta, and the following settlement was arrived at:

Terms of Settlement:

(1) The Time-rate-cum-Incentive Scheme for the Pair Frames Operators of the B. L. H. and Lino Spinning Frames inforce at present will continue.

(2) The present additional group incentive scheme will be substituted by a new scheme of additional individual incentive scheme. In the new additional individual incentive scheme the additional incentive will start from Rs. 13.81 (basic) instead of Rs. 15.21 (basic) as was in the additional group incentive scheme.

(3) The additional incentive for the spinners will be in four stages and the qualifying level is expressed in terms of basic wages earned on the basis of piece work on a pair of spinning frames. The additional individual incentive for spinners will be as follows:

From Rs. 15.21 to Rs. 15.90	Rs. 2.00
From Rs. 15.91 and above.	Rs. 2.75

Lino Sirdars:

In case of Lino Sirdars on pair frames following is the table for incentives extra to the average incentive of the spinners in the line.

4 to 5	Spinners	Rs. 0.75
6 to 7	Spinners	Rs. 1.25

Spinners Bobbin Mazdoor and Feeders Incentive Rates:

AWARD

By the Government of West Bengal, Labour Department, order No. 2288-I.R./IR/11L-180/66, dated the 7th June 1966, and industrial dispute between Messrs. Ganges Rope Company Ltd., Registered Office at 2 Fairlie Place, Calcutta-1, Factory at Sibpur, Howrah, and their workmen represented by Ganges Rope Employees' Congress, 42/1 Kazipara Lane, Botanical Garden, Howrah, was referred to this tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication in respect of the following issue:—

Issue

1. Gratuity

By order dated 12th August 1966 another union, being Rashikal Mazdur Sabha, 4 Nityadhan Mukherji Road, Howrah, was made a party to the order of reference. By another order dated 18th August 1967, the clerical employees of Messrs. Ganges Rope Co. Ltd. c/o. Shri Ram Sen, an Officer of Howrah Rope Workmen's Union, was also made party to the order of reference. (Vide order Nos. 5, dated 12th August 1966 and 21, dated 18th August 1967).

Usual notices were served on the parties after receipt of the order of reference. The parties appeared and filed thir separate written statements.

According to Ganges Rope Employees' Congress the company is a highly prosperous concern. Even then, the workmen of the company are paid very low wages. Company further gives no amenity worth mentioning and as such the workmen of the company are in eternal crisis and sense of frustration arising out of perennial poverty always persists. Considering all the features of the industrial employees in this country, the employees, though enjoying provident fund benefits, are entitled to gratuity also. The company has arbitrarily discriminated in not paying gratuity to its employees, those who have joined after 31st December 1948. They pray for an award granting gratuity at the rate of one month's last pay drawn for each year of service without any ceiling.

The workmen of Messrs. Ganges Rope Co. Ltd., represented by Rashikal Mazdur Sabha in their written statement contended that in spite of high prifitableness and financially sound position of the company, it does not pay living wages to the workmen; that the company is capable to pay additional retiring benefit of gratuity to the workmen.

The clerical staff of the company in their written statement contended that there are about 800 workmen including 32 clerical staff of the company. It has been contended that the company can easily pay gratuity to its workmen, as its financial position is sound and as the company is earning good profits and is a prosperous concern.

The company in their written statement denied all the allegations in the written statements of the aforesaid unions. It has been asserted that there is a provident fund scheme in existence in the company which is very favourable compared to other industries, and a gratuity scheme in which gratuity at the rate of a half month of basic pay of each completed year of service is paid for the period prior to introduction of the provident fund scheme in 1949. It has been alleged that the financial position of the company is but good and due to import restrictions and keen competitions in the market, the future of the industry is very dark. Moreover, no Rope Company in West Bengal grants gratuity to its workmen in addition to provident fund as retiral benefits. It has further been alleged that it would not be possible for the company to bear any additional financial burden in the shape of gratuity, and as such it has been contended on behalf of the company that the claim for gratuity should be rejected.

It is undisputed in this case that the Ganges Rope Company was established so far back in the year 1903 as the first modern rope factory and that it retains its position or supremacy in the Indian market to this day (vide the pamphlet of the Company—Ext. 1). It is further undisputed that there are at present about 800 employees in the company including the clerical staff numbering about 32. Provident fund scheme for the first time came into operation in this concern from the beginning of 1949. It is again admitted that the company is granting double retiral benefit in the shape of gratuity to those employees who joined this concern prior to 31st December 1948. They are being paid gratuity at the rate of 15 days' pay for each year of completed service. (Vide the evidence of P. W. 1 Shri Haradhan Dey, at present the Head Clerk, Excise Department of the company.) So, the question to be considered and decided in this case is whether the employees who joined this industrial concern even after 31st December 1948, are entitled to this double retiral benefit in the shape of gratuity? It is now a settled principle of law that industrial employees are entitled to the double benefit of gratuity. There is no bar, on principle to this double benefit, and the claim must be allowed, subject to the employer's capacity to bear this double benefit. The existence in a concern of a statutory scheme of provident fund does not bar the workmen from claiming introduction of a gratuity scheme also. The Act does not exclude the jurisdiction of Industrial Tribunals to entertain such a demand. Thus the principle is that the workmen can be given a double benefit of gratuity as well as provident fund provided that the financial capacity of the company is capable of bearing this double burden. The fact that the warkmen are already enjoying the benefit of a provident fund scheme does not bar their claim to a scheme of gratuity also, when the employer concern is financially capable of bearing the additional burden; or in other words, unless when the employer is unable to bear the additional burden because of his weak financial position.

Ordinarily the industry-cum-region basis must be preferred to the unit-basis or the all-India basis. This however is not a rigid rule. Uniformity in all concerns in the same industry in the same region is the objective, but the Tribunals have a discretion in this matter and reasonable modifications according to the financial position of each concern are allowable. In considering the question of gratuity benefit, the industrywise basis must be adopted, and not the unitwise basis, and in doing so, the region-cum-industry basis must be adopted, and not the all-India basis. The industry-cum-region basis is not an inflexible rule which must be adopted in every case.

On the aforesaid principle, the company examined several witnesses, i.e., D.Ws. 1 to 5, employees of different concerns. D.W. 1 Shri Kamalendu Sekhar Chatterji is the Labour and Welfare Officer of Shalimar Rope Works, where 800 workers are employed. This factory has been started so far back in the year 1815. D.W. 1 stated that there is no gratuity scheme enforced in their concern, but provident fund scheme is in existence. But it appears from Ext. 2 a copy of a tripartite settlement, dated 25th April 1968, between Shalimar Rope Works Ltd., where D.W. 1 works as a Labour and Welfare Officer, and their workmen represented by Shalimar Rope Workmen's Union, that the gratuity scheme came into force in that concern from the date of the settlement. So, the employees of Shalimar Rope Works, Howrah, where the factory of the Ganges Rope Co. Ltd., is also located, are today enjoying gratuity benefits. D.W. 2 Shri Ahi Bhusan Banerji is one of the Directors of the Bengal Rope Works, started some time in 1914. But this concern can in no way be compared with the company in question because only 40 to 45 workers are employed in Bengal Rope Works. Provident fund scheme is in existence, but there is no gratuity. D.W. 2 admitted that their products are not in much demand in the market. So I exclude the evidence of D.W. 2 to compare with the company in question. So also the evidence of D.W. 3, Shri Santi Charan Roy, an employee of Basudev Rope Works, cannot be considered in this case. In this concern there is privident fund but no gratuity, and merely 50 workers are employed and here mostly hand-spinning work is done. The evidence of D.W. 4 Shri Satya Charan Choudhury, an employee of G. D. Banerji & Company, also is of no help to us. Provident fund scheme is there, but there is no gratuity. Only 40 workmen are employed there and work is done only by hand-spinning. In the company, being S. C. Mullick & Co., where D.W. 5 Shri Pran Krishna Mullick works, there is provident fund scheme but no gratuity. According to D.W. 5, only 36 male permanent workmen and 23 female piece-rated workers are employed in the factory. The evidence of D.W. 5 also does not help us. D.W. 6 is the Assistant Manager of the concern in question being Ganges Rope Works and D.W. 7 is the Engineer employed in the company since 1948 and is in charge of maintenance of all machineries in the company.

P.W. 1 is the Head Clerk, Excise Department of Ganges Rope Works. P.Ws. 2, 3 and 4, all employees of Ganges Rope Works, have been examined only to show that they are very hard-hit on account of their low paid wages and as such they are to incur loans from their provident fund accounts, Co-operative Society and also from outside. P.W. 5 is a dismissed employee of Messrs. Guest Keen, Williams & Co. He is, of course, connected with trade union activities in the locality and is the working President of Ganges Rope Employees Congress. We thus find that we have got no comparable unit in this case excepting of course the Shalimar Rope Works, where it is proved that the scheme of gratuity has come into force since April 1968.

Next coming to the financial capacity of the employer we find from the balance sheets, Ext. 1 series, that it is an earning concerns. The paid up capital of this company is nearly Rs. 14 lakhs.

Reserve and surplus from the balance sheet of 1967 appears to be more than Rs. 25 lakhs, which exceeds paid up capital of Rs. 7 lakhs. It is thus a concern of growing prosperity. Its sales increased substantially within 10 years from 1959 till 1967, from Rs. 75 and odd lakhs to Rs. 1 crore 31 and odd lakhs. The company produced before me their balance sheets for those 10 years from 1959 to 1967. From the profits, dividends were declared during those 10 years up to a sum more than Rs. 28 lakhs and the Managing Agent's commission was also allowed to the extent of Rs. 12.63 lakhs. The company sought to adduce evidence through D.W. 7, their Engineer, that most of their machineries require immediate replacement and such replacement would cost about Rs. 50 lakhs. He has produced several estimates and statements (vide Exts. F and H). But D.W. 7 admitted in his cross-examination that he has got no knowledge about the financial condition of the company. He further admitted that in the year 1962, they installed certain other new machineries in the factory which machineries are not required to be replaced within 25 years of their installation and as such these machineries are not in his chart, Ext. F. He further admitted that by installation of these modern machineries, their production has increased since 1952. As regards the future prospect of the products of the company, D.W. 6 stated that they manufacture rope from vegetable fibre. According to D.W. 6, their Assistant Manager, their products are being replaced by synthetic fibres and philamen, specially Polypropelene. He further stated that the ropes, made from polypropelene are fast replacing these manila ropes which is forecasting a very gloomy future for these hard fibres. He has referred to a survey report from the F.A.O. recently published in journal, Ext. E. According to him, they cannot manufacture ropes and chordages prepared from synthetic fibres and philamens. But this witness admitted in his cross-examination that very recently they had started export, on the ground that they are losing markets in India. He further admitted that he is not concerned with financial accounts and had no document in support of his statement that the sale of their manufactured goods are declining. On the other hand, I find from the other documentary evidences, specially the balance sheets, Exts. I series, that the financial position of the company is very sound. The future prospect of the company has not been proved to be very gloomy, as was sought to be proved by the company through D.W. 7. Now, the financial burden of a gratuity scheme must be calculated on the practical basis that only 3 to 4 per cent of the employees retire every year and not theoretically on the acturial basis. In calculating the burden of proposed gratuity scheme, this tribunal must assess the actual burden imposed on the basis of annual retirement of 3 to 4 per cent. of the employees and not theoretically on the acturial basis. The evidence on the percentage of retirement on the side of the workmen is 7 to 8. Whereas the company submitted a chart (vide Ext. L) showing that the average retirement per year from 1963 to 1967 in respect of their employees is 23. Even if we accept this number 23, the percentage of retirement would not be above 4, when it is admitted that the total number of employees would be about 800 or 850. Further considering the wage scale of the employees of the company as appearing from the evidences on record I am of opinion that roughly about Rs. 10,000 would be the total liability per annum. It is also to be noted that the company will get an exemption of tax on the sum of gratuity to be paid by them per annum to their retired employees.

A gratuity scheme is a long-term scheme requiring a long-term view. The required fund has to be built up gradually over many years and as the employer is not required to raise the whole fund immediately, his capacity to bear the burden of the scheme is to be determined not on the basis of his capacity to set up the whole amount presently but on his capacity to build up the fund progressively.

On a consideration of the entire evidences on record, both oral and documentary, I hold that the financial position of the company is such that it allows a scheme of gratuity to be enforced in this company. I further hold that the future prospect of the company is not bad at all, so as to reject the employees' claim for gratuity. I again hold that the financial condition of the employer is sound enough to enable to bear the additional burden of the scheme of gratuity.

In the result, I hold that the employers of the company in question are entitled to the double retiral benefit, i.e., a scheme of gratuity and I allow the same.

Next, as regards the minimum period of service entitling the workmen to the benefit of gratuity, I am of opinion, it should be 15 years in this case. The rate of gratuity or the ceiling of the maximum amount payable as gratuity must be reasonable and must be uniform for all classes and categories of employees in this concern. It is improper to make a distinction between operatives and other staff. I may mention here that the retiring age of the employees of this concern as fixed by the standing rule, Ext. N, is on the attainment of 60 years or on the completion of 30 years of service, whichever is earlier. I have already mentioned above that the employees, who joined this concern prior to 31st December 1948 are getting gratuity to the extent of 15 days' basic wages up to a maximum amount of 15 months' pay. The financial condition of this concern is quite enough to bear the burden of introducing the scheme of gratuity, to those employees even after the said date, i.e., since 1st January 1949, when the provident fund scheme had admittedly came into operation in this concern. I allow the same scale of gratuity to all categories of workmen of this concern including the clerical staff who might have joined prior to or after 31st December 1948 and even on that date.

In the result, I frame the gratuity scheme as follows:

(1) Gratuity at the rate of half a month's basic wages or salary for each completed year of continuous services subject to a maximum of 15 months' basic wages or salary

on superannuation at the age of retirement, or on the death of an employee while in the service of the company, or on his physical or mental disability to continue further in service, when so certified by the doctor nominated by the company, after completion of 15 years of continuous service.

(2) Gratuity at the rate of 15 days' basic wages or salary for each year of service subject to a maximum of 15 days' basic wages or salary on voluntary retirement or resignation or termination of services by the company of an employee or on discharge or dismissal for misconduct after completion of 15 years of continuous service. However, in case of discharge or dismissal for misconduct involving the company's loss of property, the amount of gratuity will be reduced to an actual amout of loss sustained by the company.

(3) In all cases, gratuity shall be calculated on the basis of average basic salary or wages drawn during the last previous 12 months, i.e., prior to leaving the services of the company.

(4) There shall be same rule of gratuity scheme for all classes and categories of workers of Messrs. Ganges Rope Co. Ltd., whatever might be the date of their joining this concern.

In conclusion, I hold that this scheme of gratuity should be introduced with effect from the 1st August 1968 and the existing gratuity scheme of the company shall be inoperative from this date.

This is my award.

For the Complainants: Shri H. L. Roy, Advocate.

For the Company: Shri N. M. Das Gupta, Advocate.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act filed on 13th June 1967 by Shri Jugal Kishore Sarkar and 24 others, all being permanent workmen employed at the factory of the Opposite Party Messrs. Calcutta Optical Manufacturing Company at 95/1 Cossipore Road, Calcutta-2.

The allegations are that the applicants were refused employment by the opposite party on and from 12th April 1967 by way of victimisation and/or unfair labour practice in a mala fide manner for their trade union activities and/or for their bona fide membership of the Employees' Union.

The applicants pray for an order treating them as if they are in employment of the opposite party.

The Company in their written statement denied the allegations. Their case is that their undertaking in which the applicants were working, had been closed with effect from 12th June 1967 and as a result of such closure, the services of all such workmen stood terminated with effect from the said date. The Company prayed for rejecting the application as the termination of employment of the applicants as a result of closure under section 25FFF of the Industrial Disputes Act, is not a contravention of section 33 of the Industrial Disputes Act.

It is an admitted fact that an industrial dispute between Messrs. Calcutta Optical Manufacturing Company and their employees including the present applicants was referred to this Tribunal by Government of West Bengal, Labour Department, order No. 1706-I.R./IR/11L-269/66, dated the 26th April 1967, for adjudication.

Now, on the date of hearing of this complaint Shri H. L. Roy, Advocate for the applicants, submitted that his clients did not want to proceed with the instant complaint as their claim was going to be decided in the aforesaid reference case. He has endorsed in the order-sheet to the effect that this case shall not be proceeded with. Accepting this submission made on behalf of the applicants I order that this complaint under section 33A of the Industrial Disputes Act stand dismissed for nonprosecution.

This is my award.

Issue

Whether the refusal of employment to Miss Manjushree Biswas with effect from 24th October 1966 to 25th November 1966 and her subsequent dismissal are justified? To what relief, if any, is she entitled?

On receipt of the reference notices were served on the parties, and they appeared and filed their respective written statement.

The Company raised some preliminary legal points as to the maintainability of the reference and the Tribunal disposed of the same by its order No. 15, dated 20th March 1968.

Thereafter on 13th March 1968 the lawyers of both sides appeared and filed a joint petition of compromise embodying therein the terms of settlement and prayed for a 'no dispute' award in terms of the said settlement.

For the Union: Shri J. Pandey, Advocate.

Order No. 9, dated 27th July 1968

This case has been taken up analogously for hearing a point of maintainability as preliminary point along with cases Nos. 42/67, 43/67, 44/67, 45/67, 10/68, 3/68, 2/68, 11/68, 13/68, 1/68 and 12/68 between the same Company and different individual workmen in terms of my previous order No. 8, dated 24th July 1968, passed in this case.

All these cases arise out of separate petitions under section 33A, Industrial Disputes Act, by different individual workman against the Opposite Party-Company.

The specific case of the respective petitioner-workman in each case is that an industrial dispute was pending adjudication in this court by the Government order of reference No. 3687-I.R./IR/7L-9/67, dated 3rd August 1967, and during the pendency of that industrial dispute the respective petitioner-workman has been dismissed from service, but no petitions have been filed under section 33(2)(b), Industrial Disputes Act, against them nor the petitioners-workmen have been paid one month's wages in compliance with section 33(2)(b), Industrial Disputes Act. Hence the petitions.

The opposite party-Company has taken up a preliminary point in each of the W.Ss. filed in different cases contending that the petitions under section 33A, Industrial Disputes Act, are not maintainable, as there has been no contravention of the provisions of section 33, Industrial Disputes Act. It is specifically alleged that an industrial dispute was referred to the First Industrial Tribunal for adjudication between the opposite party-Company and their workmen by the Labour Department, Government of West Bengal, by its order No. 1367-I.R./IR/7L-9/67, dated 5th April 1967, which is still pending and the opposite party-Company has filed petitions under section 33(2)(b), Industrial Disputes Act, before the First Industrial Tribunal for approval of the action taken against each of the petitioners-workmen.

The following preliminary point, therefore, arises before me for determination at this stage:

Preliminary point for Determination

Are the petitions under section 33A, Industrial Disputes Act, maintainable?

DECISIONS

Point 20(i)

There is no dispute before me that an industrial dispute referred by the Labour Department, Government of West Bengal, by its order of reference No. 1367-I.R./IR/7L-9/67, dated 5th April 1967, to the First Industrial Tribunal is already pending between the opposite party-Company and its workers. The specific case of the respective petitioner-workman is that no petition under section 33(2)(b), Industrial Disputes Act, has been filed simultaneously with the orders of dismissal passed against the petitioners-workmen nor one month's wages have been paid to them. The opposite party-Company questions the maintainability of the present petitions under section 33A, Industrial Disputes Act, on the ground that there has been no violation of the provisions of section 33, Industrial Disputes Act.

It is well-settled law that a petition under section 33A can only be filed by a workman if thereby any violation of the provisions of section 33, Industrial Disputes Act. The specific violation of section 33, Industrial Disputes Act, by the opposite party-Company has been alleged in the respective petition of the petitioners-workmen stating that no petition has been filed under section 33(2)(b), Industrial Disputes Act, for approval of the orders of dismissal passed against the petitioners-workmen nor they have been paid one month's wages in compliance with section 33(2)(b), Industrial Disputes Act.

The opposite party-Company's specific case is that the petitions under section 33(2)(b) have been filed before First Industrial Tribunal on the respective date of dismissal of the respective petitioner-workman and also that all the petitioners-workmen have been offered one month's wages in compliance with section 33(2)(b), Industrial Disputes Act. I am taking up these points one by one and the first point first.

The opposite party-Company has examined its Labour Officer as O.P.W. 1 in support of its case. The petitioners-workmen have examined 2 of them, namely Shri Gopal Prasad and Chandradip as P.Ws. 1 and 2 respectively. O.P.W. 1 has stated in his examination-in-chief that they have stated the numbers of cases under section 33(2)(b), Industrial Disputes Act, pending before the First Industrial Tribunal in their W.Ss. along with the respective date of filing of the petitions under section 33(2)(b), Industrial Disputes Act. In his cross-examination, he has stated that the notices of dismissal were sent to the petitioners-workmen Durjan, Nirjal, Paras and Chandradip on 9th August 1967 and the petitions under section 33(2)(b), Industrial Disputes Act, were also filed against them on the same date. He has next stated that the petitions under section 33(2)(b), Industrial Disputes Act, against the other petitioners-workmen were filed on 11th September 1967. Be it noted that it is not disputed that the petitioners-workmen Durjan, Nirjal, Paras and Chandradip were dismissed on 9th August 1967 and the remaining eight petitioners-workmen were dismissed on 11th September 1967. The petitioner-workman Shri Gopal Prasad has stated as P.W. 1 that the petitions under section 33(2)(b), Industrial Disputes Act, against the petitioners-workmen Durjan, Nirjal, Paras and Chandradip were filed on 9th October 1967. He has also stated that the petition under section 33(2)(b), Industrial Disputes Act, has been filed against the petitioner-workman Dharam Nath on 11th September 1967 and against the seven other petitioners-workmen on 9th November 1967. No useful purpose would be served by considering the oral evidence as to the dates of filing of the petitions under section 33(2)(b), Industrial Disputes Act, before the First Industrial Tribunal and so I called for the register of connected cases and the records of these cases for ascertaining the dates of filing of the petitions under section 33(2)(b), Industrial Disputes Act. It appears from these cases that the petitions under section 33(2)(b), Industrial Disputes Act, were filed against the petitioners-workmen Durjan, Nirjal, Paras and Chandradip on 9th August 1967, but the first order has been passed by the Judge-in-Charge, First Industrial Tribunal, on 9th October 1967. The date of filing bears the seal of the First Industrial Tribunal put on and also from order No. 1, dated 9th October 1967, in the abovesaid four cases, wherein it has been indicated that the petitions were received on 9th August 1967. It also appears from the register of cases that these cases were filed on 9th August 1967 and were given cases Nos. 254, 255, 256 and 257 being entries

Nos. 16, 17, 18, and 19 of the relevant register. It is crystal clear that these petitions under section 33(2)(b), Industrial Disputes Act, against the petitioners-workmen Durjan, Nirjal, Paras and Chandradip were filed on 9th August 1967. P.W. 1 has admitted that the petition under section 33(2)(b), Industrial Disputes Act, against the petitioner-workman Shri Dharam Nath was filed on 11th September 1967. It also appears as such from order No. 1, dated 11th September 1967, passed in the relevant case No. 278/67 of the First Industrial Tribunal and also from the date written as the date of filing on the letter of authority accompanying the petition. It appears from the register of cases that the case was filed on 11th September 1967 and was given case No. 278/67 as such. As to other seven petitions under section 33(2)(b), Industrial Disputes Act, filed against the remaining petitioners-workmen, the opposite party-Company's case is that these were filed on 11th September 1967, whereas the petitioners-workmens' case is that these were filed on 9th November 1967. It appears from the records of these cases that these were filed on 11th September 1967 as is evident from the order No. 1, dated 9th November 1967, of the Judge-in-Charge, First Industrial Tribunal, and also from the date of filing, written on the accompanying letters of authority to the petitions themselves. It also appears from the register of cases that all these petitions were filed on 11th September 1967 and were given cases Nos. 270, 271, 273-277 as such. Under the circumstances, I find that all these petitions were filed on 11th September 1967.

Under section 33(2)(b), Industrial Disputes Act, an employer is liable to file a petition before the Tribunal or Labour Court in which an industrial dispute is pending for approval of the order of dismissal passed against the workman and the date of filing must be accepted to be the date of receipt of the petition in court and not the date of passing of the first order on record. The employer finishes his duty by filing a petition in court and cannot suffer in any way even if the orders are not passed by the court on the date of filing of the petition. The Industrial Tribunal or Labour Court may also cause registration of the cases on the date of filing, though the order may be signed on any subsequent date. It is true that in all cases out of 12 connected cases, the date of order or proceeding has been shown to be a later date than the date of filing, which could have been easily avoided by putting a dated signature. Be that as it may, this passing of the order of registration of the cases on a subsequent date does not annul the fact of filing of the petitions on a previous date as alleged in these cases by the opposite party-Company. So, I accept the opposite party-Company's case that the petitions under section 33(2)(b), Industrial Disputes Act, have been filed in time before the First Industrial Tribunal.

Even if it be conceded that these petitions were not filed in time, it cannot be found by this court that the petitioner-Company has contravened the provisions of section 33(2)(b), Industrial Disputes Act, as this matter has got to be decided by the First Industrial Tribunal, before which the petitions are filed and this court cannot be called upon to decide whether the petitions filed before the First Industrial Tribunal have been filed in time in compliance with section 33(2)(b), Industrial Disputes Act, or after time in contravention of the provisions of the Act as such. As the petitions under section 33(2)(b), Industrial Disputes Act, are pending, the petitioners-workmen cannot allege that there has been contravention of section 33(2)(b), Industrial Disputes Act, entitling them to file the petitions under section 33A, Industrial Disputes Act, against the opposite party-Company.

The next point relates to payment of one month's wages to the petitioners-workmen in compliance with section 33(2)(b), Industrial Disputes Act. It is well-settled law that even offer of one month's wages would amount to payment for the purpose of section 33(2)(b), Industrial Disputes Act. Exts. C series are the copies of letters of dismissal sent to the eight petitioners-workmen, namely, Kuseswar, Lachman, Laxman, Kopildeo, Bhagabati, Gopal Prasad, Dharam Nath and Ramlagan, and there is a clear offer of one month's wages in the notices of dismissal to these petitioners-workmen. Exts. A series are the copies of notices of dismissal sent to the petitioners-workmen Durjan, Nirjal, Paras and Chandradip and there is no offer of one month's wages in these notices. Exts. 1 series are the original such notices served upon the petitioners-workmen Shri Chandradip, Durjan and Paras and these have been proved by the petitioner-workman Chandradip as P.W. 2. It is the specific case of the opposite party-Company that another set of letters were issued to them by which one month's wages were offered to the petitioners-workmen Durjan, Nirjal, Paras and Chandradip. These letters have been proved as Exts. B series. There is an endorsement of refusal by the Head Clerk of the opposite party-Company Shri R. R. Mukherjee, who has not been examined. The endorsement and the letters have been proved by O.P.W. 1 Shri S. S. Agarwalla. He has no personal knowledge of tender of these letters to the petitioners-workmen Durjan, Nirjal, Paras and Chandradip and consequent refusal by them to accept the letters.

Of these petitioners-workmen, Chandradip deposed as P.W. 2 and has categorically denied in his cross-examination that no such letter was tendered to him by the Head Clerk of the opposite party-Company, which he refused to accept.

On the existing evidence, I am unable to accept that Exts. B series were really tendered to the petitioners-workmen Durjan, Nirjal, Paras and Chandradip, which they refused to accept and as a result I am not in a position to accept that there has been tender of one month's wages to these above-said 4 petitioners-workmen in compliance with section 33(2)(b), Industrial Disputes Act.

On the above discussions, I find that the opposite party-Company has complied with the provisions of section 33(2)(b), Industrial Disputes Act, by filing petitions before the First Industrial Tribunal for approval of the orders of dismissal in time and also by offering one month's wages to the petitioners-workmen, Kuseswar, Lachman, Laxman, Kopildeo, Bhagabati, Gopal Prasad, Dharam Nath and Ramlagan and so the petitions under section 33A, Industrial Disputes Act, by these petitioners-workmen bearing cases numbers 42/67, 10/68, 3/68, 2/68, 11/68, 13/68, 1/68 and 12/68 are not maintainable.

As to the cases filed by the other petitioners-workmen Durjan, Nirjal, Paras and Chandradip bearing cases Nos. 43/67, 41/67, 44/67, and 45/67, the opposite party-Company has failed to prove its case of compliance with section 33(2)(b), Industrial Disputes Act, by payment or offer of one month's wages and so I find these cases to be maintainable.

To 4th September 1968 for further hearing of cases Nos. 41, 43, 44 and 45/67.

No. 6309-I.R./IR/8L-2/68.—26th August 1968.—Whereas under the Government of West Bengal, Labour Department, order No. 3007-I.R./IR/8L-2/68, dated the 23rd May 1968, the industrial dispute between Messrs. Brajo Kishore Sarkar, 85 S. K. Dev Road, Calcutta-48, and their workman Shri Krishna Halder represented by Dum Dum Weaving Factory Workers' Union, 185 Dum Dum Road, Calcutta-28, regarding the issue mentioned in the said order being a matter specified in the Second Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the First Labour Court;

And whereas the said First Labour Court has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Brojo Kishore Sarkar, 85 S. K. Dev Road, Calcutta-48, and their workmen Shri Krishna Halder represented by Dum Dum Weaving Factory Workers' Union, 185 Dum Dum Road, Calcutta-28, referred under G.O. No. 3007-I.R./IR/8L-2/68, dated 23rd May 1968. (Case No. VIII—C-46/68.)

BEFORE THE FIRST LABOUR COURT,
WEST BENGAL

Present:

Shri S. P. BAGCHI, Judge.

AWARD

The Government of West Bengal, Labour Department, by order No. 3007-I.R./IR/8L-2/68, dated the 23rd May 1968, referred to this court under section 10 of the Industrial Disputes Act, 1947, an industrial dispute relating to the undermentioned issue existing between Messrs. Brojo Kishore Sarkar, 85 S. K. Dev Road, Calcutta-48, and their workmen Shri Krishna Halder represented by Dum Dum Weaving Factory Workers' Union, 185 Dum Dum Road, Calcutta-28, for adjudication.

Issue

Whether the refusal of employment to Shri Krishna Halder since March 1966, is motivated and consequently unjustified? To what relief, if any, is he entitled?

Usual notices were served on the parties under registered post with A.D. fixing 17th June 1968 for their appearances. The parties appeared before this court on 17th June 1968 as directed. But as I was absent on that date the case was put up for orders on 18th June 1968. On 18th June 1968 on the application of the union which appears to have been filed in court on 17th June 1968 time was granted for filing written statement by the union in triplicate on 1st July 1968. On 1st July 1968 the union however took no step for filing its written statement. A chance, however, was given to the union for filing written statement by 15th July 1968 in triplicate. On 15th July 1968 the parties were again absent and took no step in connection with this reference. Notices, therefore, were issued upon the parties by way of abundant precaution under registered post with A.D. fixing 30th July 1968 for their appearances and for filing of the written statement by the union. The notices appeared to have been duly served upon the parties on 23rd July 1968. But they were again found absent on 30th July 1968 and they did not also take any step for explaining their absence satisfactorily. The case was, therefore, directed to be put up on 13th August 1968 for orders. On this date as well the parties were also absent and did not also take any step to assign any satisfactory reason for their absence. It therefore appears that the parties have ceased to take any active interest in the dispute and I can certainly proceed on the footing that the industrial dispute under reference is no longer in existence. I accordingly pass a 'No-dispute' award. The instant reference is accordingly disposed of.

AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. The Indian Molasses Co. Private Ltd., 232/A Lower Circular Road, Calcutta-20, and their workmen represented by Motor Transport Workers' Union, 249 Bepin Behari Ganguly Street, Calcutta-12, to this court by its order No. 3683-I.R./IR/11L-22/67, dated 3rd August 1967, under section 10, Industrial Disputes Act on the following issue:

Issue

Whether the dismissal of Janab Md. Ali is justified? What relief, if any, is he entitled to?

Usual notices were served upon the parties directing them to appear on 15th September 1967, and the Union to file its written statement by that date. The parties appeared on that date and Union filed a petition for time for filing written statement, which was allowed by my order No. 2, dated 15th September 1967, fixing 30th September 1967 for filing written statement by the Union. The Opposite Party-Company filed an authority authorising Shri M. Saha, Advocate to represent its case. The Union did not file its written statement on 30th September 1967 and 25th October 1967 was fixed for filing written statement by my order No. 3, dated 30th September 1967. The Union took time for filing written statement on several occasions and ultimately filed its written statement on 2nd December 1967. By my order No. 6, dated 2nd December 1967, the Opposite Party-Company was directed to file its written statement by 22nd December 1967 and the Opposite Party-Company/filed its written statement accordingly. The case was fixed for hearing on 18th June 1968, but was adjourned to 26th July 1968 for hearing on the petition of the Opposite Party-Company. The Opposite Party-Company again filed a petition for time on the ground of effecting compromise, which was allowed by my order No. 15, dated 26th July 1968, fixing 17th August 1968 for compromise, in default, for hearing. Parties have filed a joint petition of compromise on this date containing the terms of settlement and is under the signatures of Shri J. P. Pandey, Manager for the Opposite Party-Company and Shri S. R. Ghosh for the Union.

On a perusal of the petition of compromise, I find the terms of compromise to be lawful, reasonable and fair and that the parties have compromised the entire dispute pending between them as such. Under the circumstances, I am inclined to pass a "no-dispute" award on the basis of the joint petition of compromise. A "no-dispute" award be passed accordingly, the joint petition of compromise being made a part of this award.

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Rington Tea Estate, post office Sonada, district Darjeeling, and their workman represented by Darjeeling District Chia Kaman Mazdur Union, post office and district Darjeeling, referred under G.O. BEFORE THE FIRST LABOUR COURT, WEST BENGAL

AWARD

The Government of West Bengal, Labour Department, by order No. 1815-I.R./IR/9L-17/68, dated the 28th March 1968, referred to this Court under section 10 of the Industrial Disputes Act, 1947, an industrial dispute relating to the undermentioned issue existing between Messrs. Rington Tea Estate, post office Sonada, district Darjeeling, and their workmen represented by Darjeeling District Chia Kaman Mazdur Union, post office and district Darjeeling, for adjudication.

Issue

Whether the suspension of Shri Man Bahadur Rai for an indefinite period is justified? What relief, if any, is he entitled to?

The parties were duly served with notice of the proceeding before this court. The Tea Estate did not take any step whatever. The Union sent a memorandum of settlement which purported to have been signed by Shri D. R. Chowdhury and Shri D. B. Manson on behalf of the Company along with the application stating inter alia that the dispute between the parties had been amicably settled on the terms as embodied in the said memorandum of settlement and praying that a No dispute award should be passed accordingly. Although one of the signatures on behalf of the Company, namely, that of Mr. D. B. Manson appearing on the memorandum of settlement, appeared to agree well with the one on the acknowledgment receipt yet by way of abundant precaution a memorandum of settlement and an application which had similar signatures thereon and were furnished by the Union were sent under registered post with acknowledgement due along with a notice directing the Company to inform this court within three days from the service of the notice whether the agreement as evidenced by the memorandum of settlement was genuine or not. The Company was further informed by the said notice that in case of default as aforesaid the memorandum of settlement shall be taken to have been signed by the parties duly and a No dispute award would be passed in terms thereof as prayed for by the Union. It may be mentioned that the Union had sent the memorandum of settlement and the application to this court in triplicate. The Company appears to have been served duly with the said notice along with the enclosures at least before 27th July 1968. But no step whatever has been taken by the Company in the matter till now. In such circumstances, we can have no reason to doubt the genuineness of the agreement as evidenced by the memorandum of settlement and we can certainly accept and act upon it. Were it not so the Company would have rushed a reply to this court. That only would have been consistent with the course of ordinary human conduct. I have looked into the memorandum of settlement and I think the terms thereof are fair, reasonable and lawful. I accordingly pass a No dispute award in terms of the said memorandum of settlement which do form part of the award. The case is accordingly disposed of.

In the matter of an industrial dispute between Messrs. Manindra Mills Ltd., P-49 B. K. Paul Avenue, Calcutta-5, and their workman Shri Nepal Ch. Saha, 6/4/1/1/12 Sea Garden Lane, Calcutta-2. (Case No. VIII—565 of 1967.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri H. N. SEN, Judge,
Second Industrial Tribunal.

Government of West Bengal, in the Labour Department, by its order No. 3484-I.R./IR/8L-51(A)/67, dated 25th July 1967, referred an industrial dispute between Messrs Manindra Mills Ltd., and their workman Shri Nepal Ch. Saha, to this Tribunal for adjudication on the following:

Issue

Whether termination of service of Shri Nepal Ch. Saha by way of refusal of employment is justified? To what relief, if any, is he entitled?

Upon service of usual notices the parties entered appearance. The company filed its written statement long after, i.e., on 11th June 1968. Thereafter the company took two adjournments and the case was listed for hearing on 17th August 1968. But on that date the company failed to turn up and was found absent. The Tribunal waited till 12 O'clock but when none appeared for the company the case was taken up ex-parte.

The petitioner's case is that he was an employee under the opposite party company since September 1943. He was suffering from rheumatism and other allied diseases and as the disease took a serious turn he applied for leave on medical ground on 31st August 1965. As he got no reply to that from the company he reiterated his said prayer for leave by another letter, dated 10th September 1965, along with a medical certificate. After a lapse of four months he received an intimation from the company by its letter, dated 29th December 1965, that his leave application was not considered to be genuine. The applicant however sent a reply to that but there was no further communication from the side of the company. When after a prolonged treatment the petitioner was cured of his ailment he sent a letter to the company, dated 30th November 1966, enclosing a fit certificate and intimated to the company his willingness to join his duties on 5th December 1966 but when he reported on the said date, work was refused to him and he was asked to get out of the office. Personal representations to the company was thereafter made without any effect. In the circumstances the petitioner approached the Labour Commissioner, who arranged for conciliation but the company did not join the same. Thereafter on the move of the petitioner, the present reference was made on the aforesaid issue.

Appearances of the parties are as follows:—

For the Company: None.

For the workman: Shri Nanda Srimani, Advocate.

Decision

The annexures to the written statement filed by the petitioner and more particularly from the company's reply, dated 29th December 1965 (annexure 3) to the initial written statement it would appear that even though a large number of workers had been retrenched by the company, the petitioner had not been retrenched. The company however assumed that the petitioner had voluntarily stopped attending office in protest against the company's retrenchment of staff and sent the leave application to build up a legal excuse for that. That was why after a long lapse of time the company intimated to him that the leave application is only an excuse and not genuine and the leave prayed for could not be granted. Annexures to the written statement would make it appear how the leave application sent by the petitioner on 31st August 1965 and later reiterated in letter dated 10th September 1965 (annexures 1 and 2 to the original written statement) had been misinterpreted by the company. In any event there was no further communication from the side of the company after issue of the letter, dated 29th December 1965 by the company to the petitioner. The petitioner was neither charge sheeted nor dismissed for remaining absent without leave. That is more significant in the present case. The petitioner examined himself as P. W. 1. In his evidence he explained the documents made annexures to his written statement to indicate how the opposite party company dealt with his leave application or how he was refused employment when went to resume duties on 5th December 1966 after prior intimation to the company. This termination of service by way of refusal of employment to the petitioner was thus in negation and in complete violation of all principles of natural justice. It is, therefore, fit and proper that the petitioner, who was certified fit by a medical man whose fit certificate was sent to the company ought to be reinstated in the same post and the company should be directed to pay all arrear wages to him from the date of such refusal of employment with effect from 5th December 1966. Following the principles laid down by the Supreme Court in the case of M. L. Bose & Co., (P) Ltd., Calcutta versus its employees, reported in 1961 (II) L.L.J., page 107, this Tribunal, while directing the reinstatement of the petitioner whose service had been wrongfully terminated by way of refusal of employment, must also award full back wages and emoluments from the date of such refusal of employment up to the date of reinstatement and it would be wrong to reduce the amount to any extent merely because the amount would be rather high after a lapse of time or for any other reason.

In the result, therefore, the petitioner has proved by positive materials to indicate how his termination of service by way of refusal of employment was wholly unjustified, being in violation of all principles of natural justice. The Tribunal accordingly holds that the termination of service of the petitioner Shri Nepal Chandra Saha by way of refusal of employment was wholly unjustified and the petitioner is, therefore, entitled to get full back wages for the period from the date of refusal of employment, i.e., 5th December 1966 up to the date of reinstatement. The company is therefore directed to reinstate the petitioner in the same post and pay him full wages from 5th December 1966 up to the date of such reinstatement and it will be for the company to treat the period antecedent to 5th December 1966 as part of any kind of leave which might have been due to the petitioner in the "Calcutta Gazette".

The above order shall take effect within a month from the date of publication of the award in the "Calcutta Gazette".

This is the award of the Tribunal.

AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. C. Ringer & Co., 23 Lall Bazar Street, Calcutta-1, and their workman Shri Abinash Roy Chowdhury, 1/75 Naktalla, Calcutta-47, to this court by its order No. 3633-I.R./IR/11L-338/67, dated 31st July 1967, under section 10 read with section 2A, Industrial Disputes Act, on the following issue:

Issue

Whether the termination of service of Shri Abinash Roy Chowdhury is justified? To what relief, if any, is he entitled?

Usual notices were served upon the parties directing them to appear on 15th September 1967 and the workman to file his written statement by that date. The parties appeared on that date and the petitioner-workman filed his written statement. The petitioner-workman also filed an authority authorising Shri Patit Paban Pathak and Shri Kali Charan Banerjee, Advocate, to represent his case. The opposite party-Company also filed an authority authorising Shri Chandra Kumar Modak, Advocate, to represent its case. By my order No. 2, dated 15th September 1967, the opposite party-Company was directed to file its written statement by 29th September 1967. The opposite party-Company took time for filing written statement on that date and by my order No. 3, dated 29th September 1967, 2nd November 1967 was fixed for filing written statement by the opposite party-Company. The opposite party-Company was absent on that date and by my order No. 4, dated 2nd November 1967, 18th November 1967 was fixed for filing written statement by the opposite party-Company. The opposite party-Company took time for filing written statement on two occasions thereafter and ultimately filed its written statement on 29th November 1967. The case was fixed for hearing on 8th January 1968, on which date the opposite party-Company filed a petition for adjournment on the ground of compromise and by my order No. 9, dated 8th January 1968, the case was fixed on 1st February 1968 for compromise or for hearing. After a few adjournments, the case was opened on 30th March 1968, but on the prayer of the parties it was adjourned to 29th April 1968 for compromise or for hearing. After a few adjournments, the case was fixed for hearing on 22nd July 1968 as a last chance by my order No. 17, dated 5th July 1968. The parties appeared on that date and wanted time for one day for filing a joint petition of compromise, which was allowed by my order No. 18, dated 22nd July 1968. The parties have filed a joint petition of compromise on 23rd July 1968.

The joint petition of compromise filed by the parties is under the signatures of Shri N. K. Banerjee, Manager of the opposite party-Company and the petitioner-workman Shri Abinash Roy Chowdhury himself and also bears the signatures of the Advocates Shri K. Banerjee for the petitioner-workman and Shri C. K. Modak for the opposite party-Company, both dated 23rd July 1968.

On a perusal of the joint petition of compromise, I find the terms of compromise to be lawful, reasonable and fair and that the parties have compromised the entire dispute pending between them as such. The parties have also filed a receipt showing payment of Rs. 450 to the petitioner-workman by the opposite party-Company on 26th July 1968 in accordance with the terms of compromise. Under the circumstances, I am inclined to pass a 'no-dispute' award on the basis of the joint petition of compromise. A 'no-dispute' award be passed accordingly in terms of the joint petition of compromise, which be made a part of this award.

This is my award.

In the matter of industrial dispute existing between Messrs. (Case Nos. VIII-907 of 1967 and VIII-26 of 1968.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri H. N. SEN, Judge,
Second Industrial Tribunal.

By order No. 6153-IR/IR/10L-321(A)/67, dated Calcutta, the 27th November 1967, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. The Avery Company of India Private Ltd., and their workmen represented by the Union of Avery Employees to this Tribunal for adjudication on the following :

Issue

Whether the deductions made from the wages of the workmen for 10th July 1967, 12th July 1967, 14th July 1967 and 17th July 1967 is justified ? What relief, if any, are the workmen concerned entitled ?

Thereafter by order No. 415-IR/IR/10L-321(A)/67, dated the 27th January 1968, Government of West Bengal, Labour Department, referred another industrial dispute between the abovementioned parties to this Tribunal for adjudication on the following :

Issue

Whether the deduction made from the wage of the workmen for 13th July 1967 is justified ? What relief, if any, are the workmen concerned entitled to ?

Both the reference cases werre heard analogously at the instance of the management because the facts and documents relied upon by the parties were the same.

The Union's case, in short, is that on or about the 13th August 1962 it submitted to the management a charter of demands, including tiffin allowance. There was a reference on such demands beofre the Tribunal and the Second Industrial Tribunal by its award published in the Calcutta Gazette on 19th December 1963 directed the Company to pay 8 annas as tiffin allowance to each head office staff, both clerical and subordinate. The Company not having implemented the said award the Union submitted a fresh charter of demands to the management on 16th April 1967 and conciliation over that matter was started on 21st May 1967. During the pendency of the conciliation proceedings, the Company was requested by the Assistant Labour Commissioner to take necessary steps to implement the award without any further delay. The Company however disregarded the said direction of the Assistant Labour Commissioner. Then on 10th July 1967, a section of the employees went in in a deputation on a peaceful manner. The management however started issuing notices from 10th July making baseless and frivolous allegations against the workmen. This induced the workmen to stop work on and from 12th July 1967. The stoppage of work was however withdrawn on 14th July 1967 after it was agreed in a tripartite conference before the Joint Secretary, Labour Commissioner, Government of West Bengal, that it will implement the award regarding the tiffin allowance. The workmen immediately thereafter resumed work on 14th July 1967 and duly worked till the end of the working hours on that date. The office was closed on Saturday and Sunday and it reopened on Monday the 17th July 1967. Meanwhile, sixtysix workmen were served with an order of injunction from the High Court restraining them from wrongfully occupying the place of business. The workmen naturally became apprehensive as to the effect of the order of injunction and hesitated to enter into the office, whereupon the Company issued a notice clarifying the position and declared that there was no impediment for them to enter office and do their official work. After such clarification the workmen entered office and did their normal duties on 17th July 1967. It is stated that the management illegally and unjustifiably deducted the wages of the workmen for the hours detailed below :

10-7-67	..	3 hours 15 minutes.
12-7-67	..	6 hours 45 minutes.
12-7-67	..	6 hours 45 minutes.
14-7-67	..	4 hours 30 minutes.
17-7-67	..	1 hour.

The Union alleged that the Company had no prescribed service rules and there was no provision under any law applicable by the Company on the workmen which empowered the Company to deduct wages of the workmen and as such the deductions made by the Company were illegal, unjust, malafide and by way of victimisation. The workmen, therefore, prayed for awards in the respective references declaring that the deductions from their wages for the days mentioned in the respective references were not justified and to direct the management to refund wages so deducted to the workmen involved.

The case of the management, in short, is a denial that the Company continued to disregard the direction of the Assistant Labour Commissioner regarding the payment of tiffin allowance as alleged. In fact the Company wrote to the Assistant Labour Commissioner on 1st July 1967. Regarding the incident of 10th July 1967, the Company's case is that the workmen of the Company resorted to a gherao by leaving their place of work and assembling at the main entrance of the head office. Immediately the Company put up a notice informing the workmen that their act amounted to an illegal stoppage of work duringt he pendency of the conciliation proceedings. In fact the officers and members of the staff gheraoed could only be rescued with the help of the Court order by the police in the evening. This gherao continued on 11th July but after office hours. The workmen concerned in a concerted way resorted to an unjustified stay-in strike from 12th July 1967 till 14th July 1967 when the illegal stay-in strike was called off by the workmen concerned at about 2-30 p.m. on 14th July 1967. The Company denied in this connexion that it took any malafide action against the workmen on false and frivolous allegations as alleged. On 17th July 1967, the workmen concerned had no reasonable cause for any hesitation to enter into the premises of the Company and no clarification was necessary since the order of the injunction had no ambiguity in it. The Company therefore submitted that it had the fundamental right to deduct wages of the workmen for illegal and unjustified work stoppage and the same had been done in conformity with the laws of the land and was perfectly justified in the facts and circumstances of the case. In the premise, the issues under the respective reference should be answered in favour of the Company.

The issues under both the above references are taken up together for the sake of brevity in the discussion on the subject. It was not disputed during trial as to the period of stoppage of work for which the deductions in wages were made by the management. Only the right to make such deductions was challenged by the Union on the ground that those were not at all justified. P. W. 1. who happened to be the Working President of the Union stated in examination -in - chief that the workers of the Company could not and in fact did not work full working hours on 10th July 1967 because they waited in suspense and that they had also matters to discuss amongst themselves. The case set up by the Union regarding the alleged incident of 10th July 1967 is that there was a peaceful deputation but the management issued notice for taking malafide action. The case made out during trial is thus entirely different from that it was made in the written statement. Nevertheless it stands admitted that there was no work for full working hours and in the absence of any dispute regarding the period of stoppage of work for which such deductions were made, we must proceed on the footing that there was really stoppage of work for the period mentioned in the written statement filed by the Union concerning 10th July 1967. P. W. 1. was absent on 12th and 13th July. We have it from P. W. 2. that both on 12th and 13th July 1967 the workmen attending office were in their respective seats but they did not do any work and in fact there was a total stoppage of work on these two days. Similar is the case on 14th July. As to that the evidence of P. W. 1. in his examination-in-chief is that the work was resumed on that date after tiffin hours and he admitted in cross examination that the company gave notice to the effect that the workmen were not doing work from July 10 onwards and he did not remember if all the employees resumed work on 14th July 1967 at 2-30 p.m. or not. The period of stoppage of work for which deductions have been made by the management not having disputed during trial it will stand to reason to hold that the Company's version was correct and that the workers resumed work on that date at 2-30 p.m. so that there was stoppage of work for four hours 30 minutes up to the tiffin time. In the circumstances the Tribunal has reason to hold that there was stoppage of work for the hours mentioned in the written statement filed by the Union for which the Company deducted wages of the workmen for those hours and the circumstances in which it was so done by the management are more or less similar so far as 10th July 1967, 12th to 14th July 1967, were concerned.

The question is whether such stoppage of work on such particular days mentioned above would amount to a "strike" within the meaning of section 2(q) of the Industrial Disputes Act, 1947. "Strike" has been defined in section 2(q) of the Industrial disputes Act, 1947, as meaning a cessation of work by a body of persons employed in any industry acting in combination or a concerted refusal....to continue to work.... In other words, stoppage of work in a concerted manner by the workmen concerned would be tantamount to a strike, no matter whether such stoppage of work is for the full working hours or any part of it. Viewed in the context of the definition of "strike" within the meaning of Industrial Disputes Act, 1947, the stoppage of work on 10th July 1967 as also for the full working hours on 12th and 13th July 1967 and for a part of 14th July 1967 would undoubtedly amount to a strike as defined in the Industrial Disputes Act. What then is the effect and consequence of such a strike by the workmen concerned. Undisputedly an award for the head office staff, both clerical and subordinate staff in respect of tiffin allowance had been passed some time in 1963 and it was in operation at the material point of time. Being so it came within the general prohibition of strike as laid down in section 23 of the Industrial Disputes Act, 1947. Sub-section (c) of section 23 of the Industrial Disputes Act, 1947, laid down such a general prohibition against any strike during any period in which an award is in operation in respect of any matters covered by it. We have it in the evidence of P. W. 1. that the present dispute is an off-shoot of non-implementation of the award relating to tiffin allowance. Being so, the stoppage of work amounting to a strike prohibited under section 23 of the Act on 10th July, and on and from 12th to 14th July 1967 would be, therefore, wholly illegal. Finding this difficulty Shri Roy, for the Union, ventured to contend that even if it be so, it was justified because of non-implementation of the award in respect of tiffin allowance by the management for quite a long time which made the workmen rather restive. He argued that even if it be rather justified though illegal, the management would have no ground for imposing upon the workmen any punishment or penalty in the shape of deduction from their wages, for the period of such stoppage of work. In support of his above submission he relied upon the decision of the Labour Appellate Tribunal reported in 1953, I, L. L. J. page 49 and another decision of the Labour Appellate Tribunal reported in 1954, II, L. L. J. at page 372. In the first case mentioned above the

Tribunal held that strike could not be held to be unjustified and ordered restoration of the wages cut for for the same. The Labour Appellate Tribunal found that the strikes were not illegal as they did not fall within any of the provisions of section 22, 23, and 24 of the Industrial Disputes Act, 1947. The Appellate Tribunal concern that the finding of the Tribunal on the above question and that there should be no deduction from the wages of the workmen and the amount deducted should be refunded to the workmen within a certain time. In the other case it was held by the Appellate Tribunal that the workmen could not be dismissed joining the strike which was not illegal but which was simply unjustified. Apparently, therefore, the other case is not the point we are faced with and the facts and circumstances of the present case are clearly not on all force with the cases referred to above. The other case relied upon by Shri Roy for the Union was that of Swadeshi Industries Ltd. versus its workmen—a decision of the Supreme Court, reported in 1960 (II) L. L. J. page 78. That case is clearly distinguishable inasmuch as the strike was held not only to be legal but justified as well. On the other hand, the principles enunciated by their Lordships of the Supreme Court in the case between India General Navigation and Railway Co., Ltd. and another and their workmen reported in 1960 (1) L. L. J. at page 13 sufficiently warranted the conclusion that illegality and justification cannot co-exist and an illegal strike can never said to be justified. It further indicated that once a strike was held to be illegal, the only question which remained would be as to the appropriate punishment therefor and the Supreme Court further held in that case that the tendency to condone the illegal strike just because they have remained peaceful should be deprecated. As to the specific nature of the stike being a pen-down or sit-down by the concerted move of the workmen on 12th and 13th July 1967 as also part of 14th July 1967 after entering the place of work accompanied by refusal of work or to vacate it would amount to illegal strike as held in the case between Punjab National Bank Ltd. versus their workmen reported in A. I. R. 1960 Supreme Court at page 160. In the Supreme Court case between Chandra Malai Estate, Ernakulum, versus its workmen reported in 1960 (II) L. L. J at page 243, their Lordships of the Supreme Court held on the principles as to the claim of the wages for the period of the strike that the workmen had no right to wages for the period of strike even when the strike though not illegal was unjustified. Surely the same principles will hold good in the present case where the strike was wholly illegal and therefore unjustified on the principles enunciated in the case of India General Navigation and Railway Co. Ltd. and their workmen referred to above. In the light of such principles laid down and the decisions of the Supreme Court, this Tribunal has no hesitation to hold that the workmen could have no claim legally to the wage cut made by the management for the stoppage of work caused by them on 10th July 1967 and from 12th to 14th July 1967. I need hardly go in for discussion on the question of justification or otherwise of the steps taken by the workmen concerned on such days. Suffice it for our purpose to say that the workmen had no justification to take such course in view of the fact that P. W. 1. had received notice of the date of conciliation on 14th July 1967 at 11-30 a.m. on 11th July 1967 vide Ext. C. and the receipt granted by P. W. 1. Ext.L. Having already received notice of the date of conciliation, there could be no reason for the workmen to continue to be restive even on 14th July 1967. They ought to have waited for the result of the conciliation and continue to work in a peaceful way. Regarding the incident of 10th July 1967 documentary evidence sufficiently revealed how in a concerted manner the workmen assembled at the main entrance of the head office and in the show room and even going to the length of holding a gherao of the officers of the Company. We got inkling of it in the confirmatory letter, dated 11th July 1967, written by O. P. W. 1. E. S. Daniels to Shri S. K. Mitra, Assistant Labour Commissioner, West Bengal, as also in the notice issued on 12th July 1067 Ext E. Viewed in the context of the documentary evidence the story told by O. P. W. 1. for the management is acceptable more when we have it in evidence that the Company had to move the Magistrate for the rescue of its officers on 10th and rush to the High Court for an order of injunction upon the workmen concerned. That would manifestly speak of the coercive attitude of the workmen on 10th. The Company in its notice, dated 10th July 1967, Ext. B, disclosed its mind that in the event the workmen did not care to the advice given in it they were holding themselves liable for disciplinary action and this might as well result in a closure of the Company. As it appears however the company did not chose to take any disciplinary action and remained satisfied by deducting the wages of the workmen for the period of stoppage of work on that date. In the other notice issued on other days Ext. E, dated 12th July 1967, Ext. H, dated 13th July 1967, Ext. I, dated 14th July 1967, the workmen were notified that they would not be entitled to any wages for the period they remained on the illegal strike or for the period they did no work. Conceivably, therefore the workmen concerned cannot now be heard to lay any claim for refund of the wage cut made for the stoppage of work on the above four days. In the circumstances the wage cut made for stoppage of work on 10th and on and from 12th to 14th July 1967 for the hours mentioned in the written statement of the Union was perfectly justified and it is held so accordingly.

The wage cut for the alleged stoppage of work on 17th July 1967 however stands on an entirely different footing. The evidence shown that the workmen concerned came to attend office in time but they hesitated to enter into the office premises because of the order of injunction issued by the High Court and served upon them on 15th June 1967. It was argued on behalf of the Company that there was no ambiguity in the order of injunction and as such there was hardly any necessity for clarification by the Company. In any case we have it in evidence that O. P. W. 1. E. S. Daniels did issue a clarification notice at about 10 a.m. after which the workmen entered the office premises and resumed work. O. P. W. 1. admitted in his evidence that he found the workers standing outside the office when he reached office at 8-45 p.m. The delay in issuing the clarification Ext. J was due to the fault or inaction of O. P. W. 1. In the circumstances the Tribunal has reason to hold that the Company's action in deducting wages for one hour on 17th July 1967 was plainly unjustified. As laymen, the workmen might have reasonable apprehension as to whether entry into the office premises would be wrongful or not and whether in that event they would be liable for any contempt of the High Court's order. There could no reason for issuing the clarification notice Ext. J after more than an hour and a quarter when the same could have been issued within minutes. In the circumstances the Tribunal holds that the deduction made from the wages of the workmen for 17th July 1967 was wholly unjustified and the workmen should get a refund of the wage cut made on that date.

The Tribunal accordingly passed the following awards :

Under reference No. 6153-I.R./IR/10L-321(A)/67, dated 27th November 1968.

The deductions made from the wages of the workmen for 10th July 1967, 12th July 1967, 13th July 1967 were justified but that for 17th July 1967 was wholly unjustified. The workmen concerned are, therefore, entitled to a refund of the wage cut for 17th July 1967 and the Company is directed to refund it within fortnight from the date of the publication of the award in the "Calcutta Gazette".

Award under Reference No. 415/IR/IR/10L-321(A)/67, dated 27th January 1968.

The deduction made from the wages of the workmen for 13th July 1967 is held to be justified and the workmen are not entitled to get any refund of it.

ANNEXURE

In the matter of an industrial dispute between Messrs. D. B. Engineering Works, 7 Andul Raj Road, Calcutta-26, and their workman Sk. Kamaluddind 11-D Chamru Khansama Lane, Calcutta-19, referred, under G.O. No. 3282/I.R./IR/10L/147-68, dated 1st June 1968. (Case No. VIII-C-55/68.)

BEFORE THE FIRST LABOUR COURT, WEST BENGAL

Present :

Shri S. P. BAGCHI, Judge.

AWARD

The Government of West Bengal, Labour Department, by order No. 3282-I.R./IR/10L-147/68, dated the 1st June, 1968, referred to this Court under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), an industrial dispute relating to the undermentioned issue existing between Messrs. D. B. Engineering Works, 7 Andul Raj Road, Calcutta-26, and their workman Sk. Kamaluddin, 11-D Chamru Khansama Lane, Calcutta-19, for adjudication.

Issue

1. Whether termination of services of Sk. Kamaluddin is justified ? To what relief, if any, is he entitled ?

The parties were duly served with notices of this reference and the workman concerned ultimately filed his written statement in triplicate on 3rd August 1968. The Company was directed in its turn to file its written statement by 17th August 1968. On 17th August 1968 the Company placed on record an application stating inter alia that the dispute between the parties had been amicably settled and that the worker concerned had been paid Rs. 500 as arrears of salary and other dues and claims in full and final settlement. It was further stated in the application that as Sk. Kamaluddin had relinquished his claim for reinstatement and other charges made by him in the instant case, the reference in question should be dropped. The Company also placed on record an application which purported to have ben signed by the worker concerned Sk. Kamaluddin. The said application contained similar averment as made by the Company in its application. The case was, therefore, directed to be put up for necessary orders on 21st August 1968. This day both the worker and the manager of the Company appeared before me and they were heard in the matter. The worker concerned who was identified by the Manager himself pledged his oath to say that the application which was placed on record by the Company was drafted according to his instruction and was signed by him voluntarily with full knowledge of the contents thereof. Having regard to the statement of the workman concerned on oath and the averments as made in the applications to which reference to have been already been made I have no manner of doubt that the dispute between the parties have been amicably settled out of Court. I accordingly pass a 'No-dispute' award in this case. The reference is accordingly disposed of.

The Government of West Bengal, in its Labour Department, Order No. 2129-I.R./IR/11L-613/67, dated the 11th April 1968, referred under section 10 of the Industrial Disputes Act, 1947, an industrial dispute between Messrs. Anglo-Swiss Watch Co., in respect of their Factories at 25 Phulbagan Road, Calcutta, and at 32 Dr. Suresh Sarkar Road, Ground Floor, Calcutta-14 and their workmen represented by Anglo-Swiss Watch Co. Workers' Union, 62/1 Beniapukur Road (1st Floor), Calcutta-14, to this Tribunal for adjudication on the following issues :

Issues

1. Whether the closure of the Factories with effect from 13th October 1967, is real and bonafide. Whether the closure is due to circumstances beyond the control of the management and is therefore justified. What relief, if any, are the workmen entitled to ?

2. Bonus for 1966-67.

The first registerd notice was issued to the Union as far back as 13th May 1968. On that occasion the Union evaded to take delivery. Thereafter as a measure of precaution another registered notice was issued to the Union on 4th June 1968. The endorsement of the postal peon shows that the Union left the registered address. But the Company already appeared, but thereafter it did not take any steps. So, it is clear that the Union has been evading service of notice. The Company is also taking no interest. It seems that the parties have ceased to take any interest in this reference. Hence the reference is disposed of by this Tribunal by passing a 'No-dispute' award.

AWARD

By the Government of West Bengal, Labour Department, order No. 2602-I.R./IR/11L-124/67, dated the 16th June 1967, an industrial dispute between Messrs. Jayasree Chemical and Fertilisers Co. Ltd., Khardah, 24-Parganas, and their workmen represented by Jayasree Chemical and Fertilisers Mazdoor Union, Khardah, 24-Parganas, was referred to this tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication in respect of the following two issues:

Issues

(1) Gratuity.

(2) Whether the demand of the workmen for annual increment, if any, is justified? To what relief, if any, are they entitled?

Usual notices were served on the parties, after receipt of the order of reference. Both the Company as well as the Union appeared and filed their separate written statements.

According to the Union in its written statement, the present dispute relates to Company's factory at Khardah, known as Chemical and Fertilisers factory employing about 90 workmen. The issues referred to in the order of reference are, on consent between the parties incorporated in the agreement, dated 23rd April 1967. So far back on 13th July 1966 the Union submitted a charter of demands. There is no scheme of gratuity nor there is any grades and scales of pay with provisions of annual increment in the Company. While some of their disputes were settled by agreement, dated 23rd April 1967, the two issues of gratuity and annual increment were left to be decided by adjudication. According to the Union, the claim of introduction of gratuity and of annual increments are proper, just and reasonable and the Company has the capacity to meet the same. The Union prays for gratuity at the rate of one month's total wages for each year of service irrespective of the period of service, on death, retirement and resignation. The Union prays for all classes of employees an annual increment of Rs. 5 per month each year, for workmen drawing wages of Rs. 50 per month and Rs. 10 per month each year for workmen drawing above Rs. 50 per month up to Rs. 100 per month and Rs. 15 per month each year for employees drawing more than Rs. 100, to be given effect to from 1st January 1967.

The Company in its written statement stated that the total number of employees working at Khardah factory would be about 87. It has been urged that the financial position of the Company as a whole, has practically no bearing or very little bearing on this factory. The factory commenced production only since December 1961 and the present position of the Company does not warrant for introduction of a gratuity scheme. It has further been alleged that throughout the negotiations leading to the settlement, dated 23rd April 1967, the management pleaded its inability for introduction of its gratuity scheme and granting of annual increment, specially in view of the previous agreement, dated 7th March 1967, wherein is was agreed by both the Union as well as the Company as follows:

> "That the management agrees to make payments as an advance on and from 1st day of March 1967 in line with the recommendations of the Wage Board for Heavy Chemical Industries and such advance shall finally be adjusted or recovered on the basis of the Government of India's acceptance or rejection of such recommendations, i.e., the Government of India's notification relating to such interim relief shall be acceptable to both the parties, and that the demand relating to gratuity, scales of pay and D.A. as contained in the Union's Charter of Demands shall be kept in abeyance till the final recommendations of the said Wage Board."

It has further been alleged that the financial condition of the Company is not such as to introduce any scheme of gratuity. It has also been contended that when the agreement, dated 7th March 1967, was signed, it was specifically made clear to the workmen that no further increase in the wages would be granted till finalisation of Wage Board for Heavy Chemical Industries. The Company, it is asserted, has got no capacity to meet the demand for introduction of gratuity and also the annual increase as claimed.

Admittedly, Messrs. Jayasree Chemical and Fertilisers is a division of the Company, being Messrs. Jayasree Tea & Industries Ltd. This unit—Jayasree Chemical & Fertilisers runs a factory at Khardah producing fertilisers from imported raw materials. According to the Company, the number of factory workers would be about 87; whereas according to the Union such number would be about 90. P.W. 1 is a member of the executive committee of Jayasree Chemical and Fertilisers Mazdoor Union and works as the Acid Plant Operator in the Khardah factory. In his evidence he stated that the clerical as well as the sub-staff are not the members of their Union.

It is also undisputed that Messrs. Jayasree Tea & Industries Ltd., which owns this concern being Jayasree Chemical & Fertilisers, has got many other business concerns, such as Plywoods, Tea Gardens, etc. It is also the evidence of P.W. 1, the Personnel Officer of this unit in question, that the different businesses run by the parent Company are different units and there is no inter-dependence amongst the different units. It is also undisputed in this case that the parent Company has got a common balance-sheet for all its aforesaid units, though for different units, separate profit and loss account are prepared and maintained. D.W. 1 further stated in his cross-examination that each unit has got separate service conditions and is being looked after by different Managers.

It is also undisputed that this unit in question being Jayasree Chemical & Fertilisers started its factory at Khardah in November 1961. P.W. 1 who joined this factory on 4th April 1962 admitted the aforesaid fact in the second line of his cross-examination. This unit is also manufacturing its goods being fertilisers since December 1961. (Vide paragrah 5 of the written statement of the Company.)

Now, coming to the issue No. 1—Gratuity, we find that it is an admitted fact in this case that the unit in question being Jayasree Chemical & Fertilisers is producing its products since December 1961. The sale position, as it appears from Ext. E, from 1961 till 1967, is on the increase side every year excepting that in the year 1966, there was fall in respect of sales of super phosphate and sulphuric acid. This concern has not yet completed seven years of production till today. A gratuity scheme, we know is a long term scheme requiring a long-term view. It is true that the balance-sheets of the parent concern have not been produced in this case, though it is admitted that up to 1967 Jayasree Tea & Industries Ltd., published their balance-sheets. D.W. 2 the Accountant of the unit in question stated in his cross-examination that he can neither deny nor confirm the fact that the parent concern made huge profits during the last seven years. Even then we are to consider the financial position of the unit in question. D.W. 2 proved the copies of their profit and loss accounts for the years 1961 to 1963 which have been marked Exts. D series. But the original documents from which the copies, Exts. D series were prepared, have not been produced in this case. When considering the financial capacity of the employer, even when the dispute as to gratuity has arisen in a branch office or a unit office, as in the instant case, the Tribunal must consider the over-all financial position of the Company as a whole, because once the scheme is introduced, in any one branch, the demand for its introduction in the other branches or units cannot be resisted by the employer. But nothing has been produced in this case to consider the financial position of the present concern being Jayasree Tea & Industries Limited. Even in that case we are also to consider the question as to the minimum period of service entitling the workmen to the benefit of gratuity, which scheme must provide for a reasonable period of service after which the workmen becomes entitled to gratuity. This minimum period to be fixed must be reasonable and neither too short nor too long. A minimum period of 10 years' service is a reasonable term when framing a gratuity scheme. As the unit in question being Jayasree Chemical & Fertilisers have not yet completed seven years of existence this day and as I hold in this case, the minimum period of 10 years' service should be a reasonable term entitling the workmen to claim gratuity, I hold that the gratuity scheme cannot be framed in the instant order of reference. Gratuity, I hold, cannot be claimed by the workmen of this concern as they have not put in service for this minimum period of 10 years. So, in this order of reference I refrain from framing any gratuity scheme on the aforesaid ground.

Next coming to the question of demand of the workmen for annual increment as per issue No. 2, we find that admittedly there is no grade and scale of pay of the employees of this unit. Unless there are grades and scales of pay of the employees of a concern, the annual increment cannot be conveniently fixed.

It is also admitted in this case that after starting of the factory in November 1961, for the first time in July 1963 on the basis of a tripartite settlement, the wages of the workmen was well enhanced at the rate of 30 nP. per diem [vide, the copy of the settlement—Ext. B(2)]. There was then no increment of the wages of the employees till December 1964. Then it is admitted by P.W. 1 that in 1965 again, the Company increased the wages of the workmen at different rates. Then in the year 1966, there was another increment of the wages at different rates on the basis of a notice by the Company authorities [vide Ext. A(1)]. Such increment was effected from 1st April 1966. Then again, it is admitted that on and from 1st January 1967, the Company started to give milk allowance to each employee at the rate of 37nP. per diem and also night allowance at the rate of 45nP. per night. The Company also raised the rate of cloth allowance. These were given on the basis of a tripartite settlement, dated 23rd April 1967. Ext. B is the copy of such settlement. As per item No. 9 of this settlement, I have already mentioned above, the two issues in question were referred to this tribunal for adjudication. That because the two issues were referred to this tribunal for adjudication on the basis of the terms of tripartite settlement on 23rd April 1967, it cannot be said that the two issues are liable to be decided ipso facto against the management. In deciding the issues, the evidences adduced by both parties and other circumstances are to be considered.

It is also admitted in this case that the employees of this concern were given ad interim relief in terms of the recommendations of the Chemical Wage Board. This interim relief was given at the rate of Rs. 12.50 nP. in respect of the employees drawing up to Rs. 109 per month, and in respect of the employees drawing above Rs. 109, such interim relief was granted at the rate of Rs. 7.50 nP. per month. This ad interim relief was agreed to be kept separately and not to be treated as part of wages, till the final recommendations of the Chemical Wage Board. It was agreed that this interim relief as granted above to workers of this concern, are to be adjusted towards the grade and scale of pay to be recommended by the Chemical Wage Board. It is unknown to us when the recommendations of the Chemical Wage Board would be published. I have already mentioned above that P.W. 1 admitted that there are no fixed grades and scales of pay in this unit. In the absence of any fixed scales of pay and grades, it is not possible for this tribunal to pass an effective order calling upon this Company to give annual increments. It is true that when increments on a varied scale were given by the management during the last six years, without any fair rule for such payment and without any method, it cannot be held that there is a right to claim increment year by year as condition of service.

But I have mentioned above that the true picture of the financial condition of the Company has not come before this tribunal due to non-production of all the relevant documents by the Company. Still then, it appears from the sale figures as per Ext. E and also from the profit and loss accounts for the years 1961 to 1963—Ext. D series, that the financial condition of this concern is not bad.

In the interest of justice, I think on a consideration of the entire evidence on record and the circumstances of the case, that the employees of this concern Messrs. Jayasree Chemical and Fertilisers should be given certain amount as annual increments, which increments should also be kept separately and not to be treated as part of wages, till the final recommendations of the Chemical Wage Board. I allow an annual increment of Rs. 3 per month to those workmen drawing up to Rs. 100 per month and Rs. 5 per month for the rest drawing above Rs. 100 per month, to take effect from 1st September 1968. These annual increments are to be kept separately and not to be treated as part of the substantive wages till the final recommendations of the Heavy Chemical Wage Board are published and these amounts are to be finally adjusted or recovered on the basis of the scales and grades of pay to be recommended by the said Heavy Chemical Wage Board.

This is my award.

AWARD

The Government of West Bengal, Labour Department, by order No. 2904-I.R./IR/11L-188/68, dated the 15th May 1968, referred to this court under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), an industrial dispute relating to the under-mentioned issue existing between Messrs. Bhattacharyya Agency (P) Ltd., 8 Gurudas Dutta Garden Lane, Calcutta-4, and their workmen represented by Wood Products Mazdoor Union, 38/H/27 Maniktalla Main Road, Calcutta-54, for adjudication:

Issue

Whether refusal of employment to Shri Wallaiya is justified? To what relief, if any, is he entitled?

The parties were duly served with notices of this proceeding and they appeared in court on 5th June 1968. On that day the Company placed on record a letter of authority authorizing Shri S. C. Sen, Advocate, to represent the case on its behalf and the Union concerned was directed to file written statement in triplicate by 19th June 1968. On 19th June 1968, 3rd July 1968, was fixed as the day for filing written statement by the Union on its application. On 3rd July 1968, again on the application of the Union time was granted for filing written statement till 17th July 1968. On 17th July 1968, the written statement, however, was not filed by the Union and no step whatever was taken on its behalf in connection with this case. Accordingly 31st July 1968 was fixed for orders. On 31st July 1968, as well no step whatever was taken by the Union and so 14th August 1968 was fixed for orders. On 14th August 1968, again the Union did not take any step whatever in connection with this case. The record was therefore directed to be put up for orders on 21st August 1968. On this day as well no step whatever has been taken by the parties. It seems to me, therefore, that the disputes between the parties has been amicably settled out of court and that I can certainly reasonably proceed on the footing that the dispute is no longer in existence. Therefore, I am inclined to pass a 'No-dispute' award in the circumstances of the present case. And I accordingly pass a no-dispute award. The instant reference is accordingly disposed of.

AWARD

By Government of West Bengal, Labour Department, order No. 2613-I.R./IR/11L-224/67, dated 16th June 1967, the Governor in exercise of the powers conferred by section 10 of the Industrial Disputes Act, 1947, was pleased to refer an industrial dispute between M/s. Saraswati Mistanna Bhandar, 11/B Chorabagan Lane, Calcutta-6, and their workmen represented by Shop Assistants' Association of Bengal, B-73 College Street Market, Calcutta-12, relating to the undermentioned issue for adjudication to this tribunal.

Issue

Whether the termination of services of Sarbashree Nimai Samanta, Balaram Samanta and Dulal Ghosh is justified? To what relief, if any, are they entitled?

This dispute between the parties came to an end when a petition, dated 14th May 1968, was filed before this tribunal by the parties to the dispute. The petition filed by the parties was taken up for consideration on 20th May 1968. The petition is signed by Shri Joy Narayan Srimani for the employer and for the workmen it has been signed by Shri Sadhan Prosad Datta, General Secretary. I have perused the petition, and though I find some terms quite quaint, still the terms have been found satisfactory to the parties to the dispute. The parties have come to an agreement and they have resolved their dispute amicably. Therefore, there is no reason why this tribunal should stand in the way of this amicable settlement, notwithstanding that one or two terms appeared to be quaint to it. The parties have prayed that the joint petition of compromise filed by them should be made a part of this award.

Therefore, accepting the petition of the parties, I hereby pass this compromise award making the petition filed by the parties an integral part of it.

Usual number of copies of this award be sent to the State Government for necessary action.

AWARD

The Government of West Bengal, in its Labour Department, by order No. 1853-I.R./IR/11L-116/67, dated 5th May 1967 has referred to this Tribunal an industrial dispute between Messrs. Hindusthan Rubber Works Ltd., 312 B. B. Chatterjee Road, Calcutta-42, and their workmen represented by Hindusthan Rubber Works Mazdoor Union, 67 R. K. Ghosal Road, Kasba, Calcutta-42, for adjudication in respect of the following issue:

Issue:

Whether the dismissal of Shri Netai Shahu is justified? What relief, if any, is he entitled to?

The case of the Company as narrated in the written statement is that Shri Netai Shahu was employed at the Company's factory in manufacture of urgent Defence Stores, the delivery of which was required to be completed within a stipulated period of time. On 9th December 1965 the Company received an information of sickness in the prescribed form of the Employees' State Insurance Corporation that the workman Shri Shahu required abstention from work up to 14th December 1965. Shri Shahu did not make any application for sick leave and absented himself from work. His absence caused serious dislocation of the manufacture of Defence Stores. On diverse hours between 9th and 12th of December the Company made several attempts to contact Shri Shahu at his residence. The person sent by the Company failed to find out Shri Shahu at his residence and it was found that he left his residence for some unknown place. That Shri Shahu did not appear before the medical officer on any subsequent occasion after 8th December 1965 nor did he avail of any medical treatment by him. It is stated that Shri Shahu practised fraud upon the medical officer and deliberately absented himself from duty. On 14th December 1965 the Company brought to the notice of the Labour Commissioner of the facts relating to the unauthorised absence of Shri Shahu. On 15th December 1965 when Shri Shahu came to the factory the Company by a letter asked him to explain his conduct and put him under suspension. Shri Shahu denied that he had not been in his residence from 9th December 1965 to 14th December 1965 and stated that he was ill and was under medical treatment and he however admitted that he had not been confined to bed and any person sent by the Company might not have found him at his residence. The Company by letter, dated 27th December 1965, called upon Shri Shahu to submit an unconditional apology for his conduct. As Shri Shahu took an adamant attitude the Company was compelled to draw up on 9th January 1966 a chargesheet against Shri Shahu. Shri Shahu submitted his explanation. On 19th January 1966 the Company sent a notice to Shri Shahu intimating him that an enquiry would be held on 26th January 1966. On 21st January 1966 Shri Shahu stated that he would attend the enquiry under protest with his witnesses and two representatives of the Union. Shri Shahu however did not attend the enquiry on 22nd January 1966. The Company by its letter, dated the 4th January 1966, notified Shri Shahu that the enquiry would be held on 8th February 1966. He was also informed that while the Company would be unable to allow the officers of the Union to take part in the enquiry Shri Atul Bagh who was an employee of the Company might attend as an employee and not as an officer of the Union to assist Shri Shahu at the enquiry. Shri Shahu by his letter, dated 7th February 1966, intimated the Company that it would not be possible for him to attend the enquiry unless he is allowed to be represented by the officials of the Union. In the circumstances, the Company was compelled to hold the enquiry on 8th February 1966 ex parte. On 15th February 1966 the Enquiry Officer duly submitted his report holding that the charges against Shri Shahu were fully established and Shri Shahu was liable for the misconduct. The Company by a letter, dated 22nd February 1966, dismissed Shri Shahu and sent by postal money order his statutory dues. The Company submits that the dismissal of Shri Shahu is fully justified and he is not entitled to any relief.

The case of the workman as made out in the written statement is that the Company by giving pressure upon the workman increased target of production from time to time without any benefit or with little benefit to the workmen. That the Company started production of Black I.N. Sheet after fixation of target and started giving unnecessary pressure upon the workers to give production beyond the capacity of the workman and with that motive issued notice to Shri Shahu on 11th August 1965 alleging that he was not maintaining production quota in respect of Black Sheet I.N. as per agreement on 6th September 1963 though the item Black Sheet I.N. was not in the agreement. Shri Shahu submitted his reply denying the allegations. The Company with a mala fide motive to victimise Shri Shahu issued another notice, dated 31st October 1965, threatening Shri Shahu for low production of I.N. Black Sheet. Shri Shahu submitted his reply denying the allegation. Shri Shahu fell ill and took medical leave for a week with effect from 8th December 1965 and submitted certificate from E.S.I. Panel Doctor in support of his illness. On 15th December 1965, Shri Shahu reported for duty with fit certificate from the said Panel Doctor but the Company refused employment to Shri Shahu. Shri Shahu challenged the said illegal and mala fide action of the Company. The Company issued a charge-sheet-cum-suspension order to Shri Shahu. Shri Shahu submitted his reply on 22nd December 1965. The Company with a mala fide motive to victimise Shri Shahu issued him a letter on 19th January 1966 fixing a date of enquiry on 22nd February 1966. Shri Shahu challenged the bona fide of the alleged enquiry, but still expressed his desire to appear at the enquiry and wanted to be represented by the representative of the Union. The Company by its letter, dated 4th February 1966, refused to allow any representative of the Union. Shri Shahu by his letter, dated 7th February 1966, reiterated that the enquiry was nothing but a show and expressed his unwillingness to appear in the said enquiry because he was refused self-defence and the management decided to hold the enquiry in violation of the principles of natural justice. The Company however held an ex-parte enquiry and dismissed Shri Shahu by its letter, dated 22nd February 1966. Thereafter the Union made representation to the Labour Commissioner. Several conferences were called but the Company did not appear. Ultimately, the conciliation failed and the matter was referred to this Tribunal. In the circumstances it is prayed that this Tribunal should declare that the dismissal was illegal and mala fide, unjustified and an instance of victimisation, unfair labour practice in violation of the principles of natural justice. It is further prayed that the order of dismissal should be set aside and the workman should be ordered to be re-instated in service with full back wages and with continuity of service.

Both the parties have adduced oral and documentary evidence. It is the admitted position that Shri Shahu did not attend the factory from 8th December 1965 to 14th December 1965. It is also admitted that on 15th December 1965 he went to the factory to report for work when he was called upon to explain his conduct. He was also put under suspension. It is further admitted that series of correspondences were going on between the workmen and the Company and ultimately an ex parte enquiry was held. The Enquiry Officer found the workman guilty and on the basis of the report of the Enquiry Officer the management dismissed Shri Shahu. It is the case of the workman that he fell ill and as such could not attend the factory from 8th December up to 12th December 1965. In support of his statement he produced two medical certificates granted by the Panel Doctor of the Employees' State Insurance Corporation. The case of the Company is that the story of Shri Shahu's illness is false. That he practised fraud upon the doctor and obtained certificates. That without previous intimation to the Company he left his recorded residence and was not found at his residence during the period when he absented himself from work. Ext. 1 is the certificate, dated 8th December 1965. This certificate shows that Shri Shahu is likely to need absention from work up to 14th December 1965 on medical grounds. The certificate has been signed by the doctor, Captain S. C. Sen Gupta. There is also a rubber stamp, in block letters in the appropriate place. Ext. 1(a) is the certificate granted by the same doctor on 14th December 1965. In this certificate it has been stated that Shri Shahu is fit to resume work on date, i.e., 14th December 1965. In this certificate it has however been stated that Shri Shahu did not attend the doctor's clinic after 8th December 1965. The endorsement—"He did not attend my clinic after 8th December 1965" is in ink. All other writings of Ext. 1(a) besides the above endorsement is in pencil. It may again be noted that all the writings of Ext. 1 also are in pencil. The doctor has not been examined either at the enquiry proceedings or before me. It is therefore very difficult to say that the endorsement referred to above was made by the doctor. The only witness examined by the Company in this case is Shri A. K. Sen, a Rubber Technologist of the Company. It is his evidence that on 8th February 1966 he held an enquiry into the charges against Netai Shahu. Shri Shahu did not attend the enquiry. He proves the minutes of the proceedings which were recorded by the Works Manager, Shri S. Sengupta. He simply states that on the basis of the enquiry he submitted his report and on the basis of the report the management dismissed the workman. In cross-examination he admits that in the agreement, dated 6th September 1963, there is no item as Black Sheet I.N. He also cannot say if the Works Manager issued any notification at the relevant time when the production of the defence materials should be made quickly. It is his evidence that he did not examine the doctor. He has no personal knowledge to say if any one was sent for making enquiry about Netai Shahu. The sheet-anchor of the Company's case is that Shri Netai Shahu did not fall ill and that he left his recorded residence for some unknown place without intimating the Company; that several persons were sent at Netai's residence but they did not find Netai at his residence. P.W. 1, the only witness examined by the Company before me, very clearly states that he cannot say if any one was sent for making enquiry about Netai. I find from the minutes of the proceedings, Ext. 13, that some witnesses stated at the enquiry that they went to Netai's house and did not find him there. Strangely enough none of the witnesses has been examined before me. It may be mentioned in this connection that the enquiry which was held by the Company was an ex parte one and as such none of the witnesses examined there were cross-examined. It is the Company's very clear case that Shri Shahu's story of sickness is a false one. He practised fraud upon the doctor and managed to obtain certificate from him. I fail to understand why the doctor Captain S. C. Sengupta would be a party to the fraud in order to oblige Netai. The certificate, Ext. 1, shows that Netai attended his clinic and the doctor advised abstention from work up to 14th December 1965 on medical ground. The non-mention of the disease in the certificate, Ext. 1, cannot in any way diminish the genuineness, of the certificate. Ext. 1(a) is to the effect that Shri Shahu is fit to resume work on 14th December 1965. I have already made my observations regarding the endorsement made in ink in the certificate. Even assuming that Shri Shahu did not attend the doctor's clinic after 8th December 1965 it cannot be said that Shri Shahu did not fall ill and did not attend the doctor's clinic on 8th December 1965. Shri Shahu has been examined as O.P.W. 2. It is his evidence that on 8th December 1965 he fell ill. On 15 December 1965 he went to join. He had the fitness certificate with him. The Works Manager stated that he would not be allowed to join work and that a letter had already been sent to him. He denies the allegation that from 8th December 1965 to 14th December 1965 he was not at his house and he went elsewhere. In cross-examination he states that on 7th night he fell ill. On 8th he did not go to work. In the evening he went to the doctor. He again went to the doctor on 14th. On 14th he took the certificate. During the period from 8th to 14th at times he used to go out for marketing. Even assuming for a moment that the Company's witness stated correctly at the enquiry proceedings that they went to Netai's house and did not find him there that does not mean that Netai did not fall ill from 8th and he left his recorded residence. I find nothing in stamping Ext. 1 and 1(a) as spurious document or to hold that they have been obtained by practising fraud upon the medical practitioner Captain S. C. Sengupta. That being so, the documents very clearly show that Shri Shahu was ill from 8th December 1965 up to 14th December 1965. He went to attend the factory on 15th December 1965 after taking the fitness certificate with him. For reasons best known to the Company he was refused work and was put under suspension. It may be that during the period from 8th December 1965 up to 14th December 1965 the Company had some very urgent work to do but that is no reason why a sick person should be dragged to the factory to produce articles as desired by the Company. I find that there was absolutely no reason for the Company to refuse employment to Shri Shahu on 15th December 1965, when he went to the factory to join his work and that being so no charge-sheet ought to have been issued against Shri Shahu for his abstention from work. Consequently, there was no necessity of holding any enquiry and Shri Shahu ought not to have been dismissed on the basis of the report of Enquiry Officer.

In fine. I find that the order of dismissal is illegal and mala fide. Shri Netai Shahu should be re-instated in service with full back wages and with continuity of service.

This is my award.

AWARD

The Government of West Bengal, in its Labour Department, by order No. 3688-I.R./IR/7L-17(A)/67, dated 3rd August 1967, has referred to this Tribunal an industrial dispute between Messrs. Dalhousie Jute Co. Ltd., post office Baidyabati, district Hooghly, and their workmen represented by Hooghly Zilla Chatkal Mazdoor Union, post office Baidyabati, district Hooghly, for adjudication in respect of the following issue:—

Issue

Is the transfer of Shri Ram Chandra Singh to Lansdowne Jute Mills justified? To what relief, if any, is he entitled?

The case of the Union is that there is no company known as Bird/Heilgers group Jute Mills. Shri Singh might have been transferred from one Jute Mill to another Jute Mill when Bird/Heilgers was the Managing Agent of those Mills. That Shri Singh was transferred from Dalhousie Jute Mills to Lansdowne Jute Mills on 11th October 1966, when the Managing Agency system was abolished. That Shri Singh was in the pay roll of Dalhousie Jute Mills Co. Ltd. and not of the Bird/Heilgers Group Mills. That Dalhousie Jute Mills has certified Standing Orders of its own and the conditions of service is governed by the Standing Orders. There is no provision in the Standing Orders that the workers can be transferred from one company to another company. The right of transfer following from the appointment letter of Bird/Heilgers Groups Mills has become infructuous after the abolitions of Managing Agency system. That the two Jute Mills are distinct entities separately registered under the Companies Act, situated at different places, far from each other, and to import a term conferring a right on the employer to transfer to a different concern is really to make a new contract between them which cannot be done without the consent of the concerned workmen.

In the circumstances, it is prayed that the transfer of Shri Singh from Dalhousie to Lansdowne Jute Mills is illegal and mala fide. The Tribunal should direct that Shri Singh be brought back to Dalhousie Jute Mills immediately with payment of compensation for harassment.

The case of the Company is that Shri Singh was first employed as a Badli Durwan on 14th February 1961, for the group of Jute Mills under the management of Messrs. Bird and Co. (P) Ltd., and F.W. Heilgers and Co. (P) Ltd., popularly known as "Bird/Heilgers Group of Jute Mills". All the Jute Mills belonging to three distinct Companies, viz., (i) Union Jute Co. Ltd., (ii) Dalhousie Jute Co. Ltd., and (iii) Lansdowne Jute Co. Ltd., fall within this group of Jute Mills. Subsequently, by a letter, dated 14th February 1966, Shri Singh was appointed as a permanent Durwan for the said Bird/Heilgers Group of Jute Mills and was first posted at Union North Jute Mill belonging to Union Jute Co. Ltd. with the specific condition that he was liable to be transferred to any Jute Mills of the Bird/Heilgers Group. Shri Singh worked at the Union Jute Mill from 14th February 1966 to 31st January 1965 and thereafter he was transferred to Dalhousie Jute Mills belonging to Dalhousie Jute Co. Ltd. where he worked from 1st February 1965 to 16th October 1966. According to the prevalent practice and custom in the Bird/Heilgers Group of Jute Mills all Durwans are periodically transferred from one Mill to another. In pursuance of this practice and custom Shri Singh was again transferred from Dalhousie Jute Mills to Lansdowne Jute Mills but as he became ill he reported to his duties at Lansdowne Jute Mills on 18th October 1966. The transfer made was all routine matters and by such transfer neither his wages nor his other conditions of service have been prejudicially affected.

Under the circumstances, it is submitted that this Tribunal would be pleased to hold that the transfer of Shri Ram Chandra Singh to Lansdowne Jute Mills was justified and he is not entitled to get any relief whatsoever.

Shri Narayan Das Gupta opened the case for the workman. He then stated that he would not examine any witness. The workman was not present in Court. After that the learned Advocate Mr. Sen opened the case for the Company and examined Shri S. Roy, a Security Officer of Bird and Co. Private Ltd./Heilgers and Co. (P) Ltd.

The point to be decided in this case is very simple. It is the case of the Company that under the terms of appointment letter Shri Singh was liable to be transferred from one Mill to another. The Union does not dispute that such was the condition of appointment of Shri Singh but it is submitted on behalf of the workman that as admittedly the Managing Agency of Bird and Co. (P) Ltd./Heilgers and Co. (P) Ltd. has been abolished the workman cannot be transferred from one Mill to another. Ext. 1 is the appointment letter. Paragraph 2 of the said exhibit reads as follows: "You are liable to be transferred at any time to any of the Mills under the management of Messrs. Bird/Heilgers." In cross-examination P.W. 1, the Security Officer, states that the Managing Agency of Bird/Heilgers in respect of Jute Mills were abolished in August 1965. It is his definite evidence that he is the only Security Officer of all the Mills. The Chief Mill Manager, Cost Accountant, Officer-in-charge, Statistical, Quality Control, Chief Labour Officer work for all the Mills. It is his clear evidence that even after the abolition of Managing Agency system of Bird/Heilgers the system of the officers named above working for all the Mills is still continuing. P. W. 1 states that when he transferred one Security staff from one Mill to another he writes a letter to the Manager of the Mill where the staff is posted and copy of that letter is sent to the Mill where the staff is transferred. He proves the letter, Ext. 4, which he sent to the Manager, Dalhousie Jute Mill, with a copy to the Dalhousie Jute Mill. By this letter, Ext. 4, Shri Singh was transferred from Dalhousie Jute Mill to Lansdowne Jute Mill. On the top of Ext. 4, it is seen that the letter was written by S. Roy, the Security Officer, P.W. 1 on behalf of the Jute Mills. As

I have already indicated no evidence has been adduced on behalf of the workman and that being so, the evidence of P.W. 1 that even after the abolition of the Managing Agency system of Bird/Heilgers Group the previous system is still continuing remains unchallenged. P.W. 1 states in examination-in-chief that he had the occasion to transfer the Durwans from one Mill to another. He proves a list, Ext. 3, which shows the cases of inter-mill transfers of Watch and Ward staff after the abolition of Managing Agency system of Messrs. Bird/Heilgers in respect of the different Jute Mills. The list has been prapared and signed by P.W. 1. Ext. 3 shows that as many as 114 persons were transferred from one Mill to another from 16th September 1965, till 1st July 1968. P.W. 1, also states that as Security Officer he recruits durwans, distribute them to different Mills as temporary hand, make them permenant, promote them and transfer them. The durwans are generally under his control and also under the control of the Managers of the Mills where they are posted. From Ext. 3 and also from the evidence adduced by P.W. 1, it is seen that the matter of transfering the durwan from one Mill to another is a routine affair. As has already been stated that during a period of three years as many as 114 persons were transferred from one Mill to another. Ext. 1 very clearly shows that Shri Singh was liable to be transferred from one Mill to another. It is true that in the Ext. 1, it has been mentioned that he was liable to be transferred to any of the Mills under the management of Messrs. Bird/Heilgers. Though the Managing Agency has been abolished the system of work prevalent at the time when the Managing Agency was in vogue is still continuing. That being so, I find nothing irregularity or illegality in the order of transfer passed by the Security Officer in respect of Shri Ram Chandra Singh. Shri R. C. Singh is therefore entitled to no relief.

AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. New Kashmir and Oriental Transport Private Ltd., 56 Baranashi Ghosh Street, Calcutta-6, and their workmen represented by Calcutta Lorry Transport Workers Panchayet, 13 Amratalla Lane, Calcutta-1, to this court by its order No. 5584-I.R./IR/4L-55/67, dated 27th October 1967, under section 10, Industrial Disputes Act on the following issue:

Issue:

Whether the termination of service of Shri Radheshyam Gupta is justified? To what relief, if any, is he entitled?

Usual notices were served upon the parties directing them to appear on 31st January 1968 and the Union to file its written statement by the date. Both the parties were absent on that date and by my order No. 2, dated 31st January 1968, the record was put up on 12th March 1968, for filing written statement by the Union. The Opposite Party-Company filed an authority on 9th February 1968, authorising Shri N. Paul, Advocate, to represent its case. The record could not be put up on 12th March 1968, as I was hearing a case at Santipur on that date and by my order No. 4, dated 12th and 16th

March 1968, the record was put up on 16th April 1968, for filing written statement by the Union. The Union did not appear on that date and by my order No. 5, dated 16th April 1968, the record was put up for orders on 13th May 1968. Thereafter, the record has been put up for orders on 24th May 1968, 18th June 1968 and 23rd July 1968, but the parties were all along absent. By my order No. 9, dated 23rd July 1968, the record has been put up for orders on this date, but the parties have not appeared even on this date.

It appears that the Union is not interested in pursuing the present dispute as the Union is not taking any steps even after service of notice upon them, as it appears from the acknowledgment receipt kept with the record. It seems that the dispute between the parties has been settled out of court. Under the circumstances, I am inclined to pass a "no-dispute" award. A "no-dispute" award be passed accordingly.

This is my award.

AWARD

The Labour Department, Govt. of West Bengal, has referred an industrial dispute between Messrs. English Electric Co. of India Ltd., D-3, Gillander House, 8, Netaji Subhas Road, Cal-1 and their workman Shri Salamat Ali, 3A, Bindu Banerjee Street, Calcutta-27, to this court by its order No. 3279-I.R./IR/10L-253/67, dated 17th July 1967, under section 10 read with section 2A, Industrial Disputes Act on the following issue :

Issue

Whether the termination of service of Shri Salamat Ali is justified ? What relief, if any, is he entitled to ?

Usual notices were served upon the parties directing them to appear on 26th August 1967 and to petitioner-workman to file its written statement by that date. Both the parties appeared on that date and the petitioner workman filed a petition for time for filing written statement, which was allowed by my order No. 2 dated 26th August 1967, fixing 15th September 1967 for filing written statement. The petitioner-workman also filed an authority authorising Shri B. Chakraborty and Shri B. Banerjee, Advocates, to represent his case. The O. P.-Company filed an authority authorising Shri J. N. Chatterjee, Legal Adviser and Sri D. K. Ghosh, Assistant Legal Adviser of Indian Engineering Association to represent its case. The petitioner-workman filed his written statement on 15th September 1967 and the O. P.-Company was directed by my order No. 3, dated 15th September 1967 to file its written statement by 30th September 1967. The O. P.-Company took time on several occasions and ultimately filed its written statement on 9th November 1967.

The petitioner-workman's case is that he was serving under the O. P.-Company as a temporary driver at Calcutta. He pressed for being made permanent in terms of understanding at the time of his appointment. The O. P.-Company by a letter, dated 11th January 1967, informed him that his service had been terminated by an oral information on and from 4th January 1967. The petitioner-workman was not given any requisite notice nor any compensation under section 25F, Industrial Disputes Act. His service was also terminated in violation of the principle of "last-come, first-go". The O. P.-Company has recruited another driver in his place on the same date or immediately thereafter.

As the O. P.-Company violated the mandatory provision of section 25F, Industrial Dispute Act, the petitioner- workman must be deemed to have continued in his service till reinstatement as such.

The O. P.-Company's case is that the petitioner-workman was appointed as a 'Badli' driver on or about 19th April 1966. He continued in the service under the O. P.-Company against numerous leave vacancies as a consequence of the drivers of the Company going on leave or otherwise absenting from their duties. His servece period commenced on 19th April 1966 and concluded on 3rd January 1967 including intermittent time lags when no work could be provided to him, as there was no leave vacancy in which he can be provided. It is denied that the petitioner-workman ever approached for making him permanent or that there was any understanding for making him permanent as such. It is specifically alleged that the petitioner-workman was given to understand that his job was essentially of a 'Badli' nature and a 'Badli' worker has no right to permanency. The O. P.-Company by its letter, dated 11th January 1967, merely advised the petitioner-workman to collect his dues from the O. P.-Company as his service was already terminated. The petitioner-workman being a 'Badli' workman was not entitled to any compensation under section 25F, Industrial Disputes Act nor he satisfied the required conditions serving only since 19th April 1966 till 4th January 1967. The principle of 'last-come first-go' does not apply to the petitioner-workman as he was a '*Badli*' workman. This apart, he was the last workman in his category to be appointed as a driver. It is specifically denied that any driver was recruited to replace the petitioner-workman as alleged. Termination of service of the petitioner-workman does not amount to retrenchment nor there has been any violation of the provisions of section 25F, Industrial Disputes Act.

Decisions

The learned lawyer for the O.P.Company urges first that the petitioner-workman being admittedly a 'Badli' workman cannot be entitled to reinstatement. The petitioner-workman has deposed as P.W.1 and has categorically admitted even in his examination-in-chief that he was appointed as a temporary hand. The fact would appear even from his allegations in paragraph 1 of his written statement. The learned lawyer for the O.P.-Company, however, urges that if the petitioner. workman being entitled to compensation for reinstatement under section 25F, Industrial Disputes Act, retrenchment without payment of any compensation would make his retrenchment void and so, though the petitioner-workman would not be entitled to claim reinstatement as such, but in the eye of law his service as a temporary workman would be deemed to have continued all along. The real point in dispute is whether the termination of service of the petitioner-workman is justified or not. If the termination of service of the petitioner-workman is not justified for want of payment of compensation for retrenchment under section 25F, Industrial Disputes Act, his service even as a temporary worker would be deemed to have continued all along. So the contention of the learned lawyer for the O.P.-Company that the petitioner-workman is not entitled to any claim for reinstatement raises only an academic point and is not of much material help to the parties. It is true that the petitioner-workman as a "Badli" workman cannot claim reinstatement, but if his service has been terminated by way of retrenchment in violation of the provisions of section 25F, Industrial Disputes Act, he is entitled to wages from the O.P.-Company as if his service was never terminated.

As to the merits of the case, the learned lawyer for the O.P.-Company urges that the petitioner-workman is not entitled to any compensation for retrenchment under section 25-F,Industrial DisputesAct as he has not worked 240 days during a period of preceding calendar 12 months within the meaning of section 25B, Industrial Disputes Act. It is interesting to note at this stage that it has been categorically stated in paragraph 2 of the written statement of the O.P.-Company that the service of the petitioner-workman commenced on or about 19th April 1966 and concluded on 3rd January 1967 including the time lags when no work could be provided to him. The period since 19th April 1966 till 3rd January 1967 covers 260 days. At the time of the hearing of the case, the learned lawyer for the O.P.-Company, however, relies on Ext. C., statements of car-driven by the petitioner-workman, wherein it has been shown that the petitioner-workman had no work on 24th April 1966, 1st May 1966, 2nd May 1966, 8th May 1966, 15th May 1966, 22nd May 1966, 29th May 1966, 5th June 1966, 12th June 1966, 19th June 1966, 26th June 1966, 10th September 1966, 27th November 1966 till 30th November 1966, 25th December 1966 and 1st January 1967. These would cover 18 days only. Ext.C further shows that the petitioner-workman was not in the service of the O.P.-Company since 17th September 1966 till 25th September 1966 covering 9 days. This fact, however, has never been stated in the written statement of the O.P.Company. The O.P.-Company has examined their Assistant Branch Accountant as the lone witness. He has compiled the statement Ext.C from the records of the O.P.-Company. He has stated in his examination-in-chief the different dates on which the petitioner-workman had no work during his period of service under the O.P.-Company In his cross-examination he, however, admits that the O.P.-Company filed a previous statement as to working days of the petitioner-workman and this has been marked as Ext. C(1). He also admits that Ext. C(1) was withdrawn previously and replaced by another statement which is Ext.C. His attention was drawn to the endorsement at the bottom of the documents Exts.C and C(1). The endorsement of Ext. C reads as "Prepared by me from the records of the Company to the best of my knowledge," whereas the endorsement at the bottom of Ext.C(1) reads as "Compiled by me from the records of the Company". His attention was also drawn to the difference between "my direct knowledge" and "to the best of my knowledge". He has categorically stated that in case of an endorsement "to the best of my knowledge" something may not be known. He has, however, denied that he had no personal knowledge as to the statement made in Ext.C and so the endorsement was given as described above "to the best of my knowledge". He next admits that there are discrepancies between Ext.C and Ext. C(1). He also admits that both the documents were prepared by him from the records of the O.P.-Company and with the direct knowledge. He has explained the difference between the statements of Ext.C and Ext.C(1) as there are endorsements in Ext.C "but no work" as to certain dates, which do not appear in Ext.C(1) relating to the corresponding entries. He has also admitted that he has not brought all the records on the basis of which Ext.C or Ext.C(1) was prepared. He has brought the

Attendance Register. He has next admitted that on all the dates there was an endorsement "no work" in Ext.C, the petitioner-workman has been marked present in the attendance register excepting the dates on which he was not paid. He has specifically admitted that the petitioner-workman has been marked present on 16th September 1966 and 29th November 1966 and there is an entry as to 30th November 1966 that the petitioner-workman worked in Behala. O.P.W.1 next admits that the petitioner-workman has been marked present on 4th January 1967. He has also admitted that 26th November 1966 till 28th November 1966 were holidays. I am certainly permitted to look into the attendance register of the O.P.-Company relating to the petitioner-workman's period of work as Ext.C and Ext.C(1)have been compiled from the documents of the O.P.-Company of which only the attendance register has been produced. It would appear from the deposition of O.P.W.1 that the petitioner-workman served under the O.P.-Company at its Behala Workshop where he worked from 19th April 1966 till 2nd May 1966. His name does not appear in the attendance register produced before the court for the months of April and May 1966 and so it is clear that there is no basis for the statement of his having no work on 24th April 1966, 1st May 1966, 2nd May 1966, 8th May 1966, 15th May 1966, 22nd May 1966 and 29th May 1966. His name appears for the first time in the attendance register as serial No. 6 under the head "temporary" for June 1966 and he has been marked present only on 29th June 1966 and has been marked absent with a dot on 28th June 1966. Thus, there is again no basis for the entry "no work" for the dates 5th June 1966, 12th June 1966, 19th June 1966 and 26th June 1966. It would appear from Exts. C and C(1) that on 28th June 1966 the petitioner-workman worked for Shri C. Misir. There is no statement by O.P.W.1 that the petitioner workman did not work on 28th June 1966. It would appear from the attendance register that the attendance of the petitioner-workman has been regularly kept only since 4th July 1966. The petitioner-workman has been marked present on 16th September 1966 and there is no entry in the attendance register to show that he had no work on that date. None of the workmen has been marked present on 26th November 1966, 27th November 1966 and 28th November 1966 and this would clearly corroborate the O.P.W. 1's statement that these days were holidays as stated by O.P.W.1. The petitioner-workman has been marked present on 29th November 1966 and there is an entry "Behala" corresponding to 30th November 1966. There is no entry in the attendance register to show that the petitioner-workman had no work on 27th November 1966 till 30th November 1966. No attendance has been recorded in respect of any of the workmen on 24th December 1966 and 25th December 1966. No attempt has been made to explain this fact at the time of hearing of the case. It would appear from overtime card Ext.B series that 25th December 1966 was a Sunday. There is no entry in the attendance register to show that the petitioner-workman had no work on that date. It would also appear from the overtime card Ext. B series that 1st January 1967 was a Sunday. It would appear from the attendance register that none of the workmen has been marked present on 1st January 1967. There is no entry in the attendance register that the petitioner-workman had no work on that date. It would also appear that the petitioner workman has been marked present till 5th January 1967 and his name has been struck off with red pencil thereafter showing probably that his service was sought to be terminated.

On the above scrutiny I find that the O.P.-Company has not disclosed the basis for the entry "no work" as to any of the dates alleged. They have produced no documents whatsoever to show the basis of such entries in Ext.C. O.P.W.1 does not disclose the other document relied upon for compiling the statement Ext.C. In his cross-examination he has stated that the O.P.-Company holds no other documents barring those already produced to show that the petitioner-workman had no work on the dates in which the endorsements 'no-work' have been made. So, there is no escape from the calculation that the endorsement 'no work' has been made arbitrarily in Ext.C and there is no basis whatsoever for making such endorsements and the O.P.-Company has signally failed in proving that the petitioner-workman was not allotted any work on those dates. I have already mentioned 18 days relied upon by the O.P.-Company at the time of hearing on which no work was allotted to the petitioner-workman. Those dates have never been mentioned in the written statement of the O.P.-Company and there is no explanation why these dates were not disclosed therein. There is also no explanation why there was an omission to endorse 'no work' against such dates in Ext.C(1). The petitioner-workman has categorically stated in his cross-examination that since his appointment he worked for the entire period in 1966 and for a few days in 1967 excepting 1/2 holidays. On the existing evidence, I disbelieve the O.P.-Company's case that on 18 specific days no work was allotted to the petitioner-workman. Be it noted that out of 18 specific dates mentioned above on 16th September 1966, 29th November 1966 and 30th November 1966 petitioner-workman has been either marked present or his work has been noted in the attendance register and this fact has been admitted by O.P.W.1 himself. O.P.W.1 has also admitted that 27th November 1966 and 28th November 1966 were holidays. I have also found 25th December 1966 and 1st January 1967 to be holidays, on which no other workman has been marked present in the attendance register. Even as to earlier dates relating to a period when the petitioner-workman's name was not entered in the attendance register, it would appear from the attendance register that none of the workmen has been marked present on 24th April 1966, lst May 1966, 2nd May 1966, 8th May 1966, 15th May 1966, 22nd May 1966, 29th May 1966, 5th June 1966, 12th June 1966, 19th June 1966 and 26th June 1966 and these dates may, therefore, be accepted as holidays, which were all Sundays excepting 2nd May 1966.

I have already indicated above that there is no case of the O.P.-Company in its written statement that the petitioner-workman did not serve under the O.P.-Company since 17th September 1966 till 25th September 1966. Ext. C, however, shows such entry. There is no such entry in Ext. C(1) and on the other hand, it is seen from Ext. C(1) that the petitioner-workman worked in place of Shri R.N. Dubey, who was on privilege leave since 16th September 1966 till 2nd October 1966. The attendance of none of the workmen has been recorded on 17th September 1966, 18th September 1966, 22nd September 1966 and 23rd September 1966 and those dates may be accepted as holidays. The petitioner-workman has categorically denied as P.W.1 in his cross-examination that his service was terminated after working for sometime in September 1966. O.P.W.1 has stated in his examination-in-chief that he was not in the O.P.-Company's service since 17th September 1966 till 25th September 1966 and he was paid as to his dues up to 16th September 1966. Ext.A is a receipt showing such payment, but that does not prove that his service was terminated on 16th September 1966. O.P.W.1's statement is clearly false and frivolous and is a mere afterthought and, therefore, must be disbelieved.

The petitioner-workman as P.W.1 has stated in his examination-in-chief that he commenced his work on 15th/16th of May, 1965. This is clearly a mis-statement of fact as it is an admitted case of the O.P.-Company that he was appointed on 19th April 1966. So, I find that the petitioner-workman has served since 19th April 1966 till 4th January 1967 or 5th January 1967 (as per recorded attendance in the attendance register) and has served for more than 240 days within the preceding 12 calendar months from the date of termination of his service.

The entire effort of the O.P.-Company was to show that on some dates during the intervening period the petitioner-workman had no work and the learned lawyer for the O.P.-Company urges that such dates do not count towards computation of 240 days within the meaning of section 25B, Industrial Disputes Act. Even conceding to the O.P.-Company's case on facts, which I have disbelieved, on a scrutiny of the evidence adduced before me, it cannot be accepted that if a workman be paid for his work on a particular date it can be said that no work was allotted to him on that date. It would appear from Ext.A that the O.P.-Company paid the wages to the petitioner-workman for 16th September 1966. O.P.W.1 has admitted in his examination-in-chief that when the petitioner-workman was brought to the Head Office, he was paid his wages, at the rate of Rs. 7 per day and he was paid for the entire month including the holidays and dates on which he had no work. He has also stated that the petitioner-workman worked in the Head Office since 29th June 1966 till 16th September 1966 and again since 26th September 1966. I have already disbelieved thecase of the O.P.-Company sought to be made at the time of the hearing that the petitioner-workman was not in the service of the O.P.-Company since 17th September 1966 till 25th September 1966. Be that as it may, it is clear therefore, that the petitioner-workman was paid his wages on 16th September 1966 since 27th November 1966 till 30th November 1966, 25th December 1966 and 1st January 1967. So, even if I accept that the petitioner-workman did not work on 24th April 1966, 1st May 1966, 2nd May 1966, 8th May 1966, 15th May 1966, 22nd May 1966, 29th May 1966, 5th June 1966, 12th June 1966, 19th June 1966 and 26th June 1966, he has completed more than 240 days work during the period since 19th April 1966 till 4th January 1967 or 5th January 1967.

The learned lawyer for the O.P.-Company has relied upon the decision reported in 1963(II) LLJ 367 to urge that an employee working for more than 240 days but not putting in 12 calendar months of service is not entitled to the benefits of section 25F, Industrial Disputes Act. He has also referred to the decision reported in 1965(II) LLJ 118 wherein it has been held that "though S. 25F speaks of continuous service for not less than one year under the employer, both conditions are fulfilled if the workman has actually worked 240 days during a period of 12 calendar months. It is not necessary to read the definition of 'continuous service' in the section 25B, because the fiction converts service of 240 days in a period of 12 calendar months into continuous service for one complete year." The learned lawyer for the O.P.-Company urges that the decision reported in 1965(II) LLJ 118 has not covered the decision of 1963(II) LLJ 367. I am unable to accept this view on a perusal of the decision reported in 1965(II) LLJ 118 and hold that the service of 240 days within the preceding 12 calendar months would suffice for a workman to claim retrenchment compensation under section 25F, Industrial Disputes Act in view of section 25B Industrial Disputes Act. Be it noted that section 2(eee) was omitted by Act 36 of 1964 with effect from 19th December 1964 and amended section 25B Industrial Disputes Act was substituted in place of the previous section 25B Industrial Disputes Act. The effect of this amending Act has been considered by the decision reported in 1965(II) LLJ 118 as follows:

> "Amended section 25B Industrial Disputes Act only consolidates the previous section 25B Industrial Dispute Act and section 2(eee) in one place adding some other matters which are not relevant to the present purpose but the purport of the new provision is not different."

On the above discussions, the petitioner-workman was entitled to retrenchment compensation under section 25F, Industrial Disputes Act because of his service for more than 240 days in view of section 25B, Industrial Disputes Act. It is not the O.P.-Company's case that they have paid any retrenchment compensation to the petitioner-workman and they have restricted their case only to the point that no retrenchment compensation was payable to the petitioner-workman. O.P.W.1 has categorically stated in his cross-examination that they did not tender any compensation to the petitioner-workman under section 25F, Industrial Disputes Act. He has also admitted that the O.P.-Company did not serve any notice or one month's notice under section 25F, Industrial Disputes Act. As a result, because of violation of the provisions of section 25F the termination of service of the petitioner-workman is not justified. He would be entitled to all the benefits as if his service is continuing all along.

An award be passed accordingly holding that the termination of service of the petitioner-workman is not justified and he is entitled to all the benefits including the wages since the alleged date of termination of his service on 4th January 1967 or 5th January 1967, as if his service is continuing all along.

This is my award.

AWARD

On the following two issues, there having existed an industrial dispute between Messrs. N. D. Mazumdar & Co., Radhanagar, post office Asansol, district Burdwan (hereinafter called the Company) and their workmen represented by United Contractors' Workers' Union, Puranhat, post office Burnpur, district Burdwan (hereinafter called the Union), the Governor of West Bengal in exercise of the powers conferred by section 10 of the Industrial Disputes Act, was pleased to refer the said dispute for adjudication to this Tribunal under Government of West Bengal, Labour Department, order No. 5665-I.R./IR/10L-412/67, dated Calcutta, the 2nd November, 1967.

Issues

(1) Whether termination of service of Shri Gopal Ch. Mondal is justified? What relief, if any, is he entitled to?

(2) Whether Shri Gopal Ch. Mandal is entitled to receive any amount towards legal dues from the management? If so, what should be the amount?

After registering this case on 13th/15th November 1967, this tribunal issued due notices to the parties, fixing 18th December 1967 for their appearance and filing of written statement by the Union. On 18th December 1967 the notices were found duly served on both the sides. Shri Bimalendu Sircar, Office-in-charge, appeared for the Company and filed his authority to represent the Company. None appeared for the Union and no written statement was filed by the union. With a view to give one more chance to the Union time for filing of written statement by the Union was extended up to 8th January 1968. On 8th January 1968 the Union filed its written statement a copy of which was made over to the Company. The Company was asked to file its written statement on 9th February 1968. On 9th February 1968 the Presiding Officer of the tribunal being on leave the case was taken up on 12th February 1968. The Company had filed its written statement on 9th February 1968 as directed. A copy of the written statement filed by the Company was made over to the Union and 16th March 1968 was fixed for filing of documents by the parties. On 16th March 1968 the parties did not file any document, however. Thereafter 29th April 1968 was fixed for fixing a date of hearing. On 31st May 1968 the case was fixed for hearing on 10th July 1968. On 10th July 1968 in spite of repeated calls none of the parties appeared before the tribunal. The parties did not show any cause for their non-appearance. In view of the non-appearance of the parties before the tribunal, the tribunal presumed that the dispute between the parties had ceased to exist, and the parties were, therefore, not interested in the dispute any longer. Having formed that opinion, the tribunal ordered that a no-dispute award would be passed in this case. I have already stated above that the parties did not appear on 10th July 1968 before the tribunal and they did not care to show any cause for their non-appearance. The conduct of the parties clearly goes to show that they are not interested in the fate of this case. Therefore, making a presumption which the tribunal is entitled to make under rule 22 of the West Bengal Industrial Disputes Rule, 1958, I hereby pass this no-dispute award on the footing that the industrial dispute under reference is no longer in existence. The case is thus disposed of.

Let usual number of copies of this award be sent to the State Government for necessary action.

AWARD

By the Government of West Bengal, Labour Department, order No. 1706-IR/IR/11L-289/66, dated 26th April 1967, an industrial dispute between Messrs. Calcutta Optical Manufacturing Co. and their workmen including the present three applicants Sarbasree Haradhan Das, Madan Adhikari and Sudhansu Roy, was referred to this tribunal for adjudication.

During the pendency of the said reference case, the aforesaid three applicants filed the instant application under section 33A of the Industrial Disputes Act, 1947, complaining violation of section 33 of the Act by the management, during the pendency of the said reference case, and praying for redress.

It is alleged by the applicants in the application that they were permanent workman of the Company working in their Masjidbari Street establishment at 44B Masjidbari Street, but suddenly on 10th June 1967 they were given orders of transfer to the Company's establishment at 95/1D, Cossipore Road, and were asked to report for duty there since 12th June 1967. When they reported to their Cossipore establishment on 12th June 1967 for duty, they found to their utter surprise that the establishment at Cossipore was also closed. Since then, they have not been given any work by the management, which the petitioners allege is highly mala fide, wrongful and illegal on the part of the management. The petitioners pray for such order or orders as the Tribunal may, in the circumstances of the case, deem fit and proper.

The Company after receipt of the notice of this application from this tribunal, filed a written statement denying the material allegations in the application, and contending inter alia that all the three applicants were working in their Cossipore establishment from long before 12th June 1967, which establishment was also really closed with effect from 12th June 1967. The applicants, according to the Company authorities, are not entitled to any relief whatsoever in this proceeding. The applicants' allegation of their transfer to Cossipore factory with effect from 12th June 1967 has been denied as absolutely false and frivolous.

The applicants allege that they were all permanent workmen of the Company in its establishment at 44E Masjidbari Street, but they were abruptly transferred to Company's establishment at Cossipore with effect from 12th June 1967. Their further allegation is that on receipt of this order of transfer on 10th June 1967, as directed, reported to the Company's Cossipore establishment on 12th June 1967 for Work; but they found to their utter surprise that the said establishment was also closed since that date. It is not disputed that the Company had an establishment at 44E Masjidbari Street address but contended that the said establishment was closed with effect from the beginning of March 1967. They also alleged that before winding up of their Masjidbari establishment, Company gradually shifted all workmen at Masjidbari factory to Cossipore establishment. On behalf of the Company, three witnesses have been examined : D. W. 1 is one of the partners of the Company; D. W. 2 is an employee of the owner of 44E Masjidbari Street; D. W. 3 was the tenant of the first degree of 44E Masjidbari Street and he gave sub-lease of the premises to the Company, viz., Calcutta Optical Manufacturing Company. On behalf of the Company, wage registers and attendance registers have been produced. On the other hand, two of the applicants Nos. 1 and 3 have been examined as P. Ws. 1 and 2 respectively. Applicant No. 2 has not been examined in this case. The evidences of these two applicants cannot be believed as they contradicted each other on material points. P. W. 1 stated that they had received their pay on 10th June 1967 when D. W. 1 Shri Damani directed them to join the Company at Cossipore with effect from 12th June 1967. P. W. 2, on the other hand, stated that on the night of 10th June 1967, it was Golapbhai Patel, another Director of the Company, directed them to report for duty at Cossipore factory on 12th June 1967. P. W. 1 also stated that he got his pay for March, April and May 1967 from Cossipore factory; but P. W. 2 stated that he got his pay for March , April and May 1967 from Masjidbari Factory, which is also the Company's case. As against the aforesaid evidences of P. Ws. 1 and 2, we find that the evidences of D. Ws., both oral and documentary, prove that the Company has no establishment at 44E Masjidbari Street with effect from 1st March 1967 and that the Company gave up possession of their establishment at 44E Masjidbari Streeet, in favour of the landlords in the latter part of February 1967. I accept this evidence adduced on behalf of the Company and I hold that since after February 1967, Company had no establishment at Masjidbari Street and the applicants' case to the contrary is not true. So. the applicants' contention that on the night of the 10th June 1967, they were actually served with an order of transfer to the Cossipore establishment and that they had for the first time reported for duty to Cossipore establishment for work cannot be believed on the face of evidences on record. I further hold that they were in the Cossipore establishment of the Company from long before, as has been alleged by the Company before this tribunal. I have also today passed an award in the aforesaid original reference case holding that the closure of the Company's undertaking at Cossipore Road since 12th June 1967 is real and bona fide. (Vide the notice of closure, Ext. C.)

Before me, it has not been specifically alleged and proved that there was contravention of any of the provisions of section 33 of the Industrial Disputes Act during the pendency of the proceedings of the aforesaid main reference case.

In the result, I hold that the applicants are not entitled to any relief in this case. The application under section 33A of the Industrial Disputes Act stands dismissed.

This is my award.

AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. R. Sen & Co., 10/1 Elgin Road, Calcutta-20, and their workman Shri Pran Gobinda Saha, 10|78 Bijoygarh, Calcutta-32, to this court by its order No. 6033-I.R.|IR|11L-269|67, dated 18th November 1967, under section 10 read with section 24, Industrial Disputes Act, on the following issue :

Issue

Whether termination of service of Shri Pran Gobinda Saha is justified ? To what relief, if any, is he entitled ?

Usual notices were served upon the parties directing them to appear on 14th February 1968 and the petitioner-workman to file his written statement by that date. Both the parties were present on that date. The petitioner-workman filed a petition for time for filing written statement, which was allowed by my order No. 2, dated 14th February 1968, fixing 2nd March 1968 for filing written statement by the petitioner-workman. The Opposite Party-Company filed an authority authorising Shri Architananda Mukherjee to represent its case. The petitioner-workman filed his written statement on 2nd March 1968. By my order No. 3, dated 2nd March 1968 the Opposite Party-Company was directed to file its written statement by 2nd April 1968. The Opposite Party-Company filed its written statement on 2nd April 1968 and the case was fixed for hearing on 22nd July 1968. The Opposite Party-Company filed a petition for adjournment on the ground of compromise on that date, which was allowed by my order No. 7, dated 22nd July 1968 fixing 23rd August 1968 for compromise, in default, for hearing.

Both the parties have filed a joint petition of compromise under the signatures of the petitioner-workman himself and Shri P. Chakraborty, Joint Secretary, for the Opposite Party-Company, on this date intimating the terms of settlement between the parties and praying for passing an award accordingly in terms of the joint petition of compromise. As per terms of compromise Rs. 500 has been paid to the petitioner-workman by the Opposite Party-Company in full and final settlement of all his dues from the Opposite Party-Company. A copy of the debit voucher showing such payment of Rs. 500 has been annexed with the joint petition of compromise.

On a perusal of the joint petition of compromise, I find the terms of compromise to be lawful, reasonable and fair. Under the circumstances, I am inclined to pass a 'no dispute' award in terms of the joint petition of compromise. A 'no-dispute' award be passed accordingly in terms of the joint petition of compromise, which be made a part of this award.

This is my award.

AWARD

By the Government of West Bengal, Labour Department, order No. 4079-I.R./IR/11L-269/66, dated the 21st August 1967, an industrial dispute between Messrs. Calcutta Optical Manufacturing Company, 41-B Brajadulal Street, Calcutta-6, and their workmen represented by Optical Workers' Association, was referred to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication in respect of the following issue:

Issue

Whether closure of the Company's undertaking at 95/1/D Cossipore Road, Calcutta-2, is real and bona fide? Whether the closure is beyond the control of the management and in the circumstances justified? To what relief, if any, are the workmen entitled?

After receipt of the order of reference, usual notices were served on both parties, who appeared and filed separate written statements.

The case of the Company is that by a notice, dated 10th June 1967, the office at 41B Brajadulal Street, Calcutta-6, and also the factory at 95/1D Cossipore Road, Calcutta-2, were closed with effect from 12th June 1967, under section 25FFF offering full benefits in accordance with section 25F of the Act. The Company did not invoke the provisions of the proviso to section 25FFF of the Act in closing the undertaking and as such it has been contended that the question as to whether the closure is beyond the control of the management and in the circumstances justified, does not arise. It has also been asserted that this Tribunal has got no jurisdiction to entertain and decide the issue, because, no industrial dispute can be raised in respect of a dead industry. The existence of the Company's any undertaking at 31/3 Nayanchand Dutta Street or at 2 Chhatu Babu's Lane, has been denied emphatically. The Company denied to have threatened any workman to give up the Union as alleged. The factory, according to the Company, has been closed for want or acute shortage of imported raw materials. The Company had never any intention to harass their workmen.

The Union in its written statement contended that the Company threatened their workmen and asked them to give up their Union activities. Service of notice on the workmen regarding closure of the factory has been denied. The workmen as usual, when went to join their duties on 12th June 1967, at their factory at Cossipore Road, they found to their utter surprise that the workshop was under lock and key. As the workmen have been harassed for nothing, because of their joining the Union, and as the closure is unjustified, illegal and mala fide, the Union prayed for an order directing the Company to open the factory without any further delay.

The first part of the issue under consideration is: Whether the closure of the Company's undertaking at 95/1D Cossipore Road, Calcutta-2, is real and bona fide? Admittedly, D. W. 1 Shri Ramkishan Das Damani and another named Shri G. D. Patel, started a business for manufacturing spectacles under the name and style of Calcutta Optical Manufacturing Company on execution of the partnership deed, Ext. D, dated 14th July 1961. It is also admitted that the Head Office of the Company was located at 41B Brajadulal Street and that their factory was located at 95/1D Cossipore Road. It is further undisputed that they had another manufacturing concern at 44E Masjid Bari Street. Now, according to the Company, this manufacturing concern at Masjidbari Street was closed so far back since March 1967 and that they vacated their accommodation there at 44E Masjidbari Street in favour of the landlords during the end of February 1967. In paragraph 6 of the written statement of the Union, it has also been admitted that the factory of the Company at 95/1D Cossipore Road, was closed since 12th June 1967. The Company's case also is that by a closure notice, Ext. A, dated 10th June 1967, their factory at Masjidbari Street was closed since 12th June 1967. Now, in this case, two former employees of Calcutta Optical Manufacturing Company have been examined on behalf of the Union. On the other hand, one of the two partners, Shri Damani has been examined as sole witness on behalf of the Company. It is also admitted by all the three witnesses that the Company's undertaking at Cossipore Road has been closed since 12th June 1967. The two workers, P.Ws. 1 and 2, for the first time in their evidence stated that the Company's manufacturing process is still going on at 44E Masjidbari Street. P.W. 1 admitted that this fact was not mentioned before their lawyer at the time of drafting their written statement. P.W. 2 stated in his evidence a new fact. According to him, since August 1967 Company started another factory at 44E Masjidbari Street in the name of 'Chaitan Optical Company'. The written statement of the Company has been filed on 19th October 1967, but this alleged fact of running the business under the name of Chaitan Optical Company has not also been mentioned in the written statement of the Union. According to both P.Ws. 1 and 2, at the time of closure of Company's undertaking at Cossipore Road, there was stock of raw materials. But both of them admitted in their cross-examination that they have got nothing to show to the effect that on the date of closure of the factory, there was stock of raw materials in hand. On the other hand, D.W. 1 is a Partner. He stated that they had to close their factory as they were not getting raw materials. There is unchallenged evidence of D.W. 1, that their raw materials were all imported goods. D.W. 1 stated this fact to questions of the learned lawyer for the Union. The Union, in my opinion, is bound by this statement of D.W. 1 in his cross-examination. It also appears from Ext. A series and E series that all along the Directors of the Company were trying to get their imported raw materials, but the authorities failed in their attempts. Lastly by the letter, Ext. E(11), dated 7th March 1967, the Calcutta Optical Manufacturing Company was informed by the Additional Director of Industries, West Bengal, that their prayer for import licence for importing raw materials for the purpose of manufacturing spectacles was duly considered but was rejected. So, it appears from the documentary as well as oral evidences on record that the Company's undertaking at Cossipore Road has actually been closed from 12th June 1967. The Union, however, wants to say that the Company closed the factory in order to victimise the workmen of their refusal to sever connection with the Union. But this allegation of the Union has not been proved. Considering the entire evidences on record, I am not inclined to think that the Company closed the factory to victimise the workers. It is clear from the documentary evidence on record that the Company closed the factory as the imported raw materials were not available to the authorities and as such the name business cannot be continued. I am therefore, convinced that the closure was real and bona fide.

Ext. A is the notice of closure. On a careful perusal of Ext. A, it appears that this case of closure comes under section 25FFF(1) of the Industrial Disputes Act and not under the proviso to the said section 25FFF(1) of the Act, and accordingly the second part of the issue under reference as to whether the closure is beyond the control of the management and in the circumstances justified, cannot arise in this case. The evidences on record also do not prove that the Company is still running their manufacturing business at 44E Masjidbari Street as alleged on behalf of the Union.

In the result, I hold that the manufacturing business of the Company has been closed and I find that the closure of the business is real.

It is not open to the Tribunal to go into the question as to the motive of the Company in closing down the business and to enquire as to whether it was bona fide or mala fide or whether it was done in order to punish the workmen. It has been laid down by their Lordships of the Supreme Court in the case between Messrs. Hume Pipe Co. Ltd. and their workmen that the action of the Company is mala fide or bona fide cannot be gone into by the Tribunal. But in this case, I am convinced that the action of the Company in closing the business is bona fide. So, there is nothing mala fide in the action of the Company. I am convinced that the closure of the business is real and bona fide.

One question was also urged on behalf of the workmen by the Union that on 12th June 1967, they did not find any closure notice hung up at the factory gate. But it is proved by D. W. 1, the Partner and Ext. A series, that the notice of closure was actually sent under registered covers to the Labour Commissioner, Secretary, Labour Department, and to the Secretary of the Union. (Vide also Ext. B series, the Postal receipts.) The President of the Union was present during the hearing of this reference case. He has not come to the witness box and deposed to the effect that no such closure notice was sent to the Union Secretary. (Vide Ext. A and also Ext. B series.) Ext. A (1), dated 4th August 1967, a letter written by the Inspector of Factories to the Partner of the Company shows that at the time of inspection of the factory at Cossipore Road by the Inspector of Factories on 27th June 1967, he found a notice of closure displayed at the factory gate closing down the factory with effect from 12th June 1967. If the Company authorities would have sent notices of closure to the aforesaid officials and also to the Secretary of the Union, I do not think that the Company would gain anything by not displaying any such notice of closure at the factory gate. On the other hand, I accept the evidence of D. W. 1, the Partner, and I hold to the effect that such notice of closure was actually hung up at the factory gate closing the same from 12th June 1967.

The Company, it appears from Ext. A, is prepared to pay legal dues to the workmen under section 25FFF read with section 25F of the Act.

It is not the case of the Union that the Company did not offer the workmen their legal dues. In the written statement the Union prayed for an order directing the Company authorities to open the factory. But this prayer cannot be allowed. As the Company closed their business, i.e., their undertaking at Cossipore Road and as the Company is prepared to pay legal dues to their workmen under the law, no relief, in view of my aforesaid findings can be allowed to the workmen, in this order of reference.

I have held above that the closure of the Company's undertaking at 95/1D Cossipore Road, Calcutta-2, since 12th June 1967, is real and bona fide. The order of reference is, dated 21st August 1967. As this dispute arose with reference to an industry, which was dead or closed, the same falls outside the purview of the Industrial Disputes Act and as such the provisions of the Act cannot be availed of at all. After the closure of the business there was no industry in existence and accordingly a notification made subsequent to the closure, as in the instant case, by the appropriate Government under section 10 of the Act, is illegal.

In the result, I further hold that there is no legal reference before this Tribunal and as such the employees are not entitled to any relief in this Tribunal.

This is my award.

STATEMENT OF OBJECTS AND REASONS

From the Reports of the Committees appointed by the Central Government from time to time it is evident that a great majority of the population depends on the indigenous system of medicine so far as their health is concerned. But there is no standard either in education or treatment of the said system of medicine. The Central Government is controlling the Ayurvedic education and treatment merely on the advice given by its Adviser on the indigenous system of medicine. All the Committees on the indigenous systems of medicine have recommended the establishment of an Ayurvedic Medical Council to control the Ayurvedic education and treatment but no action has yet been taken by the Central Government in the matter. This Bill aims to give effect to the recommendations of the said Committees and to control education and treatment in Ayurveda.

PART V.—Acts of the Parliament of India assented to by the President and Acts enacted and Ordinances promulgated by the President.

GOVERNMENT OF INDIA

MINISTRY OF LAW

(Legislative Department)

New Delhi, the 25th September, 1968/Asvina 3, 1890 (Saka).

The following President's Act enacted on the 25th September, 1968, is published for general information:—

THE CALCUTTA *THIKA* TENANCY STAY OF PROCEEDINGS (TEMPORARY PROVISIONS) AMENDMENT ACT, 1968.

No. 25 of 1968

Enacted by the President in the Nineteenth Year of the Republic of India.

An Act to amend the Calcutta Thika *Tenancy Stay of Proceedings (Temporary Provisions) Act, 1968.*

In exercise of the powers conferred by section 3 of the West Bengal State Legislature (Delegation of Powers) Act, 1968, the President is pleased to enact as follows:— 6 of 1968.

1. This Act may be called the Calcutta *Thika* Tenancy Stay of Proceedings (Temporary Provisions) Amendment Act, 1968. Short title.

President's Act 3 of 1968. **2.** In sub-section (*3*) of section 1 of the Calcutta *Thika* Tenancy Stay of Proceedings (Temporary Provisions) Act, 1968, for the words, figures and letters "the 25th day of September, 1968", the words, figures and letters "the 25th day of March, 1969" shall be substituted. Amendment of section 1.

ZAKIR HUSAIN,
President.

Reasons for the enactment

The provisions of the Calcutta *Thika* Tenancy Act, 1949, are not considered adequate to protect the interests of *thika* tenants in Calcutta area. Proposals to make comprehensive amendments in the 1949 Act have been under consideration of the Government of West Bengal with a view to further restricting the eviction of *thika* tenants and conferring more rights on such tenants. Pending the finalisation of comprehensive proposals, the Government of West Bengal considered it necessary to undertake interim legislation to stay all proceedings for ejectment of *thika* tenants. The Calcutta *Thika* Tenancy Stay of Proceedings (Temporary Provisions) Ordinance, 1967 was accordingly promulgated by the Governor of West Bengal on 26th August, 1967. The provisions of the Ordinance which were to expire on the 9th January, 1968 were continued by promulgation of the Second Ordinance on 5th January, 1968. Consequent on the imposition of President's rule in the State of West Bengal, the provisions of the Ordinance have been re-enacted in the Calcutta *Thika* Tenancy Stay of Proceedings (Temporary Provisions) Act, 1968 (President's Act 3 of 1968), staying eviction proceedings upto and inclusive of 25th September, 1968.

2. As the comprehensive amendment of the Calcutta *Thika* Tenancy Act, 1949 has not so far been finalised, it is considered necessary to continue the interim protection and stay of eviction proceedings beyond 25th September, 1968 by extending the life of the President's Act 3 of 1968 for a further period of six months, i.e., upto and inclusive of 25th March, 1969.

3. The proposed measure seeks to provide for the six month extension.

4. The Committee constituted under the proviso to sub-section (*2*) of section 3 of the West Bengal State Legislature (Delegation of Powers) Act, 1968 (6 of 1968), has been consulted regarding the enactment of this measure as a President's Act.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Mallalloy, 30D Diamond Harbour Road, Pathakpara, Calcutta-34, and their workmen represented by Mallalloy Workers' Union, 455A Diamond Harbour Road, Calcutta-34. (Case No. 634/67.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri T. K. MUTSUDDI, Judge, Fifth Industrial Tribunal.

By Government of West Bengal, Labour Department, order No. 3924-I.R./IR/11L-54/66, dated 18th August 1967. this industrial dispute between Messrs. Mallalloy and their workmen was referrerd to this Tribunal under section 10 of the Industrial Disputes Act for adjudication on the following issue:

Issue:

Whether lay off of 22 workmen named below from 12th December 1966 and subsequent lockout of the factory from 19th December 1966 to 19th January 1967 were justified? What relief, if any, are the workmen entitled to?

(1) Shri Ram Swarup Singh, (2) Shri Rabi Das, (3) Shri Satish Ch. Mondal, (4) Shri Viswadeb Samanta, (5) Shri Dhiren Mondal, (6) Shri Bholanath Kotal, (7) Shri Gour Mohan Das, (8) Shri Sunil Kumar Haldar, (9) Shri Sanat Kumar Puria, (10) Shri Surendra Nath Das, (11) Shri Gobinda Das, (12) Shri Kantalal Mullick, (13) Shri Nilyananda Roy, (14) Shri Nirapada Das, (15) Shri Joydeb Naskar, (16) Shri Asim Kumar Paul, (17) Shri Viswapada Naskar, (18) Shri Sudhir Dey Sarkar, (19) Shri Radhanath Sarkar, (20) Shri Ananta Kumar Das, (21) Shri Bhala Prosad Kurmi and (22) Shri Mewalal Das.

On receipt of the reference notices were issued on the parties and they made appearance and filed their respective written statements. Thereafter 26th February 1968 was fixed for hearing of the case and on that date parties appeared and prayed for an adjournment on the ground that the parties were on talks for an amicable settlement of the dispute. Time was allowed till 13th June 1968. On that date also the parties prayed for time on the same ground and time was again allowed till 18th July 1968. Time was again prayed for on 18th July 1968 on ground of negotiations for an amicable settlement of the dispute. The Tribunal, however, conceded to the prayer of the parties and in order to give a chance to the parties for an amicable settlement of the dispute granted time till 27th July 1968 for the purpose. On 27th July 1968 none of the parties appeared and took any steps. The Tribunal suo motu extended time till 28th August 1968 for the hearing of the case, and on that too the parties failed to turn up and take any steps.

It seems that the parties are not interested with the case and they do not like to proceed with the same any further. It may be that they have come to an amicable settlement of the dispute and that is why they show reluctance in attending the proceedings before the Tribunal. So it will be of no use to keep the file uselessly burdened with this reference.

In the circumstances I pass a "no dispute" award in regard to the present reference, and dispose of the same accordingly.

AWARD

The Government of West Bengal, in its Labour Department by order No. 6171-I.R./IR/7L-8/67, dated 27th November 1967, has referred to this Tribunal an industrial dispute between Messrs. Alliance Jute Mills Ltd., post office Jagatdal, 24-Parganas, and their workmen represented by Barrackpore Mahakuma Chatkal Mazdoor Sangha, Dr. Nandalal Sur Path, post office Jagatdal, 24-Parganas, for adjudication in respect of the following issue:

Issue

> Whereas the superannuation of Sm. Matia with effect from 8th September 1966 is justified? What relief, if any, is she entitled to?

The case of the workman is that she was served with a notice in August 1966 terminating her services with effect from 8th September 1966 on the ground of superannuation. That the Union raised a dispute to the Assistant Labour Commissioner, Barrackpore, on 27th March 1967 stating that Matia was 43 years of age and the Company discharged her on the basis of the incorrect entries made in the Employment Book and the Union's stand was corroborated by E.S.I. record. Further Matia's brother swore an affidavit declaring that Matia was born on 1st November 1924. It is stated that the Employees' Insurance Identity Card was delivered by the employer to Sm. Matia in which the employer made the entry 1924 as the year of birth. It is further stated that there are a number of workmen employed in this Company who are far above the stipulated age of superannuation and the Company cannot exercise its discretion indiscriminately which amounts to unfair labour practice. It is also stated that the age of retirement is applicable to workman entering the service of the Company after the rules fixing the age of retirement came into force. It is not applicable to its prior employees (appointed before 6th August 1966) and there is nothing to show that Sm. Matia accepted the age of retirement as part of her condition of service. In the circumstances it is prayed that this Tribunal may be pleased to hold that (i) Matia has not reached the age of superannuation; (ii) the Company has discriminated in the matter of retirement; (iii) that the Standing Order of the IJMA is not applicable to Jute Mills; (iv) the termination of the service of Matia is illegal and void and that Matia should be reinstated with full back wages.

The case of the Company as narrated in the written statement is that the Company terminated the workman's service bona fide on her attaining the age of retirement in accordance with the Company's record and the entries made in the "Workmen's Service Record" on the basis of her statement wherein Sm. Matia herself gave her thumb impression admitting the correctness of the entries so recorded. Her brother's affidavit after the issue of the termination letter contains incorrect statement made in a mala fide manner. The Company's stand is that the date of birth as 1924 in the Insurance Identity Card was done either mala fide or in an incorrect manner by or on behalf of Sm. Matia. Sm. Matia never complained to the management at any time that her date of birth as recorded in the Company's book and in the Employment Book issued to her when the service record was prepared was incorrectly written. It is only after the termination of her service that she made all such incorrect and baseless allegations. As regards Insurance Identity Card it is stated that the Identity Card is to be filled up by and on behalf of the wowrkman concerned and the Company is not to verify the correctness of the entries so made but only to forward the same to the proper authority. As Sm. Matia reached the age of superannuation the Company rightly and in a bona fide manner terminated her service. In the circumstances, the said order cannot be set aside.

The issue in this case is very simple. Admittedly the age of superannuation in case of female workers is 55. The point to decide is whether Matia on the date when her service was terminated reached the above age of superannuation. Sm. Matia has been examined as P.W. 1. She wants to say when she joined work she was 17/18 years of age. She proves an affidavit which was sworn by her brother. She also proves the Identity Card issued by E.S.I. In cross-examination she admits that she received the Employment Book. Ext. B, from the Company. She also identifies her photograph on the Service Card and her thumb impression on the photograph Ext. C. (1) She state that Dutta Babu asked her to put her L.T.I. and she put her L.T.I. She was not asked anything about her age. Shri S. C. Dutta, a clerk in the Labour Office of the Mill, has been examined as O.P.W. 1. He proves the entries in the Service Card which are in his hand. The entries are Ext. C(2). It is his evidence that he recorded the entries in the Service Card in presence of the Labour Officer on the statement made by Sm. Matia. He proves the signature of the Labour Officer which is Ext. C(3). The Labour Officer has since left the Mill. O.P.W.1 states that on being asked Sm. Matia stated her age and on her statement the witness has recorded the date of birth as 1908 (38 years). The witness made entries in 1947. The Service Card was prepared in 1947, as before 1947 there was no system of preparing Service Card. The entries of the Service Card were read over to Sm. Matia which she understood to be correct and then put her L.T.I. That on the basis of the Service Card the employee's card, Ext. B, was issued to Matia. Ext. B also records the year of birth as 1908. O.P.W. 1 states that E.S.I. was not applicable to the Mill before 1964. O.P.W. 2 is P. K. Mukherjee who proves the Standing Order of the Mill. It is his evidence that at page 92, paragraph 11 of the Wage Board decision, Ext. E, it has been stated that the age of retirement of Mill workers should be 58 and of women workers should be 55 years. He also proves the First Jute award, Ext. F. At page 290 of the said award the age of superannuation has been mentioned. Ext. C(2) is the entries of Matia's service records. Ext. C(2) clearly shows that the year of birth is 1908. Ext. B which was prepared on the basis of Ext. C(2) also shows the year of birth as 1908. O. P. W. 1 has stated that the entries, Ext. C(2), were made by him on the statement of Sm. Matia in presence of the Labour Officer. Sm. Matia simply states that she was not asked anything about her age but Sm. Matia admits that Dutta Babu asked her to put her L. T. I. I find nothing to disbelieve O. P. W. 1 when he states that the entries Ext. C(2) were made on the statement of Sm. Maita. There is absolutely no reason why O. P. W. 1 will make a false entry with regard to the year of birth. It is true that Ext. 2, the State Insurance Identity Card, records the year of birth as 1924. There is nothing to show that this entry was made by the employer though this card was delivered by the employer to the workman. The affidavit, Ext. 1, sworn by Matia's brother is of no importance as the affidavit was sworn after the notice of termination of service was served upon Matia. I therefore find that the Company acted bona fide relying on the records maintained by the Company regarding the year of birth of Sm. Matia. The Company served a notice of termination on Sm. Matia attaining the age of superannuation. There is, therefore, nothing illegality or irregularity in the order passed by the Company. I do not agree with the age of superannuation which is applicable only to the workers who have joined after 1964, and does not apply to the workers who are working in the Mill before 1964. The age of superannuation is 55 in case of female worker and that is applicable to all the workers working in the Company before 1964 and after 1964.

Considering all the facts and circumstances of the case I find that Sm. Matia's service has been rightly terminated. Sm. Matia is therefore entitled to no relief.

AWARD

The Government of West Bengal, in its Labour Department, by order No. 268-I.R./IR/7L-2/67, dated 24th January 1967, has referred to this Tribunal an industrial dispute between Messrs. The Titaghar Jute Factory, No. 2 Mill, post office Titaghar, 24-Parganas [Managing Agent—Thomas Duff and Co. (India) Private Ltd., Nos. 2 and 3, Clive Row, Calcutta-1], and their workmen represented by Titaghar Jute Factory (No. 1 and 2) Workers' Union, A. P. Debi Road, Titaghar, 24-Parganas, for adjudication in respect of the following issue:

Issue:

Is the dismissal of Sarbasri Asarfi, Gour, Babaji and Maya justified? What relief, if any, are they entitled to?

This is a reference under section 10 of the Industrial Disputes Act.

The case of the Union as revealed in the written statement is that the Company has very little regard for principle of natural justice or fair play and is only bent upon to exploit the workmen in all possible ways and to abuse their power. That a reign of terror among the workmen was created by the Company by issuing indiscriminate warning and charge-sheets without any reason whatsoever and by way of victimisation. That the concerned workmen were not in the good book of the Company. The Company in order to create a condition to victimise four workmen issued warning letters without any scope of defence and on the basis of baseless and misconceived ground. It is wrong on the part of the Company to say that the four workmen suddenly struck work and incited other operators to strike work and that the entire work was suspended and/or stopped for about 10 minutes. It is submitted that on 28th August 1965 the Company was guilty of irregular supply of materials and created a plea for less production and for issuing warning letters. The allegations brought in the charge-sheets against the workmen are vague, motivated, baseless and misconceived. It is denied that any fair enquiry was held as alleged or that all opportunities were given to the workmen to defend themselves. It is stated that the workmen duly reported on 31st August 1965 for the purpose of enquiry before the Labour Office as per enquiry notice but no enquiry was held on that day and they were asked to come on the next day. On the next day also the workmen met the same fate. The Company dismissed the workmen arbitrarily and vindictively. In the circumstances, it is prayed that this Tribunal be pleased to hold that the dismissal of the four workmen was unjust and to grant them the relief of reinstatement with all back wages for the period of unemployment.

The case of the Company as narrated in the written statement is that on 28th August 1965 warning notices were issued upon the said four workmen for having committed offence namely neglect of work and less efficiency resulting in slow production. On receipt of the warning letters all the four workmen suddenly struk work at about 10-30 a.m. and incited other operators to strike work and as a result the entire work of third Drawing Section was suspended and/or stopped for about 10 minutes. The management of the Company issued charge-sheets against the four workmen. The charge-sheets were duly accepted by the workmen concerned and explanations were submitted. The management being not satisfied with the explanation decided to hold an enquiry in the matter and issued enquiry notice on 30th August 1965. The notice was accepted by the workmen. The enquiry was held on 31st August 1965, 4th September 1965 and 5th September 1965 in presence of all the charge-sheeted workmen and members of Works Committee. The workmen were given opportunities to defend themselves and to cross-examine and examine witnesses in their defence. The Enquiry Officer found all those four workmen guilty of the charges levelled against them and submitted a report on 10th September 1965 and the said report was placed before the management and the management after considering all the relevant papers including enquiry proceedings and findings of the Enquiry Officer dismissed the workmen by letters, dated 26th November 1965. It is submitted that the dismissal of the workmen is bonafide, just, fair and in consonance with the principles of natural justice. It is submitted that this Tribunal be pleased to make an award in favour of the Company declaring that the dismissal of the concerned workmen is justified and they are not entitled to any relief.

Both the parties have adduced evidence and proved documents. Exhibit A series are the charges, while Ext. B series are the explanations to the charges. Similar charges were issued to all the four workmen. It was stated that on 28th August 1965 at about 10-30 a.m. the workmen in conjunction with three other Third Drawing Operators suddenly struck work and incited other Third Drawing section operators to strike work as a result of which the entire Third Drawing Section was stopped for about 10 minutes. Thus it is seen that according to the Company the work was not stopped beyond 10 minutes. In the explanation Ext. B series it has been stated that when the warning notices were issued the workmen were aggrieved and decided to meet the Labour Officer for the redress of their grievances and informed the Sardar that they were going to the Labour Officer. They did not go to the Labour Officer and returned from the half way because they saw that about a dozen of workers were also coming behind them. As they had no connection with the issue, the concerned workmen did not like to accompany them. Hence they came back to their machines and resumed work within four minutes' time. Asarfi Shaw, one of the workmen has been examined before me as P.W. 1. It is his evidence that after receiving warning notice they four attempted to go to the Labour Office after informing the Sardar—Kedar Singh. When they were proceeding they found that other workers were following them and so they came back and resumed work. On that day they did not strike. They had no intention to strike work. On this point P.W. 1 has not been cross-examined. The statement of P.W. 1 referred to above is exactly in the same line as his explanation given to the charge-sheet. O.P.W. 1 K. K. Mukherjee, the only witness examined on behalf of the Company is the officer who held the enquiry. He cannot have any personal knowledge regarding the actual incident. Kedar Sirdar was examined as witness No. 1 at the enquiry. It is his evidence that as soon as the workers received the written warning they stopped their frames and rushed to others and persuaded them also to stop their frames. He came running there and told them not to stop the machines. They did not listen to him, and said that they would all stop the frames. Then he ran to his Saheb and informed him about this. Then both Saheb and he rushed to the department and persuaded the Third Drawing operators to start work. He states that the exact time as to how long it was stopped cannot be said but approximately it was stopped for about 5/6 minutes to 10 minutes. In cross-examination he was asked whether he saw the worker going towards the office and as and when they were passing through the frames of other Third Drawing operators they also stopped their frames. The witness answered "Yes, I saw that." This means that the workers after receipt of the warning notices stopped their work because they were proceeding to the Labour Office to ventilate their grievances and/or resentment. This is exactly what was stated in the explanation Ext. B series and this is also being the evidence of P.W. 1, it is most unfortunate to note that in Ext. E the findings, the Enquiry Officer states "In their explanation to the charge-sheets they all stated that on receipt of the warnings they told the Sardar (Kedar Singh) that they were going to Labour Office to lodge protest. But Kedar Singh in his statement and during cross-examination by the charge-sheeted workers denied this." As has already been indicated Kedar Singh admitted at the enquiry that he saw that as soon as the workers received warning notices they proceeded towards the Labour Office. At the enquiry Maya put the following question to Kedar Singh.

> Q: When I was coming to Labour Office through my Department I found other Third Drawing operators also following me after stopping their frames. Is it not correct?
>
> Ans: Yes, it is a fact, all Third Drawing operators also stopped work.

This being so, it is not correct to say that as soon as the four concerned workmen received warning notices they rushed to other workers and incited them to stop work and then they stopped work. In cross-examination by Asarfi, Kedar Singh admits that when Saheb and he reached at the spot Saheb persuaded them to restart. Sirdar Munshi, witness No. 2, states at the enquiry that he saw all the Third Drawing operators stopped work suddenly and were standing near the motor platform. He then saw the Departmental Overseer coming to the place. On seeing the Saheb they started within a few minutes. According to this witness at about 10-30 a.m. suddenly the operators stopped work and they again restarted within a few minutes when the Overseer came to the place. Assuming that there was stoppage of work it is absolutely clear that it was for a very short time, i.e., 3/4 minutes. The concerned workmen suddenly got warning notices, they wanted to lodge some protest and proceeded towards Labour Office. Other workers also stopped work and followed the concerned workmen. On seeing that they returned back and started work. According to the Company it is not a fact that they proceeded towards Labour Office but they went to the other workers, had some talks with them and persuaded them to stop work and then the Overseer persuaded them when they restarted work. Whatever version may be believed it is clear that there was stoppage of work only for a very short period and work was started very soon. As I have already stated it has been proved in this case that on receipt of the warning notices the concerned workmen proceeded towards Labour Office and that there was stoppage of work only for 3/4 minutes and work was again resumed. P.W. 3 stated at the enquiry that the workers stated that they wanted to to go to the Labour Office. He then tried to persuade them to start work. But he failed. Then he rushed to the Overseer. Overseer came to the spot and persuaded the operators to start work and they started work. The Overseer Mr. Mukherjee also stated that within 4/5 minutes of his reaching on the spot the work was restarted. Lachman said that after receiving the warning notices the concerned workmen went to the other operators and told them something when they also stopped work. He saw the Overseer coming to them and asking them to start immediately and the workers started immediately. This being the nature of evidence at the enquiry it was the duty of the Enquiry Officer to find that though there was stoppage of work it was for a very short time and there was absolutely no evidence before him for which he could have found that the workers incited the other workers to stop work. The alleged misconduct, if any, was of a very minor one and I feel that the charge-sheets in the manner they have been issued ought not to have been issued. In the charge-sheets it has been alleged that the workers suddenly stopped work. The workers admit that they struck work. The explanation is that they struck work because they suddenly got warning notices and wanted to meet the Labour Officer. The next part of the charge is that the workers incited other Third Drawing operators to strike work. As I have already stated there was no evidence at the enquiry and also there is no evidence before me to substantiate the charge that the concerned workmen rushed to the other workers and incited them to strike work. In a case reported in 1961-I, LLJ 499 (I.M.H. Press, Delhi and Additional Industrial Tribunal, Delhi, and others) their lordships observe "It has been held in (1960-I, L.L.J 13) that mere taking part in an illegal strike without anything further would not necessarily justify the dismissal of all the workmen taking part in the strike. Where the charge that the concerned workmen were guilty of fomenting the strike and inducing the other workmen to take part in the strike by threats was not proved, the concerned workmen could not be dismissed from service for having been found to have participated in an illegal strike in the absence of any such provision in the standing orders applicable to the workmen." The present case is stronger still. In the present case there was practically no strike far from any illegal strike and there is absolutely no evidence that the concerned workmen fomented the strike and induced the other workmen to take part in the strike by threats. The same view was taken in an earlier case reported in 1959 (1) L.L.J 450 (Burn and Co. Ltd. and Their workmen and others). In a case reported in 1964-I, L.L.J 613 [Dashpande (P.M.) and another and Ferro Alloys Corporation and others] it has been observed by their Lordships—"It is no doubt true that it is not every strike that is illegal. In fact, the workers have a fundamental right to launch a strike, and, any instigation or incitement to stage a strike would not therefore be illegal, unless the particular strike complained of itself is illegal under the Act. The person instigating would be guilty only when it is established that the strike which he incited the workers to take part in is to his knowledge illegal." In a case reported in 1964-(I), L.L.J 81 their Lordships observed "the charge against the workers in the instant case was not that they had absented themselves from work without just cause, but that their conduct amounted to a strike which was illegal under series 24. The charge cannot be sustained. Therefore, the punishment imposed on the ground that the workers were parties to an illegal strike was rightly not sanctioned by the tribunal." In the present case there was no illegal strike and there was no persuasion to all the other workers by the concerned workmen to stop work. In the case of Hind Construction and Engineering Company Ltd. and Their workmen reported in 1965-(I), L.L.J 462 their Lordships of the Supreme Court found "In the instant case the employer used to give a holiday on the next day in a case where any holiday fell on a Sunday. For a particular holiday which fell on a Sunday the employer refused to give holiday on the next day on account of pressure of work but promised to give another substituted holiday. The concerned workman remained absent on the next day following such Sunday. They were charge-sheeted and found guilty of going on a strike without any justification and hence they were dismissed from service. The industrial tribunal dealing with the dispute held that the concerned workman had gone on a strike which was not illegal." In that view of the finding the industrial tribunal set aside the dismissal and directed their reinstatement. The validity of the said award was challenged in the instant appeal. Dismissing the appeal their Lordships held "This is one of those cases in which it could plainly be said that the punishment imposed was one which no reasonable employer would have imposed in like circumstances unless it served some other purpose. From the record it did not appear that there was anything very special requiring attendance on the day in question (when the concerned workmen remained absent). Even assuming there was, the absence of the concerned workman was not something for which no lesser punishment could have been imposed. The absence could have been treated as leave without pay, the workmen might have been warned and fined. It is impossible to think that any other reasonable employer would have imposed the extreme punishment of dismissal on its entire permanent staff in such manner. Though it is true that the industrial tribunal should not interfere with the kind or severity of punishment except in very extraordinary circumstances, interference was justified in the instant case because the punishment was not only too severe and out of proportion to the fault, but one which no reasonable employer would have imposed."

Considering the facts and circumstances of the case and relying on the observations of their Lordships referred to above I have no hesitation to hold that the charge-sheets issued against the workmen were misconceived, that the finding of the Enquiry Officer is perverse and the order of dismissal passed on the concerned workmen is illegal and mala fide. The order of dismissal, therefore, cannot stand. All the four concerned workmen should be reinstated immediately with full back wages.

This is my award.

AWARD

The Government of West Bengal, in its Labour Department by order No. 839-IR/IR/8L-6/66, dated 26th February 1966 has referred to this Tribunal an industrial dispute between Messrs. Purbachal Weaving Co-operative Society Ltd., P. O. Sukchar, district 24-Parganas, and their workmen represented by Panihati Municipal Powerloom Workers' Union, Mahesh Banerjee Road, P. O. Panihati, 24-Parganas, for adjudication in respect of the following issues :

Issues

1. Whether protracted suspension of Shri Ballav Rao with effect from 24th February 1965 is justified ? To what relief, if any, is he entitled ?

2. Whether refusal of employment to Sarvashri Sukdeo Behara, Appa Rao and Alleya by the management is justified ? To what relief, if any, are they entitled ?

This is an application under section 10 of the Industrial Disputes Act. The reference was made as early as 26th February 1966. The date of hearing was first fixed on 21st June 1967, i. e., more than a year ago. Several adjournments were taken by the parties. It is seen from the order-sheet that the Company took more adjournments than the Union. On 13th August 1968 the Secretary of the Union appeared before me and stated that he would try to settle the matter out of court and in case he fails he would certainly proceed with the case on 26th August 1968. Today I waited up to 12. At 12 an application was filed by somebody on behaldf of the Society. The petition was not moved by anyone; as such the same was rejected and I took up the case for exparte hearing. When P. W. 1 was being examined on behalf of the Union one Advocate appeared before me and submitted that an application has been filed on behalf of the Society for an adjournment. I stated that the application had already been rejected. I asked the Advocate whether he would cross-examine P.W. 1 when he stated that he was not engaged in the case and as such he was not in a position to cross-examine P. W. 1.

The case of the Union as stated in the written statement is as follows:

With regard to issue No. 1 it is stated that on 24th February 1965 a charge-sheet was served upon Shri Rao containing certain false and baseless allegations. He was suspended by the Society with immediate effect. He submitted a reply to the charge-sheet and requested the authority to hold an enquiry. Again Shri Rao sent a remindeer but no enquiry was held nor the worker was allowed to resume his duties.

As regards issue No. 2 it is stated that Shri Sukdeo Behara, submitted an application praying leave for one month from 27th January 1965 on account of some urgent matter at his native village. He was granted leave for one month commencing from 27th January 1965. On expiration of the said leave he came to the Company to resume his duties but he was not allowed to join. On 1st March 1965 he sent an application to the Secretary of the Society but no reply was given.

The case of Shri Appa Rao is that he was attacked with Pox from 24th February 1965, as such he could not attend his duties. He submitted an application to the management to that effect . His prayer for leave for one month was granted. On 25th March 1965 he went to resume his duties along with a fit certificate from the doctor. But he was not allowed to join his duties. Thereafter Shri Rao sent a letter to the Secretary of the Society but no reply was given to that.

The case of Alleya is that he went on authorised leave with effect from 19th June 1965. He was to join his duty on 9th July 1965. He went to resume his duties on 9th July 1965 but he was not allowed to resume his duties. He sent an application to the management but he was not allowed to join his duty nor any reply was received by him. That a representation was submitted by the Union to the Assistant Labour Commissioner on 16th August 1965. Conciliation proceedings were held but the same failed due to the adamant and uncompromising attitude of the management . In the circumstances it is prayed that the concerned worker should get employment and back wages. P. W. 1 Ajit Sarkar, Secretary of Panihati Municipality Powerloom Workers' Union, proves the copy of the representation regarding the concerned workers which was sent to the Assistant Labour Commissioner. It is his evidence that there were conciliation proceedings but no one appeared on behalf of the Company at the said proceedings. P. W. 5 is Ballav Rao. It is his evidence that he gave a reply to the charge-sheet. He proves the charge-sheet and the reply. He wants to say that no enquiry was held regarding the allegations in the charge-sheet. He wrote a letter to the Society for holding an enquiry. He did not get any reply. He then told everything to the Union. He was suspended. He wants employment with back wages. Shri Sukdeo Behara is P. W.2. He proves his application for leave which Ext. 2. It is his evidence that he prayed for leave for one month from 28th January 1965. He went to resume work on 27th February 1965. He was not allowed to work. He wants to say that Mallick Babu, the Secretary, told him that his leave was granted. When he was refused employment filed an application to the Secretary. During his leave he did not receive any letter from the Society that he was absenting from work. He did not get any reply to his letter, Ext. 3. P.W.3 Alleya deposes that he was granted annual leave for 44 days. He proves the leave pass which is Ext. 4. The leave pass shows that he was actually granted leave for 44 days. It is his evidence that on 9th August 1965 on the expiration of his leave he went to the Society to join his work but he was not allowed to work. That when the Society refused to give him employment he wrote a letter to the Secretary. He did not get any reply to his letter. P.W. 4 Appa Rao deposes that he was attacked with pox. He submitted a medical certificate to the Company. After recovery he wrote a letter to the Company. He proves the copy of the letter which is Ext. 6. He did not get any reply to the letter. It is thus seen that all the workers have come forward to make statements regarding their respective cases, I find that they have succeeded in proving that they have been illegally refused employment. I find no justification for the refusal of employment to the workers. In the circumstances, I find that issue No. 1 should be decided in favour of Ballav Rao. I further find that the protracted suspension of Ballav Rao from 24th February 1965 is not justified. He should be deemed to be in service from 24th February 1965. Issue No. 2 is also decided in favour of the workers. I find that the refusal of employment to Sukdeo Behara, Appa Rao and Alleya is not justified. They should get employment immediately.

As regards back wages I feel that the Society is a small concern and it will be a great hardship for the Society to pay all the back wages to the workmen. Nevertheless, the workers should get some compentation. I think that ends of justice would be met if each of the worker gets Rs. 400 as compensation. Both the issues are thus disposed of.

This is my award.

By order No. 3478-I.R./IR/10L-118(B)/64, dated, Calcutta, the 14th August 1965, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. The Barakar Electric Supply Co., and their workmen represented by the Barakar Electric Supply Co. Employees' Union to this Tribunal for adjudication on the following :

Issue

Bonus for 1963-64.

After receipt of usual notices the parties entered appearance. The Company filed written statement on 21st January 1966. The Union however filed its written statement on 26th November 1965. Thereafter certain inevitable adjournments followed at the instance of the parties. Finally on the date of hearing fixed on 24th August 1968 the parties filed a joint petition of compromise and prayed for passing an award in terms of the settlement recorded in the said joint petition.

I have carefully gone through the terms recorded therein. The terms appear to be legal, fair and reasonable and are accordingly accepted. The joint petition of compromise with the terms recorded therein is signed for the Union by its Vice-President and for the Company by its Secretary. In the circumstances the Tribunal passes an award in terms of the settlement recorded in the joint petition of compromise and the same is made a part of the award.

By the Government of West Bengal, Labour Department, order No. 2348-I.R./IR//9L-50/66, dated the 3rd June 1967, this industrial dispute between Messrs. Lipton India Ltd. and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication on the issue mentioned below.

Issue

Whether dismissal of Jonab Abdul Aziz Khan was justified ? To what relief, if any, is he entitled ?

On receipt of the reference notices were served on the parties and they made appearance and filed their respective written statement. On 30th July 1968 the Union examined P. W. 1. Documents filed by the Company were marked exhibits. 30th August 1968 was fixed for further hearing. Before that date, on 8th August 1968, both parties filed a joint petition stating that they had amicably settled the dispute under reference and prayed for an award in terms of the settlement embodied in the said joint petition. As per direction of the Tribunal the Company made full payment to the workmen as contemplated in the terms of settlement arrived at between the parties on 14th August 1968, and the workman Abdul Aziz Khan granted receipt signed by him in acknowledgment of the same.

I have perused the terms of settlement which appears to be fair, reasonable and lawful, and I accept the same.

I, therefore, pass this "no dispute" award on compromise and dispose of the reference accordingly. The two receipts granted by Abdul Aziz Khan (T. No. E/6), the concerned workman be annexed to this award as part thereof, marked Annexures I and II.

AWARD

The Government of West Bengal, in its Labour Department, by G.O. No. 1388-I.R./IR/4L-7/66, dated the 6th March 1968, referred under section 10 of the Industrial Disputes Act, 1947, an industrial dispute between Shri Lalit Mohan, Bus Owner, 1 Chakraberia Road (South), Calcutta-25, and his workman, Shri Sumat Singh, MLA Garage, 75/2 Haldarpara Road, Budge Budge, district 24-Parganas, to this Tribunal for adjudication on the following issue :

Issue

Whether the refusal of employment to Shri Sumat Singh is justified ? What relief, if any, is he entitled to ?

A preliminary objection has been taken on behalf of the Company, which has put in an application in that behalf. It has been alleged that the present reference has been made under section 10 read with section 2A of the Industrial Disputes Act. The date of the alleged termination of service of the worker concerned, to wit, Sumat Singh, is 26th November 1965. At that time the amending section 2A of the Act did not come into operation and hence the Tribunal should hold that the reference is invalid.

A contrary submission has been made on behalf of the worker. The learned lawyer appearing on his behalf has referred to two cases. The first case is Johiruddin versus K. D. Rathi, reported in F.L.R. 1966 (12, S.C.) 196. Now this case is completely beside the point. He has also referred to the recent decision of S. N. Kaul versus Mgmt. of N. P. Council in F.L.R. (16) 330. It has been contended that the latter decision of the Delhi High Court clearly indicates that even if the discharge or dismissal or retrenchment or termination of service takes place prior to 1st December 1965, on which date the amending section 2A of the Act came into operation, and such disdispute continued to exist when the reference was made to the Industrial Tribunal, such reference would be maintainable. It will appear from the page 332 of that report that for the validity of such reference, the crucial date is the date on which the reference has been made. It has been contended that the present reference was made to the Tribunal on 3rd March 1967, that is, long after the amending section 2A of the Act came into operation.

. Law is well settled that a statute cannot have any retrospective operation, unless its languages has plainly stated so and amending acts are ordinarily prospective. vide the well known case of Kahadeo versus Administrator General, West Bengal, reported in A.I.R. 1960 Supreme Court 936. And this is not at all a procedural matter. In this case, the date of alleged termination of the workman concerned is 26th November 1965 and that position has been admitted by both the sides. The record shows that the reference was first made to the Tribunal on 3rd March 1967. So the question for determination is whether the crucial date will be the date of reference or the date of the alleged termination of the worker's service. If the contention put forward on behalf of the workman concerned is accepted, then this Tribunal will have to hold that the amending section 2A of the Industrial Disputes Act has retrospective effect. But that has to be nowhere found in the amending section 2A of the Act. In other words, it cannot be gathered from the statute that such amending section 2A of the Act has any retrospective effect. Hence the contention put forward on behalf of the Union is not accepted and this Tribunal finds that the crucial date is the date of dismissal and not of the reference.

The amending section 2A of the Act reads as follows :

> 2A. Where any employer discharges, dismisses, retrenches or otherwise terminates the services of an individual workman, any dispute or difference between that workman and his employer connected with, or arising out of such discharge, dismissal, retrenchment or termination shall be deemed to be an industrial dispute notwithstanding that no other workman nor any union of workman is a party to the dispute.

In the instant case, it is clear from the order of reference that the cause of the workman concerned was not taken up by any other workman or by any union of workmen. Consequently, this Tribunal must find that the dispute in question was initiated by Sumat Singh alone. Even at present, his cause has not been taken by any other workman or by any union of workmen, nor are they parties to the dispute. Consequently it is held that the amending section 2A of the Industrial Disputes Act has no retrospective operation and that necessarily the present reference is invalid in law and not maintainable.

Hence the reference is disposed of accordingly.

Issue

Whether the termination of service of Shri Aswini Kumar Singh by way of refusal of employment to him with effect from 1st April 1967 is justified ? What relief, if any, is he entitled to ?

Previously the worker appeared and asked for time. Then he failed to take any steps. So, as a matter of precaution, registered notice was sent to him and he accepted the same. But still he has not appeared. In the circumstances, it is clear that the parties have amicably settled their disputes and hence they are not interested in this reference. The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. R. Sen & Co., 10/1 Elgin Road, Calcutta-20, and their workman Shri Amar Nath Chatterjee, village Kendua, P.O. Garia, district 24-Parganas, to this Court by its order No. 5048-I.R./IR/11L-269/67, dated 25th September 1967, under section 10 read with section 2A, Industrial Disputes Act, on the following issue :

Issue

Whether the termination of services of Shri Amar Nath Chatterjee is justified ? To what relief, if any, is he entitled ?

Usual notices were served upon the parties directing them to appear on 11th December 1967 and the petitioner-workman to file his written statement by that date. The petitioner-workman appeared on that date and filed his written statement. By my order No 2, dated 11th December 1967, the Opposite Party-Company was directed to file its written statement by 26th December 1967. The Opposite Party-Company filed an authority on 26th December 1967 authorising Shri Architananda Mukherjee, an employee, to represent its case. The Opposite Party-Company took time for filing written statement on several occasions and ultimately filed its written statement on 9th February 1968. The case was fixed for hearing on this date by my order No. 9, dated 12th/14th June 1968.

The parties have filed a joint petition of compromise under the signatures of the petitioner-workman himself and Shri P. Chakraborty, Joint Secretary, for the Opposite Party-Company, intimating the terms of settlement between the parties and also praying for passing an award accordingly. As per terms of the settlement Rs. 400 has been paid to the petitioner-workman in full and final settlement of all his dues from the Opposite Party-Company in the shape of retrenchment compensation. A copy of the debit voucher showing such payment of Rs. 400 has also been annexed with the compromise petition.

On a perusal of the joint petition of compromise, I find the terms of compromise to be lawful, reasonable and fair. Under the circumstances, I am inclined to pass a "no-dispute" award in terms of the joint petition of compromise. A 'no-dispute' award be passed accordingly in terms of the joint petition of compromise, which be made a part of this award.

Thi is my award.

The petitioner-workman did not file any written statement even on that date and by my order No. 4, dated 2nd July 1968, the record was put up on 22nd July 1968 for filing written statement or for orders. The petitioner-workman did not appear again on 22nd July 1968 and by my order No. 5, dated 22nd July 1968, the record has been put up on 30th August 1968 for orders.

It appears from the record that the petitioner-workman is not interested in pursuing the present dispute though the notice has been received on his behalf on 29th April 1968 as it appears from the acknowledgment receipt kept with the record. Under the circumstances, I am inclined to pass a "no-dispute" award. A "no-dispute" award be passed accordingly.

This is my award.

AWARD

The Government of West Bengal, in its Labour Department, by order No. 3489-I.R./IR/8L-31/67, dated 25th July 1967, has referred to this Tribunal an industrial dispute between Messrs. Serampore Bayan Silpa Samabay Samity Ltd., 115 Patnapara Lane, Serampore, Hooghly, and their workmen represented by the Serampore Bayan Silpa Samabay Samity Workers' Union, 18 Dharamtala Lane, P.O. Serampore, Hooghly, for adjudication in respect of the following issue:

Issue

Wages for the period of strike from 12th March 1967 to 16th March 1967 and from 20th March 1967 to 21st March 1967 and for the period of lockout from 22nd March 1967 to 1st April 1967.

This is an application under section 10 of the Industrial Disputes Act.

The case of the Union is that the workmen had several pending disputes with the Company. That the Company illegally suspended and refused work to one Shri Bhola Nath Kundu. All other workmen protested and demanded the withdrawal of suspension order which engaged the Company and the Company refused entrance and employment to workmen for the period from 12th March 1967 to 16th March 1967. There was no strike by the workmen. The Company again refused employment and entrance to the workmen from 20th March 1967, and ultimately declared lockout from 22nd March 1967. The dispute was however settled on 1st April 1967, through the intervention of the Assistant Registrar of Co-operative Societies. It was also decided that the dispute regarding payment of wages for the alleged period of strike/lockout shall be referred to the Labour Directorate for adjudication. As no settlement could be arrived at before the Labour Commissioner the present reference has been made.

The case of the Samity is that the workmen suddenly struck work without giving any notice or stating any reasons from 12th March 1967 to 16th March 1967. The Society issued a notice on 13th March 1967, requesting the workers to resume work and declared the strike illegal. The workmen resumed work on and from 17th March 1967. Shri Bholanath Kundu was suspended on a serious charge of rowdism and bodily assault on the Factory Manager. The Society never refused entrance to the workmen on 20th March 1967. The workmen struck work from 'C' shift of 20th March 1967, without any notice or reason. The Society requested the workmen by a notice, dated 22nd March 1967, to resume work within 48 hours. The Society also declared the strike illegal. The Society waited for the resumption of work up to 26th March 1967, but the workmen did not resume work. The Society was therefore forced to declare a lockout on and from 27th March 1967. That the workmen resumed work from 2nd Apri 1967, after the signing of a Memorandum of Settlement by the Society and the Union on Ist April 1967. It is submitted that the workmen illegally struck work and participated in illegal and unjustified strike and cannot claim any relief for the period of unjustified and illegal strike and for the period of lockout in consequence of the said unjustified and illegal strike.

It is to be decided in this case whether there was strike on the part of the workmen and whether the said strike was illegal. Again it is to be decided whether it was necessary for the Society to declare a lockout in consequence of the illegal strike. In the written statement the Union most emphatically states that there was no strike on any occasion on the part of the workmen. P. W. 1, who is Assistant Secretary of the Union deposes in examination-in-chief that the workmen struck work from 20th March 1967. In cross-examination he states that the strike continued from 20th March 1967 to 26th March 1967, and the Company declared lockout on 27th March 1967. In the order of reference the period of lockout has been mentioned from 22nd March 1967. Admittedly, the date is wrong. According to both the parties the lockout was declared from 27th March 1967. From the evidence of P. W. 1 it is very clear that the strike continued up to 26th March 1967, and it is also the case of the Company. As regards the strike on the second occasion, it is admitted by the P. W. 1 that the workers struck work. The reason given is that Bholanath Kundu was suspended as he was not reinstated the workers struck work. There is absolutely nothing to show that the workers lodged a protest with the management regarding the suspension of Bholanath Kundu and as Bholanath Kundu was not reinstated the workers struck work. It is the case of the management that the workers without any rhyme or reason struck work from 12th March 1967. P. W. 1 states that they did not struck work from 12th March 1967 to 16th March 1967. On 12th March 1967 at 10-30 p.m. the management suspended Bholanath Kundu. The workers became agitated and wanted to know the reason from the management. The management stated that they would not state any reason to the workers. They went to the office to make representation and came back to work when they found that the factory was under lock and key. This statement is not corroborated by any other witness. It is absurd to think that when the workers went to the management to make representation the management would decide to close the factory. I, therefore, find that the workers struck work on the night of 12th March 1967, and there was absolutely no reason for striking work. The strike was therefore illegal. As regards strike for the period from 20th March 1967 to 26th March 1967, it is admitted by P. W. 1 that they struck work. The reason given is that as Bholanath Kundu was not taken by the Company they struck work. There is nothing to show that the Company was under any obligation to take Bholanath Kundu before 20th March 1967. Ext. D is the settlement which was arrived at before the Assistant Registrar of Co-operative. Ext. D shows that it was arranged that Bholanath Kundu would submit a written apology to the Manager of the Powerlooms and if Bholanath Kundu did not submit written apology he would not be given work. Ext. D is dated 1st April 1967. So before 1st April 1967, there was no question of taking Bholanath Kundu, back. That being so, the strike for the period from 20th March 1967 to 26th March 1967 was also illegal. P. W. 1 admits that notices were issued by the Company regarding the illegal strike and the desire of the Company to declare lockout if necessary. Ext. A is the notice, dated 13th March 1967, which declares the strike from 12th March 1967 illegal. Ext. B is dated 22nd March 1967, which declares the strike from 20th March 1967, illegal. By Ext. C which is dated 27th March 1967, Company declares lockout from that date. As the workers struck work illegally the lockout declared by the Company in consequence of the illegal strike was quite proper and valid. In the circumstances, the workers are entitled to no relief.

This is my award.

PUBLIC SERVICE COMMISSION, WEST BENGAL

General information relating to age concession, fixation of initial pay, etc., in respect of posts advertised by the Commission and instructions to candidates applying in response thereto.

General concession in age

(1) (a) **For political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe cadidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

(c) **For Displaced Persons:** The upper age limit is relaxable up to 45 years for displaced persons who have migrated to India from East Pakistan on or after January 1, 1964. The concession in age shall remain in force up to December 31, 1967.

The bona fide of the displaced persons will have to be certified by the Camp Commandant of the Transit Centre of the Dandakaranya Project or the Camp Commandant of the Relief Camp in various States or the District Magistrate of the area where the candidate may for the time being be resident.

Fixation of Pay

(2) (a) **For persons already in permanent Government service:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, the initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part I, as the case may be. If, however, such a recruit is prepared to resign his appointment under Government, before applying, he will be eligible to the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the Officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For outsiders:** Unless otherwise specified in a particular advertisement, higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

In no case will the fee paid with the application be refunded, except as provided below.

(6) Candidates should give their present address and should communicate at once any subsequent change of address.

Canvassing

(7) Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from persons interested in the candidates or otherwise known to them will be disregarded.

Forwarding of applications and submission of advance copies

(8) Applications from candidates who are in permanent or temporary employment under any Government, a Local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a Local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original application do not reach the Commission's office within a fortnight from the closing date.
